SERVICES

You can do everything by yourself, but you don’t have to.
Our broad service offer gives you the freedom to design your own price tag by choosing not only the products that suits your budget but also deciding how much you want to do yourself and how much you want us to do for you. On this page you’ll find the different services that we can offer to help and support you. For more details about our services, talk to a co-worker at the IKEA stores or visit us at IKEA.co.th/services

KITCHEN PLANNING

We don’t want you losing sleep over planning your dream kitchen. Our kitchen planning specialists will help you. We specialise in making the best use of space so you get a kitchen that suits the way you live and in the style that suits you.

DELIVERY

Can’t take your furniture with you? We’ll bring it to your home. We don’t just stop at your front door - we take it to whatever room you want.

PICKING WITH DELIVERY

Tell us what you want to buy, and we can pick it and deliver it for you. How about that? We’ll pick the products you want and arrange delivery to your home. All you need to do is place the order. We will handle the rest.

ASSEMBLY

Sometimes it’s nice to have someone else put your furniture together. We’re happy to do it for you. Getting us to put it together can be a real time-saver. You can book the service for anything from a single piece of furniture to all your kitchen cabinets.

MEASURING

Details matter. That’s why we take the time to measure your space before the planning begins.

Measuring includes:
- Floor plan measurements, including length, width and height of the room
- The construction materials, angles and condition of walls
- Dimensions and positions of windows and doors
- Positioning of electricity outlets, water, plumbing and other fixtures
- Identification of other special conditions to consider for both installation and delivery
- Done directly in the IKEA Home Planner
- A standardised checklist to ensure complete fulfilment of the service

KITCHEN INSTALLATION

We’ll install your new kitchen for you and coordinate the job from start to finish. Before installation begins we do a final check that the order is right and the measurements correct. Professional kitchen installers will handle all those time-consuming jobs like fitting sinks, taps, and laminate and wooden worktops. Your kitchen will be installed to the highest industry standards.

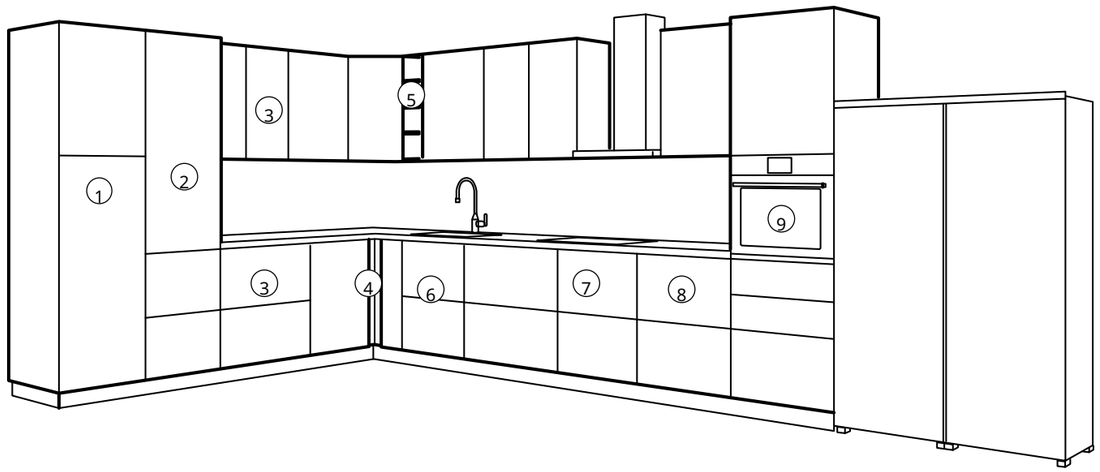
Kitchen installations includes:
- All cabinets assembled and installed
- Installation of laminate and wooden worktops, including cut-outs for the sink/hob
- Installation and connection of sink, tap, IKEA electric appliances and IKEA worktop lighting
- Installation of side panels, handles and interior fittings (shelves, baskets etc.)

FINANCE OPTIONS

You don’t have to pay it all at once.
Be kinder on your pocket and enjoy flexible payment at the IKEA stores today. Find out more at IKEA.co.th/IPP

GOOD TO KNOW

A well organised kitchen is a kitchen you'll love spending time in.
When planning what your kitchen cabinets should include, think of how you want to utilise them in the best possible way based on your personal needs.



1. The kitchen is a place where you normally do a lot of activities, and it can easily become a bit messy. By having your cleaning gadgets close by in a high cabinet, it'll be easier to keep your kitchen spick and span.

2. A deep high cabinet is ideal for storing everything from dry food, oil and vinegar to bulky kitchen machines.

3. Gather all the items you use for setting the table in one spot to make it smooth and easy. Spacious, fully extendable drawers in the base cabinets are great for cutlery, serving bowls and plates. Use the wall cabinets for lighter things like glasses, mugs and jars. If possible keep this area close to the dishwasher to simplify putting the clean dishes back in place.

4. Deep corner cabinets are perfect for storing bulky pots and other large cooking utensils.

5. Add VADHOLMA open cabinet to personalise your kitchen and create a nice break in a row of cabinets with doors. Fill it with cookbooks and other often-used items in the kitchen.

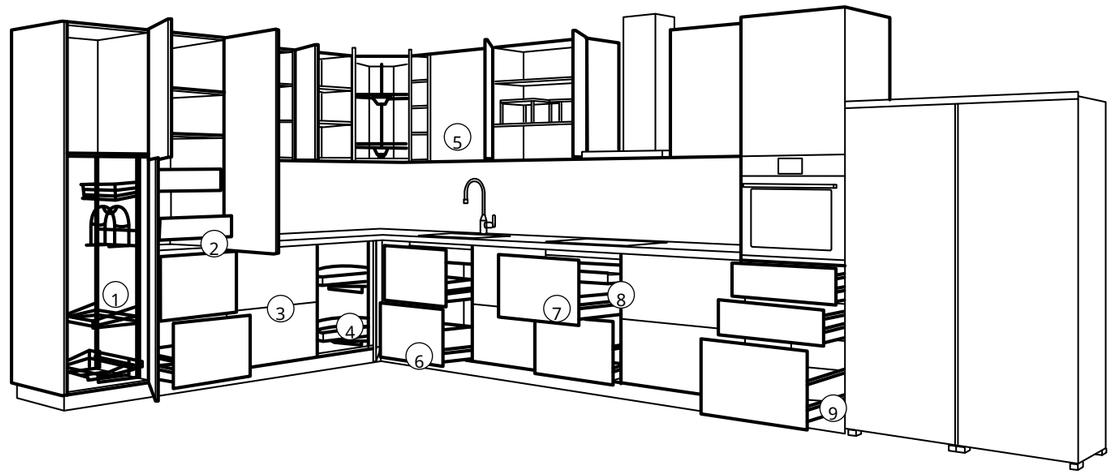
6. The sink cabinet is a good place for recycling bins as you do a lot of food preparations in and around it. If you can, place the sink next to the dishwasher as we have done here (if you can't see the dishwasher, it's because it's built in with the same front as the rest of the kitchen). That way you can rinse off dirty tableware before putting it in the dishwasher, as well as vegetables and other food that you're about to cook.

7. Use the top drawer underneath the hob for storing knives, whisks and other cooking utensils to have them within easy reach. High drawers underneath are ideal for other gadgets you normally use when cooking, for example frying pans, pots and strainers.

8. A base cabinet between the hob and the built-in oven adds storage for all the extra things that might come handy when cooking: spices, wraps, tinfoil, oven gloves, pot stands and other things you need when using these appliances.

9. By placing the oven in a high cabinet you get it at a perfect working height. And you get storage space for baking sheets, ovenware, serving bowls and whatever else you might use in the oven.

GOOD TO KNOW



1. UTRUSTA cleaning interior make it easy for you to see and reach what's inside. The organiser take care of everything from the iron to cleaning supplies. Plus, it'll stop your vacuum cleaner from attacking you whenever you open the door to your cleaning cabinet.

2. Fully extendable, soft closing MAXIMERA drawers behind the door enable you to see, reach and access everything. Even the things at the back you thought you didn't have.

3. Customise your storage in the drawers with the help of MAXIMERA adjustable dividers, and add organisers such as cutlery trays, plate holders and boxes from the series VARIERA to keep everything in perfect order and easy to find.

4. With a UTRUSTA corner cabinet pull-out fitting it's easy to see and reach even the things furthest away in the deep corner. You can also choose carousels for both wall and base cabinets – just swivel them around to swiftly reach everything inside.

5. Create extra shelves with VARIERA shelf inserts to get more space for glasses, bowls and jars.

6. Make recycling fast and easy with VARIERA/UTRUSTA frames, lids and bins that you can combine in different ways depending on your needs. You can place them in a pull-out waste sorting tray at the bottom of cabinets or in a shallower MAXIMERA sink drawer (shallower to give space for the water pipes underneath the sink).
A tip is to place an inner drawer above the recycling bins for keeping detergents, washing sponges and alike. We have shallower drawers that give space for the water trap underneath the sink, but still make use of space you normally don't use.

7. VARIERA knife and utensils trays keep everything in place. And pot lid organisers from the same series will get the lids in place, adding more space for the pots and pans.

8. To utilize the space in the cabinet as much as possible, you can have hidden inner drawers inside larger drawers and behind doors to store all the small things you have in the kitchen. In this example we've put VARIERA inserts for spice jars in the inner drawer to make it easy to season the food both on the hob and in the oven.

9. MAXIMERA add-on sides for medium and high drawers allow you to stack things on top of one another without them falling out the side when you open the drawer.

HOW TO COMBINE YOUR OWN CABINET SOLUTION

The flexibility of the METOD kitchen system allows you to build your very own personalised kitchen cabinets.
When combining it yourself, you can get just the size and functionality that you want. Here are some solutions that you can use as inspiration when creating your own personal combinations. (If you prefer pre-defined kitchen cabinets we can offer you that as well. You find some on page 10, and even more in the IKEA Home Planner on IKEA.co.th)

METOD suspension rail makes it easy to mount your cabinets to the wall. You can cut the rails or combine several to the desired length. The rails have many holes so there's always a hole over a wall stud. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home.

DOORS AND DRAWER FRONTS

Our doors and drawer fronts come in a variety of colours, styles and finishes, each with their own unique look. And we have knobs and handles that accentuate the style. So if you want to create a kitchen that's modern or traditional, you have lots of options to choose from.

Once you've decided on the cabinets and doors for your kitchen, the next thing to consider is if you want to use plinths, cover panels or deco strips. Not only practical - they're also important decorative details that contribute to the overall look of your kitchen.
