

BJURSTA

DESIGN

Tord Birchlund

CARE INSTRUCTION

Wipe clean with a cloth dampened in a mild cleaner.

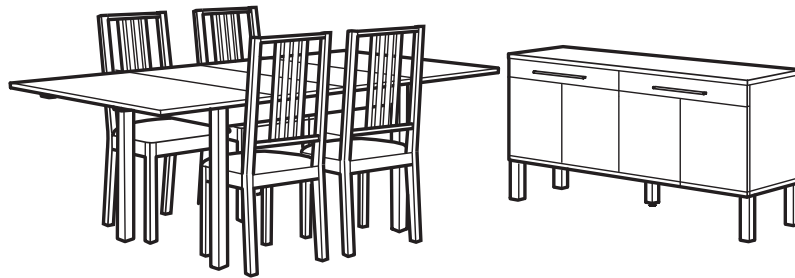

Wipe dry with a clean cloth.

SAFETY

We recommend you to fix the furniture to the wall with the enclosed safety bracket to prevent it from tipping over if a child climbs or hangs on it.

Different wall materials require different types of fixing devices.

Use fixing devices suitable for the walls in your home (not included).

Everyday tables for everyday needs

Dining tables should really be called everyday tables, since that's where we usually gather to eat, do our homework, bake and play games. In the BJURSTA series you can choose between five dining tables in different shapes and sizes - with room for one person to ten. All the dining tables are extendable, so they take less space on ordinary days but can quickly be made bigger when your friends and relatives come to visit and the lacquered surface is easy to wipe clean. An everyday table has to be both practical and flexible, of course.

Complete your dining area

With storage near the dining table you can quickly set the table. Maybe the tall glass-door cabinet or sideboard in the BJURSTA would be just the thing? Both are colour-coordinated with the dining tables in the same series and have plenty of room on the adjustable shelves and in the smooth-running drawers. The simple design makes the pieces easy to place and with your choice of chair, you can get exactly the style you want.
