Create your own wardrobe
By combining frames and doors from the PAX series with items from the KOMPLEMENT series of interior organisers, you can create exactly the wardrobe you need. Or you can choose one of our suggested storage solutions and add or remove interior organisers as you wish. Whatever you choose, the result is a wardrobe to suit both your home and your clothes.

Use our planning tools
You can create your wardrobe in the planner found in the wardrobe area of the store or in the comfort of your own home. Just visit the bedroom section of the IKEA website, go to the PAX planner and start making a wardrobe uniquely designed for you – by you.
www.IKEA.com

Do it yourself or let us help
You might well be able to do everything yourself, but you don't have to! Let us help make your wardrobe dream a reality with our service offers like planning, home delivery, assembly, financing and more. Read more at www.IKEA.com or at the end of this brochure.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

Choose your wardrobe

We have a wide range of PAX/KOMPLEMENT combinations to choose from which you can find in the store or on our website at www.IKEA.com. If you don't find a pre-designed solution that you like, you can use our PAX planner to create the perfect solution that suits your needs and taste.

Begin by looking through the ready-made combinations on the web or in the planner gallery and choose one that inspires you. You will then have a pre-designed combination to start from that you can customise to your needs. You can, for example, change the size and the colour of the wardrobe, or the interior organisers.

You can also use the planner to design your own unique PAX/KOMPLEMENT combination from scratch. There are 3 simple steps to follow when choosing your wardrobe solution.

1. Choose frames. Consider how much space you have available in your room. It´s important to know the maximum height and width of your new wardrobe. Remember, you can also make the most of unused space with corner units.

2. Pick your style. What colour do you want your wardrobe to be? We offer a wide selection selection of doors in different colours.

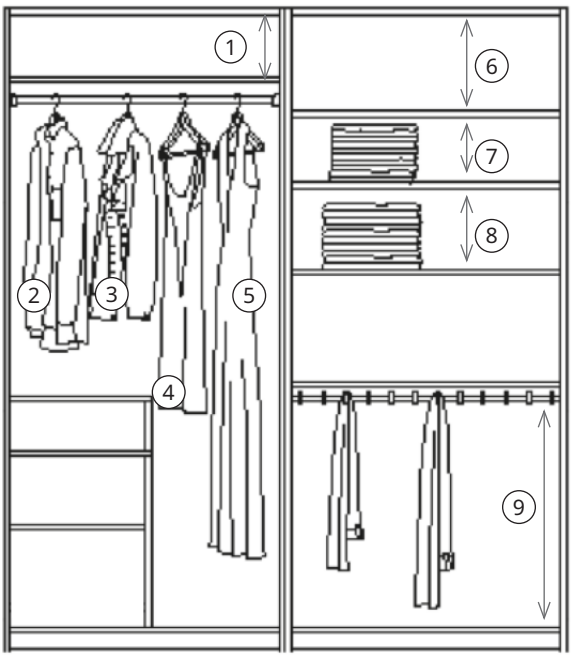
3. Choose interior organisers. Think through your day-to-day needs. Do you have a lot of shoes? Then a pull-out tray with shoe inserts could be a good option for you. Or perhaps you have a lot of trousers? Then a trouser hanger will come in handy. If you keep your summer and winter clothes in the same place, deep baskets will store your clothes neatly away.

Once you have decided on the interior organisers, it's time to add the finishing touches. Complete your new wardrobe with your choice of boxes and inserts from our extensive range of interior accessories. And for a really great result, don't forget the integrated lighting! Simple to install and makes it so much easier for you to find the right outfit.

The PAX planner helps you to calculate the price of your wardrobe and allows you to print or save a product list that you can bring to the store or use to buy online.

The planner can be found in the wardrobe area of the store or in the comfort of your own home. Just visit the bedroom section on the IKEA website and go to the PAX wardrobe planner: www.IKEA.com

Good to know measurements



Hard to know how much space your clothes will take? Here's a useful guide of a few measurements and generic clothes sizes that could come in handy when planning your wardrobe.

1. Plan 19 cm to fit a HEMMAFIXARE storage case.
2. Plan appr. 100 cm for coats.
3. Plan appr. 80 cm for blouses.
4. Short dresses needs appr. 120 cm.
5. Really long garments might need up to 190 cm.
6. Plan 28 cm to fit a HEMMAFIXARE storage box.
7. Plan appr. 25 cm for 10 folded t-shirts.
8. Plan appr. 30 cm for 10 pairs of folded sweaters.
9. Plan appr. 60–70 cm for hanging trousers.

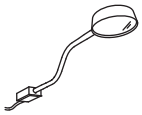
TVÄRDRAG cabinet lighting*. The metal shade creates a direct light that illuminates your cabinet or wardrobe. If you want the lamp's light to be directed into your wardrobe, just angle the lamp head inwards. Provides a focused light that is good for lighting smaller areas. You can dim your lighting wirelessly and easily adapt the lighting based on activity. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive tape on glass and metal surfaces. The LED light source consumes up to 85% less energy and lasts 20 times longer than incandescent bulbs. You can turn up to 6 light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and remote control instead, sold separately.

Black	605.168.21



YTBERG cabinet lighting*. The lamp's slim and neat design goes with most styles and is perfect if space is limited between the top of your wardrobe or cabinet and the ceiling. Spreads a soft light that creates a cosy atmosphere in the room. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive tape on glass and metal surfaces. You can dim your lighting wirelessly and easily adapt the lighting based on activity. The LED light source consumes up to 85% less energy and lasts 20 times longer than incandescent bulbs. You can easily direct the light where you like since the arm can be bent 180° and the lamp head angled 90°. You can turn up to 6 light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and remote control instead, sold separately.

How to choose integrated lighting

Now you don’t need to worry about getting bright light in your eyes or it waking up your partner when you look for clothes. Instead, you start the day when you open your wardrobe and the soft light from our LED lighting strips turns on. Or choose cabinet lighting placed on top of the wardrobe to help you see what’s on the top shelf, which also provides a nice and cosy atmosphere in the entire room when the wardrobe doors are closed. You can even connect to IKEA Smart lighting using the DIRIGERA hub.

Basic parts

FÖRNIMMA
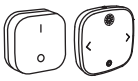
power supply cord



TRÅDFRI wireless dimmer or STYRBAR remote control for more lights function

DIRIGERA hub

See All parts list for more information about each product.

How to choose a driver

There are two LED drivers. Choose based on how many units you want to connect. You can connect up to 3 units to the 10W LED driver, as long as the total wattage does not exceed 10W. The 30W LED driver can support up to 9 units, max. wattage 30W.
You can connect up to 10 drivers in one installation cord. Flashing lights indicate that the maximum wattage of the LED driver is exceeded. If you want to use more than one LED driver, make sure to synchronise each LED driver with the TRÅDFRI wirless dimmer or STYRBAR remote control so that the entire combination can be dimmed at the same time.
Make your cabinet lighting smart by adding the DIRIGERA hub. With the hub, you can control your lights from the IKEA Home smart app and create a mood together with your other TRÅDFRI lighting.
