IKEA METHOD kitchen has a 25-year guarantee. Read more in the guarantee folder.

Make the most of your METHOD kitchen cabinets

What does your dream kitchen look like? How much time will you spend in it and what will you do in there? When it comes to kitchens, we're all different. We have different dreams, different needs and different preconditions. So, to meet this diversity, what could be better than a flexible kitchen system with cabinets that can suit everyone, and be planned in almost everywhere? Whatever the size of your home or family, with cabinets in different sizes, drawers with endless possibilities and interior organisers made to match, you can turn the kitchen of your dreams into the kitchen in your home.

Over 50 years of kitchen experience

We've been developing kitchens for half a century. For decades we've been listening to people all over the world in order to design kitchens that will meet your everyday needs for years to come. Our long experience has led to stylish, functional and hard-working kitchens that you'll love spending countless of hours in. So, rest assured – we have the experience and knowledge needed to guide you every step of the way to your dream kitchen.

Services

You can do everything by yourself, but you don't have to. Our broad service offer gives you the freedom to design your own price tag by choosing not only the products that suits your budget but also deciding how much you want to do yourself

and how much you want us to do for you. For more details, call our Customer services, talk to a co-worker at your local IKEA store or visit us at [IKEA.com.au/services](https://www.ikea.com.au/services)

Measuring

If you want to be sure that your room drawing is as accurate as possible, we measure the room and check everything, from the placement of windows, doors, and power sockets to the material and condition of the walls.

Planning

Get help with the planning of your new kitchen, by booking an appointment with one of our experts at IKEA. You bring the measurements and drawing or a picture of the area – we help you with inspiration and functional solutions for everything, from the placement of cabinets, appliances and storage to lighting and sinks.

Delivery

We deliver to the address you prefer, on a day and at a time that suits you. You don't need to carry anything. We place the items where you want them – on the stairs, in the front hallway, or in a room of choice.

Picking with delivery

With our picking with delivery service all you have to do is place an order of what you want to purchase. We'll handle the rest. We deliver to the address you prefer, on a day and at a time that suits you. You don't need to carry anything. We place the items where you want them – on the stairs, in the front hallway, or in a room of choice.

Kitchen installation

You choose what you want help with and you can rest assured that the installation is done properly. We also take all the packaging with us for recycling when your new kitchen is in place.

Good to know

A well organised kitchen is a kitchen you'll love spending time in. When planning what your kitchen cabinets should include, think of how you want to utilise them in the best possible way based on your personal needs.

1. The kitchen is a place where you normally do a lot of activities, and it can easily become a bit messy. By having your cleaning gadgets close by in a high cabinet, it'll be easier to keep your kitchen spick and span.
2. A deep high cabinet is ideal for storing everything from dry food, oil and vinegar to bulky kitchen machines.
3. Gather all the items you use for setting the table in one spot to make it smooth and easy. Spacious, fully extendable drawers in the base cabinets are great for cutlery, serving bowls and plates. Use the wall cabinets for lighter things like glasses, mugs and jars. If possible keep this area close to the dishwasher to simplify putting the clean dishes back in place.
4. Deep corner cabinets are perfect for storing bulky pots and other large cooking utensils.
5. Add VADHOLMA open cabinet to personalise your kitchen and create a nice break in a row of cabinets with doors. Fill it with cookbooks and other often-used items in the kitchen.
6. The sink cabinet is a good place for recycling bins as you do a lot of food preparations in and around it. If you can, place the sink next to the dishwasher as we have done here (if you can't see the dishwasher, it's because it's built in with the same front as the rest of the kitchen). That way you can rinse off dirty tableware before putting it in the dishwasher, as well as vegetables and other food that you're about to cook. With a built-in dishwasher between the sink and the hob, you also create a very practical preparation area on top.
7. Use the top drawer underneath the hob for storing knives, whisks and other cooking utensils to have them within easy reach. High drawers underneath are ideal for other gadgets you normally use when cooking, for example frying pans, pots and strainers.
8. A base cabinet between the hob and the built-in oven adds storage for all the extra things that might come handy when cooking: spices, wraps, tinfoil, oven gloves, pot stands and other things you need when using these appliances.
9. By placing the oven in a high cabinet you get it at a perfect working height. And you get storage space for baking sheets, ovenware, serving bowls and whatever else you might use in the oven.
10. Our fridges, freezers and fridge/freezers are designed to fit your space and how you cook. You can have them integrated in ventilated cabinets with reinforced shelves or free standing.

Good to know

1. UTRUSTA cleaning interior make it easy for you to see and reach what's inside. The organiser takes care of everything from the iron to cleaning supplies. Plus, it'll stop your vacuum cleaner from attacking you whenever you open the door to your cleaning cabinet.
2. Fully extendable, soft closing MAXIMERA drawers behind the door enable you to see, reach and access everything. Even the things at the back you thought you didn't have.
3. Customise your storage in the drawers with the help of MAXIMERA adjustable dividers, and add organisers such as cutlery trays, plate holders and boxes from the series of UPPDATERA to keep everything in perfect order and easy to find.
4. With a UTRUSTA corner cabinet pull-out fitting it's easy to see and reach even the things furthest away in the deep corner. You can also choose carousels for both wall and base cabinets - just swivel them around to swiftly reach everything inside.
5. Create extra shelves with VARIERA shelf inserts to get more space for glasses, bowls and jars.
6. Make recycling fast and easy with HÅLLBAR frames and bins with lids, that you can combine in different ways depending on your needs. You can place them in a pull-out waste sorting frame at the bottom of cabinets or in a shallower IKEA sink drawer (shallower to give space for the water pipes underneath the sink).
7. UPPDATERA knife and utensils trays keep everything in place. And pot lid organisers from the same series will get the lids in place, adding more space for the pots and pans.
8. To utilize the space in the cabinet as much as possible, you can have hidden inner drawers inside larger drawers and behind doors to store all the small things you have in the kitchen. In this example we've put UPPDATERA inserts for spice jars in the inner drawer to make it easy to season the food both on the hob and in the oven.
9. MAXIMERA add-on sides for medium and high drawers allow you to stack things on top of one another without them falling out the side when you open the drawer.

How to combine your own cabinet solution

The flexibility of the METOD kitchen system allows you to build your very own personalised kitchen cabinets. When combining it yourself, you can get just the size and functionality that you want. Here are some solutions that you can use as inspiration when creating your own personal combinations. (If you prefer pre-defined kitchen cabinets we can offer you that as well. You find more info in the IKEA Planner on IKEA.com.au)

White 602.709.42

METHOD suspension rail makes it easy to mount your cabinets to the wall. You can cut the rails or combine several to the desired length. The rails have many holes so there's always a hole over a wall stud. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home.

Open storage – all parts

These open cabinets puts things close at hand and creates a nice break in a row of cabinets with doors. Fill it with often-used items or your favourite cookbooks to make your space more personal.

Drawer and shelf organiser

Less time searching, more time for fun – clever fittings inside drawers and cabinets keep things organised. A helpful tip is to keep things close to where they are used as this enables a smooth workflow.

Guidance

Your new IKEA kitchen – from start to finish. This planning guide is your kitchen workbook. It helps you every step of the way from measuring and planning to ordering and installing your new kitchen.

Buying guides – IKEA Kitchen system and IKEA Appliances

Whether you're looking for a complete kitchen system like METHOD or one of our other kitchens, this buying guide includes the products, prices and helpful information you need to choose the kitchen of your dreams.

Kitchen measuring service

If you want to be sure that your room drawing is as accurate as possible, we measure the room and check everything, from the placement of windows, doors, and power sockets to the material and condition of the walls.

Kitchen installation guide

Our Kitchen installation guide gives you tips and step-by-step instructions on how to install your kitchen on your own. Just remember, you can do it all by yourself, but you don't have to. Read about our services on page 3

IKEA.com.au

On our webpage you'll find lots of inspiration and ideas to get the most out of your METHOD kitchen, whether it's a new one or an old kitchen that you want to freshen up. Plus, here you'll find all products that you can imagine to personalise and create the kitchen of your dreams
