POÄNG sofa series has a 10-year guarantee. Read more in the guarantee brochure.

### You choose the style

When you buy POÄNG armchair you choose everything yourself, except the comfort – it's always included! You get a style that's all your own by freely combining frames in different wood types and finishes and cushions with fabric or leather covers. If you want a change, you can always buy an extra cushion – they come with covers in several different colours, patterns and materials.

### Comfort in harmony

Design and comfort meet in POÄNG armchair like two parts of a whole. The layer-glued, bentwood frame follows the contours of your body and supports your neck and lower back. The material in the frame gives the chair a light, pleasant and relaxing springiness. Complement with the footstool, specially designed to ensure you sit in a comfortable position. If you want to really rock, choose the rocking-chair in the same series.

All the products (shown here) may not be available at the store. Please contact the staff or look at [www.IKEA.com.au](http://www.IKEA.com.au) for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

# How to choose POÄNG

## 1. Choose frame.

The frames come in different types of wood and with different finishes.

**Armchair** frame available in birch, black-brown, brown and white stained oak.

**Rocking chair** frame available in birch, black-brown, brown and white stained oak.

## 2. Choose cushion.

The cushions come with covers in different designs, materials and colours. Combine the way you want.

**Cushion design** with HILLARED and SKIFTEBO fabric covers and GLOSE leather covers.

**Cushion design** with KNISA covers.

## 3. Complement with a footstool.

Choose a footstool in a material and with a cushion to perfectly match your new chair.

**Footstool** frame available in birch, black-brown, brown and white stained oak.

**Cushion design** with HILLARED fabric covers and GLOSE leather covers.

**Cushion design** with KNISA covers.

**Cushion design** with SKIFTEBO and HILLARED fabric covers.

# Good to know

## Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

## Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibres. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your seat of course.

	Resistance to abrasion (cycles)	Light-fastness (1-8)
HILLARED: 55% cotton, 25% polyester, 12% viscose/rayon, 8% linen.	30,000	5
Gunnared: 100% polyester (min. 90% recycled).	50,000	6
KNISA: 100% polyester*. Melange plain weave.	40,000	5-6
SKIFTEBO: 100% polyester.	35,000	5

GLOSE: Soft, dyed-through 1.1 mm thick grain leather that can withstand both wear and tear and strong sunlight as it's treated with a protective fade-resistant coating.

The high back gives good support for your neck. To sit even more comfortably and relaxed, you can use the armchair together with POÄNG footstool.

*\* The polyester in this product is made of recycled PET-bottles, therefore reducing consumption of new raw materials and lowering the footprint on the environment.*
