Relaxing sofa for the whole family

NORSBORG sofa is the perfect family sofa. It is both comfortable and practical and comes in many different shapes, styles and sizes. The soft, cosy comfort invites everyone to relax and the slightly higher armrests make it extra tempting to curl up in the corner. Plus, the cover is hardwearing and easy to remove and wash – so your family gets a lot of sofa time for their money.

Choose your favourite sofa

Big or small, colourful or neutral - NORSBORG sofa comes in many shapes, styles and sizes – so you can always choose the sofa that suits you and your family best. The covers are hardwearing, removable and machine-washable. The legs are made of solid wood and extra high so that you can easily vacuum under the sofa. Also on the side of the armrests there are practical storage pockets for remote controls and other small things you want close at hand.

Good to know

1. You can store remote controls and other smaller items in the practical pockets on the side of the armrests.

2. Seat cushions with high resilience foam that are soft, comfortable and durable. The filling quickly regains its shape when you stand up.

3. If you choose a combination with a corner section, note that there are 4 legs in the package and that you only use 3 of them, so there will be one extra leg left.

4. Reversible back cushions filled with polyester fibres provide soft support for your back and two different sides to wear.

5. Always end your NORSBORG combination with an armrest.

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibres. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light -fastness (0-6)
FINNSTA: Heavy cotton- and polyester mix with a nice texture. Yarn-dyed with a slight two-tone effect.	Machine washable at 40°C.	25.000	5
EDUM : Fabric made of a polyester- and cotton mix. The woven textile creates a finely striped effect.	Machine washable at 40°C.	20.000	5
