

FAVORIT

Everyday life at home puts high demands on cookware. FAVORIT is our top of the line cookware, rigorously tested to comply with our strict standards for quality and durability. This means we can guarantee the function of FAVORIT cast-iron and stainless steel cookware for 25 years for products without non-stick coating and for 10 years for those with a non-stick coating. That means that they will still work as well as they did when they were new, provided that our care instructions are followed and they are subjected to normal domestic use (cooking and washing once a day). This guarantee of function, materials and workmanship is subject to the terms and conditions stated in this brochure.

What is covered under this guarantee?

This guarantee covers function, materials and workmanship in all cookware in the FAVORIT series. This means that, in normal domestic use and provided that our care instructions are followed, the cookware will still work as well as it did when it was new, even after 25 and 10 years respectively. In this instance, normal use is defined as using an item for cooking food and washing it once a day.

The guarantee covers:

- Stability of the base. In other words, the base of the cookware remains flat to conduct heat efficiently.
- Washing in a domestic dishwasher. This does not have an adverse effect on the function of stainless steel cookware. Note, however, that all items with a non-stick coating and all cast-iron products must always be washed by hand.
- Non-stick properties on non-stick pans. This means that FAVORIT non-stick coated cookware will be easy to clean and can be used with a minimum amount of fat for cooking food for at least 10 years.

The original purchase receipt, or email confirmation if purchased online, is required as proof of purchase. This guarantee applies to cookware put to domestic use only and is valid from the date of purchase, or delivery if later.

What products are not covered under this guarantee?

No exceptions.

What will IKEA do to correct the problem?

IKEA will examine the product and decide, at its sole discretion, if it is covered under this guarantee. If considered covered, IKEA through its own service operations, will then, at its sole discretion, either repair the defective product or replace it with the same or a

comparable product. The costs of repairs, spare parts, labour and travel for repair staff, that IKEA incur, provided that the product is accessible for repair without special expenditure will be paid by IKEA. IKEA will not be responsible for, nor reimburse the cost of any repair work not authorized by IKEA.

Any parts replaced as part of the repair service will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. It is IKEA that will determine, at its sole discretion, what constitutes an appropriate replacement.

What is not covered under this guarantee?

This guarantee does not cover changes in the appearance of the cookware unless they have a significant effect on function.

This guarantee does not apply to products that have been stored incorrectly, used inappropriately, abused, misused, altered, or cleaned using incorrect cleaning methods or cleaning products.

This guarantee does not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents.

This guarantee does not apply if the product has been placed outdoors or in a humid environment or if the products have been used for non domestic purposes.

This guarantee does not cover consequential or incidental damage suffered by any person.

Care instructions

All cookware with a stainless steel inside can be washed in a dishwasher. Cookware made of cast iron or with a non-stick coating inside should always be washed by hand. Cast iron washed in a dishwasher can corrode, and on non-stick coated cookware the surface can be damaged by the dishwasher detergent.

Cast-iron cookware should be dried carefully after cleaning in order to avoid corrosion. It is also advisable to oil the surface before using the cookware for the first time and at regular intervals after that. This will help prevent corrosion and also makes sure that fried food gets a nice frying surface.

Steel wool or abrasive sponges should never be used to clean the cookware since they can damage the surface.

When cooking food in a pot with a stainless steel inside, always add salt to the water after the water has been brought to the boil. Adding salt to cold water can cause salt stains that will eventually cause corrosion.

The base of a cookware is slightly concave when cold, but expands to flatten out when heated. Because of this, you should always leave the cookware to cool off before cleaning it. This allows the base to resume its shape and helps to prevent it from becoming uneven with use. It is also important that you never let the cookware boil dry, because the base then becomes skew. If the cookware has a non-stick coating, overheating might also cause it to lose its non-stick properties.

If the cookware has a non-stick coating it means that you can cook food in little or no fat or oil at all. It also makes the cookware easier to clean since the coating prevents food from burning and sticking to the surface. However, the coating is sensitive to scratches which is why you should only use wooden or plastic utensils without sharp edges in the cookware. We do not

recommend that non-stick coated cookware are stored stacked inside each other since this can cause scratches on the coating.

When cleaning a non-stick coated cookware, use a mild detergent and warm water. Do not use steel wool or anything that may scratch the coating. Always wash the cookware by hand since dishwasher detergent can damage the surface.

General legal rights

This guarantee gives you specific legal rights. The guarantee is provided to you free of charge and in addition to the rights given to you by law. It does not in any way affect the rights given to you by law. Items excluded from this free extended guarantee offered by IKEA may still be covered by the rights given to you by law.
