

Shopping at IKEA Tempe is as easy as 1, 2, 3...

1

Bring the kids!

Your children can have fun playing while you have fun shopping! Kids will have a ball in Småland, a supervised play area located at the entrance of the store. (Make sure to ask about kids' height requirements).

2

Gather ideas, browse in our room settings.

It's like a magazine you can walk through! Make yourself at home in our realistic room settings. You'll find decorating ideas for your whole home. Sit on the sofas. Open the cabinets. Stretch out on the beds. Look at the tag to learn more and if you need help, just ask any IKEA co-worker.

3

Check the price-tag to answer your questions.

To help you make decisions, each item has a detailed tag with price, sizes, materials, color choices and care instructions, plus the product name and the location where you can pick up the item in the store. If the tag is red, pick up the item in the location specified. If the tag is yellow, see an IKEA co-worker who will write up a sales order for you to take to the checkout.

4

Take a break!

Shopping can build up quite an appetite, so stop by the restaurant and recharge with a cup of coffee or a good hot meal. There's even a special menu just for children.

5

Choose your accessories in the specialty shops.

Rugs, curtains, lighting, sheets, pillows, candles, cookware, china, vases, and more. Beyond furniture, you'll find all the little things that help make your house a home. As you wander through the shops, put what you want and in your cart or shopping bag. Pay when you get to the checkouts on the 1st floor.

6

Help yourself in our Self Serve Furniture area.

You pick up most furniture yourself in the Self Serve Furniture area on the 1st floor. Refer to the product names and aisle location you jotted down from the red price tag to help you find what you want. For larger items with a yellow tag including sofas, mattresses, wardrobes, etc., an IKEA co-worker will write up a sales order for you take to the checkout.

7

Cash, check or credit – you can pay your way.

Pay for all your purchases at once. Present all your Self Serve Furniture items with labels facing out on the cart and put the items you collected from the specialty shops onto the checkout belt and hand the cashier any sales orders you have for larger furniture. Pay with any major credit card, a check with proper ID, or cash. You'll find Furniture Pick Up just past the checkouts.

8

Save money – take your furniture home yourself.

Most IKEA furniture is packed in the smallest possible boxes to make it easy for you to take home in or on your car. You'll even find roof racks, tarp and twine to help you out. By taking things home yourself, you save the cost of delivery making your new furniture even more affordable. If you prefer home delivery or assembly, ask for details.
