Personalise your outdoor space
How do you want to furnish your outdoor dining area? With the SJÄLLAND series you have every chance to create a personal solution. The table tops are made of aluminium, eucalyptus and glass, and the seating furniture is made of aluminium and eucalyptus. You can also add cushions in different colours. One tip is to buy two table tops in different materials, so you can change based on season and your mood to vary the style.

Easy to care for
The SJÄLLAND series is made of durable and easy-care material, allowing you to spend more time with family and friends and less time on maintenance and care. The aluminium chairs and the aluminium and glass table tops are particularly durable, while the furniture made of eucalyptus is also durable and ages beautifully. A smart detail is that the chairs are stackable and the reclining chairs foldable, making them easy to store when not in use.
Combinations

Enjoy your coffee outdoors all year round. An easily-placed combination that is perfect for a balcony. Choose a table top in eucalyptus during the summer and change to maintenance-free aluminium or glass when weather worsens – so you can drink your coffee outdoors all year round.

Protecting & caring for SJÄLLAND

For wooden furniture

The best way to extend the life of your wooden outdoor furniture is by cleaning it regularly, not leaving it outdoors unprotected more than necessary and to re-stain it on a regular basis.

Clean
With a mild soapy solution. Wipe dry with a clean and dry cloth.

Maintenance
To prevent the surface from drying out and cracking and moisture from penetrating into the wood we recommend you to re-stain the furniture on a regular basis, for example once or twice a year.

Storing
If possible, store in a cool dry place indoors. If the furniture is stored outside, cover it with a waterproof cover. After a rain or snowfall, wipe off excess water or snow from flat surfaces. Allow air to circulate to avoid condensation.
