KIVIK Seating series has a 10-year guarantee. Read more in the guarantee brochure.

Comfortable sofa at an attractive price

KIVIK seating series is made for people who want extra comfortable seating, without it costing more than necessary. Every detail, inside and out, is adapted to give you as much comfort as possible. The series also includes a compact 1-seat sofa bed that allows you to fit both an extra seat and overnight friends in a small area. This way, you always have room for relaxation.

Count on maximum comfort

The seat cushions in KIVIK seating series are made of pocket springs, high-resilience foam and polyester fibres – adding both relaxing softness and firm support where your body needs it. The wide armrests have a thick padding that's nice both to rest your neck against and to sit on. If you choose to add a chaise longue and footstool you will have a combination you can really stretch out on – and count on maximum comfort when you sit down on the sofa.

Choose your own combination

It's easy to adapt KIVIK seating series to suit your home and your needs. You can, for example, combine the sofas with a generous chaise longue for extra room and comfort or add the corner section to create even bigger combination to seat as many people as you like. You have every possibility to create your own personal solution!

Choose your own cover

Discreet or colourful tones and different materials and textures to choose from. Your sofa cover affects the look of your sofa and we always have many to choose from, both when you buy a new sofa or want to update the one you have at home. Some of our removable covers are available directly in the store, others are order items and delivered to your home.

Good to know

Fabric sofas

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn.dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Kelinge is a soft, wide-wale corduroy fabric that has a slight lustre. The thickness of the corduroy gives a comfortable feeling. 100% polyester.	Machine washable at 40°C	50,000	5
Tibbleby is a fabric with a smooth surface, slight lustre and a discreet herringbone pattern. 100% polyester.	Machine washable at 40°C	50,000	5-6
Tresund fabric with a clear texture has a nice two-tone effect with a lustre and a wonderfully soft feeling that adds to the comfort. 78% cotton, 22% polyester (100% recycled)	Machine washable at 40°C	40,000	6 (anthracite), 5 (light beige)
Gunnared is a durable fabric with a wool-like feel, a warm look and a two-toned melange effect. 100% polyester (min. 90% recycled).	Machine washable at 40°C	55, 000	6
Tallmyra is a hardwearing chenille fabric made of cotton and polyester and has a soft surface and a slightly reflective lustre. 78% cotton, 22% polyester.	Machine washable at 40°C	30, 000	5

Leather and coated fabric

Our fabrics have been tested

KIVIK leather sofa is a combination of our 1.2 mm thick grain leather called GRANN, which is a soft yet durable dyed.through leather, and BOMSTAD coated fabric. Coated fabric has the look and feel of leather at a lower cost. This is why IKEA often uses a combination of both, with leather on direct contacts areas such as seating surfaces and armrests (1), and coated fabric on other outer surfaces (2).

Grain leather

The natural variations in the hide are visible, as the leather is treated with only a light colour coating for protection. The leather will acquire a beautiful patina over time. It's also easy to care for – just vacuum regularly with the soft brush attachment on your vacuum cleaner.

Good to know

The corner section is a corner + 2-seat sofa without armrest and must be connected to another sofa section (with armrest) in order to make either a corner or u-shape sofa.

You can do it yourself, but you don't have to

IKEA products are designed to be taken home and assembled yourself. But if you would like some help, we can offer you a range of services. For more information contact your local IKEA store or visit [IKEA.com.au](https://www.IKEA.com.au)

Assembly

Sometimes it's nice to have someone else put your furniture together. We're happy to do it for you.

Delivery

Can't take your furniture with you?
We'll bring it to your home or workplace.

Interest free finance available

To realise your dream today, we offer interest free finance* to approved customers. You can apply online, over the phone or in-store at our planning desks.

*Terms, conditions, fees, charges and lending criteria apply.

For the latest information regarding IKEA services including remote planning, contactless click and collect, contactless assembly and delivery visit [IKEA.com.au](https://www.IKEA.com.au)
