

Buying guide

HEMNES

Bathroom furniture

Safety

Some of this furniture must be fixed to the wall with the enclosed wall fastener. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

Care and cleaning

Clean with a water or a non abrasive detergent, then wipe dry with a clean cloth.

The wash-basin and mixer tap should be cleaned with water or a non abrasive detergent.

Wash-basins in ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Wash-basins made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

Genuine character the lasts

HEMNES bathroom furniture has a straightforward, crafted look with Scandinavian appeal and modern function. The series includes wash-stands, mirrors, cabinets and shelving, in different dimensions, to make your bathroom functional and comfortable - no matter size. To enhance the traditional look and your own unique style, choose between a turn-of-the-century-inspired wash-basin with raised edges or an eye-catching solution with round countertop bowl.

Prices in this buying guide are valid at 1 September 2021, and are subject to change. All of the products shown here may not be available at the store. Please check [IKEA.com.au](https://www.ikea.com.au) or in-store for more details and current pricing. All units require assembly..

How to build

1. Start planning your bathroom by thinking about the wall space you have available for a wash-stand and wash-basin, since this is the centre of most bathroom activities. The HEMNES series comprises wash-stands of different sizes and storage capacities.

You can choose between open and regular wash-stands depending on your storage needs and preferences in your bathroom.

After you have decided on the size of the wash-stand, you can choose between white and black brown finishes.

The drawers in HEMNES wash-stand are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially practical if you have children.

2. IKEA wash-basins come in different sizes and materials. You can choose a single or double wash-basin, depending on your needs and space. The wash-basins suitable for HEMNES are made in ceramic.

Ceramic wash-basins have a glazed finish and are easy to clean. They have excellent scratch resistance and are very durable.

If you choose HEMNES open wash-stand combine it with TÖRNVIKEN counter-top wash-basin for the best functionality and looks.

All wash-basins come with a water trap and strainer. The water trap is flexible and can be connected to both washing machines and dishwashers.

3. You can find a wide selection of wash-basin mixer taps at IKEA. Choose your tap based on function and design. All taps come with a strainer kit, with the exception of SALJEN. All taps at IKEA have a water-saving device that uses 50% less water but ensures that the water flow feels the same.

Most of our taps have a special function – a cold water start that helps you save energy. Usually, you turn on an ordinary tap by lifting the lever straight up, which releases both cold and hot water. But often, the hot water does not reach the entire way out and stops in the pipes. When you lift the lever straight up on a tap with a cold water start function, only cold water is released, which reduces any waste of hot water. To release the hot water, you lift the lever to the left.

4. Now it's time for you to choose what to put above and around your wash-basin: mirror cabinet, high cabinet with mirror door, shelving unit, bench. The combination possibilities are endless. Make your choice based on your bathroom storage needs and space.
5. Finally, you can complete your bathroom furniture with accessories from BALUNGEN and VOXNAN series. It's designed to match HEMNES so the look in your bathroom will be coordinated in both colour and style.

Guidance

Enjoy fast and easy guidance on the way to your new IKEA bathroom. Below you find brochures and tools that will assist you in every step of the journey. All materials are available at your local IKEA store or online at [IKEA.com.au](https://www.ikea.com.au)

Bathroom brochure

A brochure full of inspirational pictures of bathrooms in all styles and sizes. Here you'll find everything from full-sized bathrooms to all those little extras that make everyday life in the bathroom easier and more fun.

IKEA.com.au

On our webpage you'll find lots of inspiration and ideas to get the most out of your HEMNES bathroom, whether it's a new one or an old that you want to freshen up. Plus, here you'll find all products that you can imagine to personalise and create the bathroom of your dreams.

Bathroom installation guide

Our bathroom installation guide gives you tips and step-by-step instructions on how to install your bathroom on your own. Just remember, you can do it all by yourself, but you don't have to. Read about our services on page xx.

IKEA Bathroom Planner

Create your HEMNES bathroom from the ground up in a 3D environment where you will get a price for every unit and for the complete bathroom. You can print out drawings and product lists at home, or save them to the IKEA web site. At your local IKEA store, you can discuss your design with one of our bathroom experts for further advice and support.
