Living room and workplace in the same style
In the HEMNES series you’ll find everything you need to make your living room pleasant and practical – and even create a workplace for productive work, too. Choose between tables, bookcases, glass-door cabinets, TV benches, desks and bureaus. Many with smart solutions that help you organise just about everything – from cords and DVDs to cutlery, binders and knick-knacks. All pieces in the HEMNES series share the same genuine solid wood and timeless design, so it’s easy to coordinate pieces and make a matching workplace that looks great in your living room – or anywhere in your home.

Beautiful in a natural way
There is something special about HEMNES – and one important reason is that all the furniture in the series is made of solid wood. Wood is a natural material that ages beautifully and is both durable and renewable. That’s very important of course, but the feeling it gives is just as important; the solid wood gives character and natural beauty to the furniture. That will make you want to live with it in your home for a long time – and it will become more beautiful and more personal for every passing year.
