Sit softly, nicely – and for a long time

With a foam and polyester padded seat and legs of solid wood, HENRIKSDAL chairs and bar stools are ideal for long dinners or hanging around the bar. To make them even more comfortable, the chairs have a high, padded back and the bar stools have a foot-rest. Choose between easy-care covers, available in different qualities, colours and styles. If you buy several covers you can renew your chairs – or bar stools – whenever you like.

A chair probably is the most used piece of furniture in the home. It should be able to cope with everything from sticky children's fingers to quick breakfasts and long dinners. That's why it can be practical to choose a chair with a removable, washable cover from the start. Then you won't have to buy a new chair or re-cover your old one if an accident should happen. You can simply remove the cover and wash it. Afterwards the chair is like new again. A clever choice, isn't it?
