

TROFAST

Storage series

Design

Mia Gammelgaard/Studio
Copenhagen

Material

TROFAST frames and shelves are available in solid pine, white foil and black foil. The storage boxes, lids and guide rails are made of plastic.

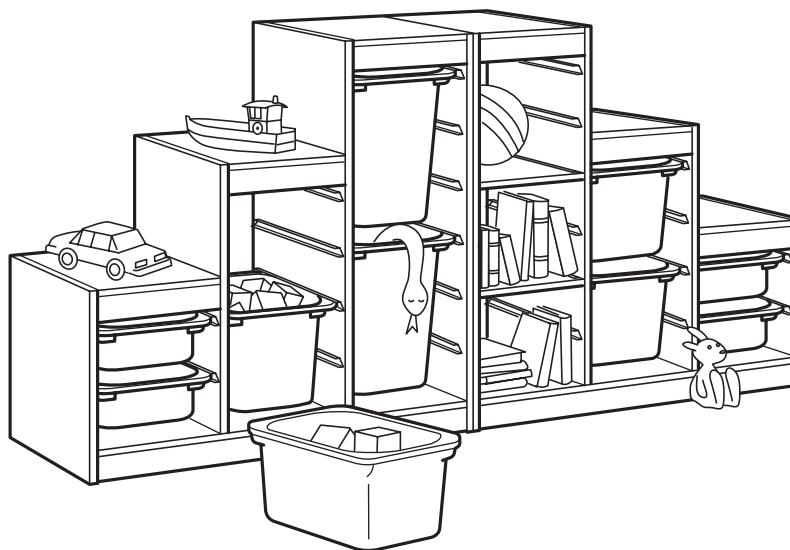

Care

You can easily clean TROFAST frames, boxes and shelves with a damp cloth and a mild cleaner, then wipe dry with a clean cloth.

Secure it!

Furniture that tips over can cause serious injuries and children are more at risk. Prevent tip over accidents by securing the furniture to the wall, using the tip over restraint provided with the product.

Flexible toy storage you can adapt to your needs

Children need room to play – and good storage for their toys, so they can find what they're looking for and tidy up when they're done. That's why we made TROFAST – a flexible series of sturdy wooden frames and lightweight, removable plastic boxes that your child can easily slide out, carry and put back again – all on their own.

TROFAST frames come in different finishes, shapes and sizes. TROFAST boxes come in different colours and sizes for storing and organising all types of toys, from bigger building blocks to doll's clothes. There are even shelves that fit in the frames, so you can create open storage for books or to display.
