## Comfortable seating for the whole family

ÄLVROS is a soft and comfortable seating series for the whole family. You can choose between many different pieces and combine them as you like. How about, for example, a practical sofa bed or an armchair that swivels, rocks and folds? The soft, hardwearing and easy care leather – available in four colours – also makes ÄLVROS perfect for families with children.

## Sink down and relax

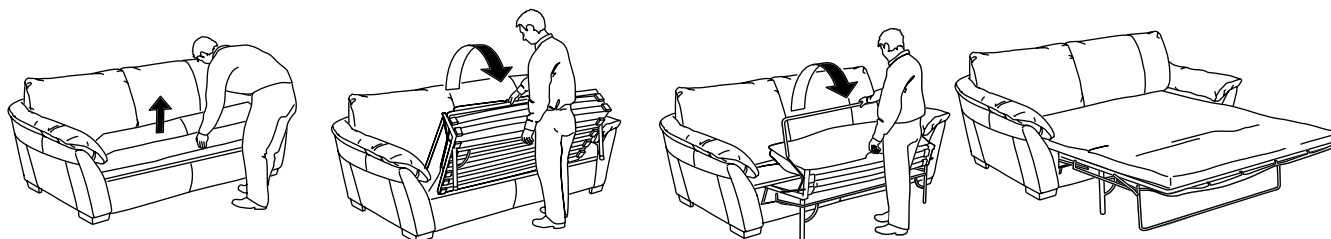

If you're longing to sink down into a soft, plumb sofa, then ÄLVROS seating series is the right place to look. The high backrest offers comfortable support for your back and neck, and the angled armrests give you extra room. If you want even more comfort, choose the footstool or armchair with swivel, rock and recline functions. The sofa with two built-in recliners allows you to choose the position that suits you best – even when you're sharing the sofa with someone else.

# HOW TO CONVERT

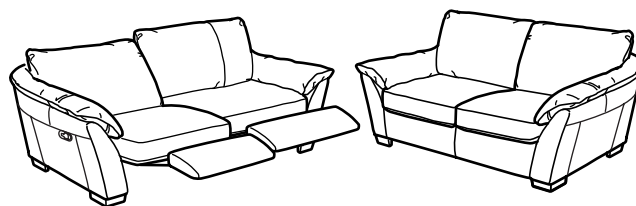

ÄLVROS sofa-bed is easy to convert into a bed. For bedtime, remove the seat cushions, lift up and pull out the seat, rest the middle legs on the floor and fold out the foot end of the bed. Now it's an extra bed, 140x200 cm, with room for two people.

And as a bed, ÄLVROS also has an adjustable neck support, which you regulate by moving the head end up or down. Your overnight guests will find that comfy for reading or watching TV.

## COMBINATIONS

**Room for bed linen in the stool.** Complement ÄLVROS sofa-bed with the footstool in the same series. The stool is comfortable to relax your feet on – and also has a practical compartment under the seat where you can store bed linen. **This combination £1178**

**Many comfortable seats.** Combine, for instance, an ordinary two-seater sofa with a three-seater sofa with separate recliner mechanisms. This way, you can sit in the position you find most comfortable – even when sharing the sofa with someone else. **This combination £1598**
