Wipe dry with a clean cloth.

SAFETY

We recommend you fix the furniture to the wall with the enclosed safety bracket to prevent it from tipping over if a child climbs or hangs on it.

Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included).

Measure the depth and width of your TV-set. The measurements should be less than those of the TV furniture.

LEKSVIK is a series of rustic furniture with a hand crafted feel and country style. With LEKSVIK you can create a home with a warm, cosy atmosphere that exudes nostalgia. The series is also designed for everyday use - and for most rooms in the home!

All three dining tables in the LEKSVIK series are extendable, so they can quickly grow and make room for more. The series includes everything from a small drop-leaf table for two to larger dining tables for up to eight people. All are made of hardwearing solid wood. Complete with a buffet if you want to have everything for your table close at hand. Naturally, there are even chairs that match. Do you like a classic wooden chair or a chair with an upholstered seat?

LEKSVIK bookcase is an excellent example of how traditional Swedish handicraft can inspire new furniture design. The open shelf is made of hardwearing, solid wood with gently curved sides. And the tall edges at the rear of the shelves keep your books in place, even if the bookcase stands in the middle of the room. Do you like the style? Then, you'll be happy to know that the same series also includes furniture for the dining area and children's room. Sturdy furniture that can stand up to wear - year after year.
