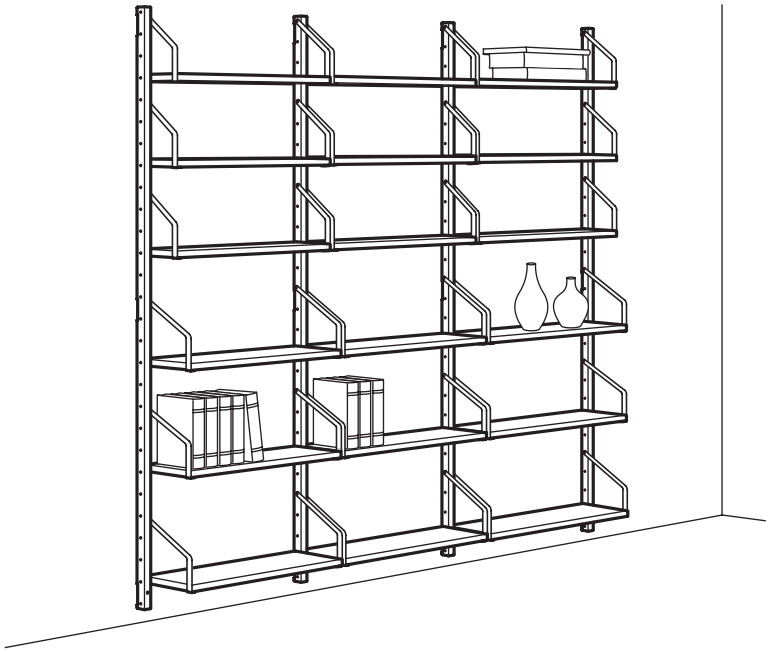
BUYING GUIDE

SVALNÄS

wall-mounted storage system

GOOD TO KNOW
Made of bamboo, which is an easy-care and hardwearing natural material.

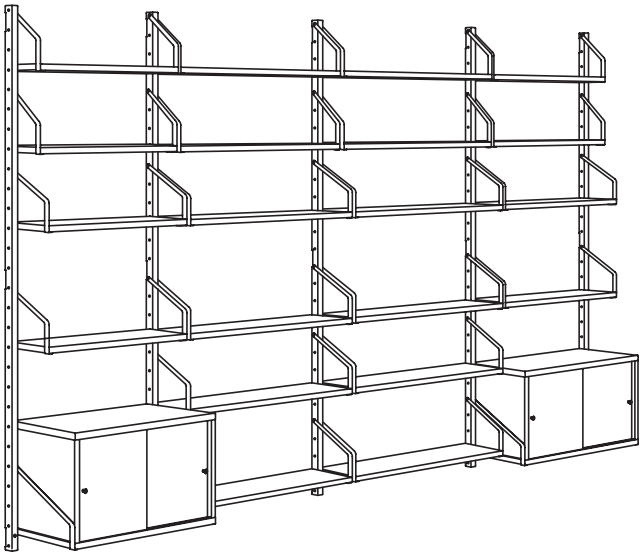
SAFETY
The included metal washers must be used when securing the post to the wall.
Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included).



Build your own storage
The idea with SVALNÄS wall-mounted storage system is that it can look like almost anything. It all depends on what you use it for. Clothing and shoes in the hallway. The TV in the living room. A workstation with a charging pad for smartphones, shelves for binders – and maybe a mix of hidden and open storage. No problem. Thanks to the smart platform solution, you can easily build your own combination. And as a bonus, SVALNÄS is made from durable and renewable bamboo!

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

HOW TO CHOOSE SVALNÄS



The SVALNÄS system is designed to be adaptable and flexible. You can select and arrange the SVALNÄS parts in a way that suits your particular space, lifestyle and taste. We have a wide range of pre-designed SVALNÄS combinations to choose from in the store and on IKEA.com. If you do not find a combination you like you can always customise one by yourself.
