COMBINE TO CREATE YOUR OWN CONFERENCE TABLE.

We have conference tables in two sizes: 140x140 cm (55⅛×55⅛″) and 140x70 cm (55⅛×27½″) half round. The half round table seats 3 and the 140x140 cm (55⅛×55⅛″) table seats 8. You can use them individually or combine them to seat as many people as you need. And simply rearrange tables when your needs change. Attachment clips to connect the tables are included with the frames.

GOOD TO KNOW

Height adjustable seat
for a comfortable sitting posture regardless of body height.

Adjustable seat depth;
easy to adapt for increased support to your thighs and back.

Height adjustable backrest;
gives lumbar support and relieves strain on your back.

Lockable tilt function
for increased stability in different sitting positions.

Adjustable tilt tension;
increase or decrease the resistance to suit your movements and weight.

Synchronised tilt function
in seat and backrest; the chair follows your movements when you lean forward or back.

Height adjustable armrests;
adjust to relieve strain on your arms and shoulders even more.

VERSATILE SCREENS FOR MANY NEEDS.
Our screens serve different needs. You can use them to create a pleasant and welcoming reception area, to provide privacy in an open plan office or to reduce sound. Or all these things. The screens come in two heights, 120 cm (47¼″) and 55 cm (21⅝″). The 120 cm (47¼″) screen stands freely on the floor. The 55 cm (21⅝″) screen attaches easily to BEKANT table top and can be mounted at two different heights, according to your needs.

DESKS AND CONFERENCE TABLES

Desks for many different needs
BEKANT desks come in many shapes and sizes, so it’s easy to find one that perfectly suits your needs. You can choose between everything from a small desk to a corner desk with a generous depth that makes it perfect for computer work. There’s even a 5-sided desk with a space for visitors. A net for cable management is included and helps you keep the area around your desk free of messy cables.

Tested for tough treatment
All BEKANT desks have been tested for office use and meets the requirements for safety, durability and stability set forth in the following standards: EN 527-2 and ANSI/BIFMA X5.5-2008.

That means that the series has undergone a number of thorough tests. And this is how we know that all the desks are durable and can withstand hard work day after day, year after year.

Free your creativity
BEKANT conference tables has a built-in solution for cable management. This means that you and your colleagues can use computers and projectors without lots of loose cables tangling around your coffee cups and papers. Focus on the right things releases creativity.

Design
Karl Malmvall, Eva Lilja Löwenhielm

Care instructions
Wipe clean with a mild soapy solution.

GOOD TO KNOW

1. If you sit at the right height, both your back and legs get the support they need. Your legs should be at a right angle when your feet are flat on the floor. Do you share the chair with other people? With a height adjustable seat, people of all heights can sit comfortably.

2. It doesn’t matter if you’re short or tall. With an adjustable seat depth or a height adjustable backrest you can try out different depths and heights and get exactly the support your legs and back need.

3. A chair with tilt function makes it easy to change sitting position, regardless of whether the tilt function is in the seat or the backrest or in both places. Locked position or comfortable resistance? Adjust the tilt tension to suit your movements and your weight. The right setting increases both stability and the support you get when you tilt forward or backwards.

4. The small of the back is where we usually feel the first onset of tiredness. A chair with built-in lumbar support gives you support and relieves pressure on your back.

5. Armrests reduce the strain on both your arms and shoulders. If the armrests are adjustable, it’s even easier to reduce the strain regardless of how tall or short you are. Have the armrests at approximately the same height as the desk top for maximum support.

6. If you’ve been sitting at your desk for some time, it may feel nice to lean back and change your position for a moment. With a headrest on your chair, your head and neck also get a little well deserved relaxation.
**Work Chairs**

**Work chairs that make a perfect match**

We have comfortable work chairs for all your needs. Swivel chairs for your desk, visitor’s chairs and conference chairs. And in many different styles, colours and materials, so it’s easy to find the perfect match for both you, and your office décor.

Our swivel chairs have features from simple to advanced. How to choose? Start by thinking about the kind of activities you will do and how much time you will spend sitting in the chair. For fulltime work, you might need one with more adjustable features to help you vary sitting positions. Do you have special needs, e.g. want relief for your back, support for your arms and shoulders? What style do you like? Let your answers to these questions guide you to the perfect work chair for you.

**Can take a tough day at work**

Our professional chairs have been tested for office use and meets the requirements for safety, durability and stability set forth in the following standards: EN 1335-2 and ANSI/BIFMA x5.1-2002 for desk chairs and EN1022, EN15373 and ANSI/BIFMA x5.1-2002 for conference chairs.

This means we have put the chairs through many different tests and tough challenges. For example, we sized the chair according to both European and American measurement requirements, subjected it to heavy loads and tested the endurance of each part up to 300,000 times. We did all this to make sure it would be comfortable to sit in, safe to use and capable of enduring fulltime desk work for many years.

**10 Year Warranty**

Read more in the warranty brochure for VOLMAR, MARKUS and LÅNGFJÄLL swivel chairs.

**GOOD TO KNOW**

1. **Height adjustable legs;** assemble your desk at a height that suits you. If you have the sit/stand underframe you can raise and lower the desk with the touch of a button.

2. The curved shape of the table top gives support to your wrists and forearms when typing.

3. It’s easy to keep your desk neat and tidy with the cable management net under the table top.

4. Surfaces in veneer and melamine foil are hardwearing, stain resistant and easy to keep clean.

5. **BEKANT desk top shelf creates extra storage space and frees space on your desk top.**

With BEKANT sit/stand underframe you can raise and lower your desk by the simple touch of a button. That helps you to change working positions often and keeps your body active. The lowest position for sitting is 65 cm (25⅝″) and the highest for standing is 122 cm (48″).
COMBINATIONS

Adjustable in height. With our sit/stand desk you can adjust the height of the table top electrically from 65 cm (25¾") to 122 cm (48") to ensure an ergonomic working position. Changing positions between sitting and standing helps you move your body so you both feel and work better.

This combination 160×80 cm (63×31½") in white with a sit/stand underframe in black or white $599
This combination 160×80 cm (63×31½") in black-brown, birch or gray with an underframe in black or white $619

5-sided desk. Perfect if you have visitors often, as you can have your own work area on the left and plenty of room for a visitor on the right.

This combination 160×80 cm (63×31½") in white with an underframe in black or white $239
This combination 160×80 cm (63×31½") in black-brown, birch or gray with an underframe in black or white $259

Within easy reach. BEKANT desk top shelf creates extra storage space and frees space on your desk top.

This combination 120×80 cm (47×31½") in white with an underframe in black or white $238.99
This combination 120×80 cm (47×31½") in black-brown, birch or gray with an underframe in black or white $238.99

Ergonomic workspace. The contoured tabletop provides support to the wrists and forearms when writing, relieving strain on your shoulders during long working hours.

This combination 160×110 cm (63×43¼") in white with an underframe in black or white $259
This combination 160×110 cm (63×43¼") in black-brown, birch or gray with an underframe in black or white $279

Meeting place. The BEKANT conference table has a built-in solution for cable management; keep computers and projector cables organised and close at hand at the table.

This combination 280×140 cm (110¼×55⅛") in white with a letter tray $189
This combination 280×140 cm (110¼×55⅛") in black-brown, birch or gray with a letter tray $189

Create a private workspace. The screen helps to increase concentration and productivity by providing privacy and absorbing sound.

This combination in white with an underframe in black or white $527
This combination in black-brown, birch or gray with an underframe in black or white $547

GOOD TO KNOW

1. 1
2. 2
3. 3
4. 4
Professional and personal
The GALANT storage series has been specially developed
to suit all types of professional offices; both when it
comes to smart functions and high quality. The series
also makes it easy to create a personal solution,
according to your needs. You can choose, for example,
between different height and widths, storage with
only drawers or combined with file storage and drawer
units. You can also use many of the pieces in the
series as room dividers, a good way to create a calm
corner to work in.

All storage at the office
Everything from binders and paper to printers and
computers, not to mention cords and cables. GALANT
series solves all of the most important and usual storage
needs at the office. All units (except GALANT file cabinet
51x120 and GALANT drawer unit with drop-file storage
80x80) have built-in cable management and ventilation
to ensure there’s no risk of your electronic equipment
overheating. And many of the pieces are finished on the
back so you can place them in the middle of the room if
it suits you and makes your work more efficient.

Tested for a long, hard life at work
All GALANT storage units have been tested for office use
and meets the requirements for safety, durability and
stability set forth in the following standards: EN 14073-

That means that it has undergone a number of
tough tests. For example, we’ve made sure that the
surfaces can withstand heavy wear and tear, and that
all drawers and sliding doors will run smoothly even after
a long time. Also, many of the pieces in the series are
constructed to be able to be used as room dividers.
All so that you can trust that GALANT will be able to
take hard work.

Design
Karl Malmvall, Eva Lilja Löwenhielm

Care instructions
Wipe clean with a mild soapy solution.

Read more in the
warranty brochure.

GOOD TO KNOW

1. Combination lock; easy to choose your own code for safe
   storage of papers and office accessories.
2. Space behind the shelves makes it easy to collect and
   lead cords and cables to the cord outlet on the back.
3. Adjustable feet make storage units stand steady also on
   uneven floors.
4. Most pieces are also finished on the back; suitable for
   use in the middle of a room.
5. Sliding doors; save space when open. Doors with
   integrated dampers for silent and gentle closing.
6. Roll-front; saves space when open.

HOW TO COMBINE

With GALANT you can create the storage solution you
need with the appearance you like. Choose, for example,
a cabinet with sliding doors, a drawer unit with spacious
drawers and complement with practical add-on units.
A simple way to get effective storage.
