

IKEA South Philadelphia

Guidelines for Community Support

Our Vision

The IKEA vision globally is to, “create a better everyday life for the many.” At IKEA South Philadelphia, we are dedicated to giving back to the local community while being regarded by our customers and coworkers as a socially responsible company.

Goal of the Program

IKEA South Philadelphia is proud to support selected organizations in the following areas:

- **Children:** At IKEA, **children are the most important people in the world.** We will focus our activities in the local community on helping children achieve their fullest potential by supporting their learning and development. Helping children to learn and develop is an area in which IKEA has experience and can make a difference.
- **Environment: “Low prices, but not at any price.”** Our community relations program should have a positive impact on the local environment. At IKEA, we shall always consider the environmental impact of our business, as IKEA South Philadelphia is measured on its environmental responsibility.
- **Affordable Housing: Home is the most important place in the world.** IKEA will earmark certain funds through 2010 to help prevent family homelessness in a partnership with the National Alliance to End Homelessness. Using the housing first model, IKEA will help fill the gap in providing furnishings to create a safe and creative environment for children of families in need.

How we choose our partners

In order to maximize the positive impact that the program has on the local communities we serve, IKEA South Philadelphia will focus on:

- Partnerships with organizations whose primary focus are children.
- Projects in where we can make a real difference.
- Programs where we can take an active role and utilize IKEA expertise and our products.
- Local community initiatives where the IKEA store is located.
- Programs that promote diversity, and include as many people/children as possible.

IKEA South Philadelphia will only support organizations that operate in accordance with our non-discriminatory policy regarding race, religion, color, creed, national origin, gender, sexual orientation, citizenship, marital or veteran status, ancestry, disability, medical condition, or any other classification protected by applicable law.

When evaluating proposals we will consider the following priorities:

- Does the program match well with our IKEA vision?
- Is the organization registered as nonprofit or charity?
- Does the program support many local children and encourage diversity?
- Does the program support the local community or environment?
- Can we use our design know-how and IKEA products?
- Can we involve our energetic IKEA coworkers?
