ARILD seating series is distinguished by timeless, elegant design and many details that give it character. The series has carefully crafted seams, a handsome metal frame and zippers that keep the back cushions in place. The hard-wearing leather is available in many colours. To keep it soft and supple, treat it with leather cleaner. You can use one piece in the series or combine several to make a set with sofas and armchairs. If you want a place to rest tired feet, there's even a matching footstool. The entire family can relax and enjoy – for a long time!

Nice feeling that lasts a long time

The balanced blend of materials in the cushions makes ARILD extra comfortable to sit in, and helps it to endure a long and intensive life, without losing its form or character. Seat cushions filled with seafoam feathers are soft for you to sit on. The back cushions are plump to lean against and follow the contours of your body. The leather is hard-wearing and durable, with a soft, smooth surface. The carefully sewn seams accentuate the style of the sofa... and the feel of it!
