2-seat sofa

Removable,
washable covers

Choice of cover

Available in coated fabric –
fixed cover

Soft seating comfort

10

KLIPPAN sofa has a 10-year guarantee. Read more in the guarantee brochure.

An eternal classic

We launched KLIPPAN sofa in the 1980s and it's still a favourite. It's comfortable, fits almost everywhere and has many covers to choose from. Durable metal springs in the seat give the sofa a springy comfort, allowing you to sit, relax and enjoy it for many years. A modern and timeless classic!

Cover options

A new cover is a great way to extend the life of your favourite KLIPPAN and revitalise your home – for a new season or whenever the mood strikes you. You also make a sustainable choice by freshening up and reusing! The covers are removable and washable. The fabric sofa comes with the frame unassembled, making the package smaller and easier for you to transport home.

The coated fabric sofa has a fixed cover and comes fully assembled in one package.

All parts

	2-seat sofa
Width×Depth×Height in cm	180×88×66 cm

* Total Width×Depth×Height for 2-seat sofa with coated fabric cover: 177×88×66 cm.

Good to know

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Vansbro: The cover is made of a very soft fabric and has a quilted structure that enhances both the comfort and the look. 100 % polyester (100% recycled).	Machine washable at 40°C.	50,000	5
Kabusa: The cover has a smooth-woven surface with different yarn colours – making it look like the fabric has a structure. 100% polyester.	Machine washable at 40°C.	25,000	5
Vissle: A dope-dyed cover, in a durable material with a soft feel, smooth weave and a nice two-tone effect. 100% polyester (min. 90% recycled).	Machine washable at 40°C.	50,000	5

Coated fabric

Coated fabric is a fabric material with a coating, which can be embossed to look like leather. It's a strong and durable material and very easy to care for – just vacuum the surface using the soft brush attachment on your vacuum cleaner and wipe with a damp cloth.

All our different coated fabrics have been treated to protect them and make them easy for you to look after. All have also been tested and approved for tear strength, flexibility and colour fastness, so you can be sure you will enjoy your new sofa for many years to come.

	Care instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Bomstad: A durable, fixed, coated fabric cover with a base of cotton and polyester and with a polyurethane surface coating. The cover has a similar look and feel to leather and is very easy to look after and keep clean.	Vacuum clean with the soft brush attachment and wipe with a damp cloth.	50,000	5
