

### **The original quartz surface**

The original quartz benchtop, Caesarstone® was established in Australia in 1999. Since then it has developed a reputation for selling beautiful products of the highest quality.

Caesarstone® is a 95% natural product combining the strength, elegance and durability of nature with the latest engineering technologies to produce a bench top surface superior to that of marble or granite. It means that when you buy a Caesarstone® benchtop, you can be sure that it will retain its beauty for many years to come.

### **The CaesarStone difference:**

- Scratch and stain resistant
- Non porous - never requires sealing
- Heat resistant
- Superior strength and flexibility
- Mould and mildew resistant
- Resistant to most household chemicals, acids and oil
- CaesarStone® is manufactured using approximately 95% natural quartz, organic pigments and advanced polymers

### **Caesarstone and IKEA have combined to give you a choice of 6 colours:**

These colours have been selected to specifically compliment the IKEA FAKTUM kitchen door range, you can be sure we have something to match your style. Benchtops are available in 20mm and 40mm thickness. There are options available such as fitting undermount sinks and wall edging strips to customise and enhance the look of your kitchen.

Prices start from \$350/m\*. Caesarstone® benchtops come with a 10 year conditional guarantee.

See the samples and kitchen roomsets with CaesarStone® benchtops at your IKEA store. For more information on the range, options, services, prices and guarantee conditions speak to one of our kitchen specialists in store.

\*Price based on 20mm thickness and 620mm deep benchtop. Additional charges will apply for options and mandatory service charge. Service charge includes on-site measure, delivery and installation.
