## Livingroom storage

### Good to know

Tempered glass should be handled with care! A damaged edge or a scratched surface can cause the glass to break suddenly. Avoid collisions from the side – this is where the glass is most vulnerable.

### Safety

This furniture must be fixed to the wall with the enclosed wall fastener if placed on the floor. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included).

### Good-looking storage for a great-looking living room

BESTÅ is specially designed to take care of all your storage needs – and to look good while doing it. So you can use it to make your living room both great-looking and practical. It gives you plenty of room for everything – from your TV, gaming consoles and sound system to your DVDs and books. Choose between a high, low or wall mounted combination. You can even choose a combination with panel doors to hide away clutter or glass doors to show off your favourite things. BESTÅ comes in many different colours and finishes so it's easy to find the right one for you.

### Do it yourself or let us help

Just because you can do everything yourself, doesn't mean you have to. Let us help make your BESTÅ storage solution a reality with our service offers like picking, home delivery, assembly, financing and more. Read more at [www.IKEA.com.au](http://www.IKEA.com.au)

# Customise your own BESTÅ

The BESTÅ system is designed to be adoptable and flexible. You can select and arrange the BESTÅ parts in a way that suits your particular space, lifestyle and taste.

We have a wide range of pre-designed BESTÅ combinations to choose from in the store and on [IKEA.com.au/besta](http://IKEA.com.au/besta). If you do not find a combination that you like, or if you would like to customise one, use our BESTÅ storage planner.

By using the BESTÅ storage planner, you can customise one of the pre-designed BESTÅ combinations or create one that is all your own!

The planner allows you to play around with frames, doors, shelves, knobs, colours etc to create the perfect storage and media solution that fits your specific needs and taste.

When you are ready with your BESTÅ combination, the planner helps you to calculate the price and allows you to print or save list of products that you can bring to your IKEA store or use to buy the products online.

In the BESTÅ area of the IKEA store you will find planning stations where you can use the BESTÅ storage planner online at [www.IKEA.com.au/besta](http://www.IKEA.com.au/besta)

## How to mount a frame on the wall

You will need a suspension rail to mount BESTÅ frames on a wall. The suspension rail works as a reinforcement and makes it both easier and safer to mount the BESTÅ frame to the wall. The rail screws into the wall studs and has many holes so there's always a hole over a stud.

You can easily hang several frames next to each other and align them at exactly the same height thanks to the included connector. Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail.

**BESTÅ suspension rail**, silver-colour. 60 cm wide frames require 1 BESTÅ suspension rail. 120 cm wide frames require 2 BESTÅ suspension rails. The suspension rail cannot be used with BESTÅ TV benches. Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail. BESTÅ suspension rail is included in all wall-mounted combinations.

Good lighting makes life easier and helps you set the right mood. The options here are made for BESTÅ. They let you light up your favourite pictures and collections, and enjoy the cosy reflected light. And of course lighting makes finding things easier, on shelves or even inside cabinets. The TRÅDFRI LED driver makes MITTLED, ORMANÄS, TVÄRDRA and YTBERG smart and gives them the ability to be wirelessly dimmed with STYRBAR remote control or RODRET wireless dimmer and to be connected to the DIRIGERA hub.

**MITTLED LED spotlight dimmable.** The lighting enhances both function and atmosphere in your home and makes more fun when you have a good, even light when you dine or socialise because this lighting strip is dimmable. Easy to fix in place – just remove the paper from the self-adhesive tape and stick the lighting strip where you want it. If you want to turn the lighting strip on and off at the same time as you turn the TV on and off, you can connect it directly to the TV's USB-A port by using the included connector.
