# Live more outdoors

---

Dreaming of a nap in the sun? A refreshing snack with friends? A moment alone in the shade? Your dream is waiting at home, in whatever size space you have. With your imagination and our wide outdoor range, your dream is covered, whether it's about dining, lounging, cooking, gardening, storing or having laundry help. Let's see what your outdoors can do.

## Serve up fun

---

There's something memorable about being outdoors while cooking a meal and spending time together. It's like food tastes better in the sunshine. Maybe it's being closer to nature — we're not sure. But we are sure that from dining tables and chairs to barbecues and gardening stuff, we have all you need to enjoy cooking and eating outdoors. Plus, it's all under one roof, whether you'll put it under a roof or not!

## Take it easy

When you're outdoors, it's easier to slow down and practise the art of doing nothing. Whether you're on your balcony, at the beach or in your garden, you can make the outdoors all yours. From modular sofas, hammocks and sun loungers to parasols, gazebos, lights, textiles and everything in between, we have what you want in styles you'll love for an outdoor oasis you won't want to leave.

# NÄMMARÖ

## Sometimes it's good to be square

When we developed NÄMMARÖ, we asked ourselves: what's the best way to create really comfy and affordable outdoor furniture? We found one answer to the question in the design. By basing the whole series on a simple geometric shape, we managed to lower the manufacturing cost.

**That's good news for your wallet**  
"We want NÄMMARÖ to be easy to both take home and live with," says product developer Anders Adler. He and the development team found a part of the solution in a simple geometric shape - the square.

**One look, many possibilities**  
"We designed a frame that looks like a square with small legs," explains Anders. It's a shape that's used throughout the series, from chairs to tables.

"The frame gives NÄMMARÖ a uniform and contemporary look. It's also modular thinking that simplifies the production and lowers the cost. And since NÄMMARÖ doesn't have any curved shapes, the products are easy to pack in flat packages."

It contributes to a lower price and saves valuable space

during transport - all the way from the factory to the customer's home.

**Create your own oasis**  
In the NÄMMARÖ family, you find sun loungers and chairs for long and lazy days, sofas for many guests and tables for intimate dinners or big families.

"It's about finding what suits you and your needs. NÄMMARÖ creates possibilities - for both different outdoor spaces and wallets."

The furniture is relatively light, so you can easily move it if you need to make room for more guests or stow everything away when the outdoor season is over.

"It's one of those small but important things that makes the everyday life on your terrace or balcony more convenient," says Anders.

"When we designed NÄMMARÖ, we wanted to create a family of modern outdoor furniture that can both blend in and stand out. The square frame used throughout the series contributes to a uniform look and ties the different products together. The soft honey colour ages with grace and is easy to match with things you already have at home and the greenery on your balcony or terrace."

# How to furnish your outdoor space

You'll be spending time in your great outdoors in no time! Get started exploring the possibilities with these general tips. The next page has specific info for smaller and larger spaces. Remember the furniture and pieces we're talking about are those designed for outdoor use – and they're all in this buying guide. Sketch a floorplan with dimensions as a handy tool to figure out what fits. Then follow our helpful hints:

## Save time and space

If you use your space occasionally or if you want a nice space without investing much time and energy: Choose lightweight, stackable or foldable pieces that are easy to bring indoors. Protect them with water-proof covers if you can't store indoors.

## Plants and flowers

Plants and flowers bring nature closer to you. Artificial plants have the same effect if the weather (or your desire) isn't growing friendly.

## Rugs and flooring

Rugs and flooring can change your space's look. They help make whatever "ground" you have more comfortable and your space easier to clean.

## Lighting

Lighting encourages being outdoors as much as possible in dark nights and seasons. It adds ambience and looks nice even when you're indoors.

## Cushions

Cushions show off your personality. Mix and match colours, sizes and patterns on sofas and chairs for decorative touches and soft, supportive padding. Protect them in storage bags/box when not in use.

## Follow your style

Extend your indoor style to your outdoors. This creates a strong visual and emotional connection.

## Material matters

Material choice is tied to likes, wants and needs. If you like wood, remember it needs some maintenance every now and then. Plastic, steel and aluminium are easy-care options.

If your space is exposed to lots of sun or moisture: Protect your furniture as much as possible. This is especially true for wood but also applies to steel, plastic and aluminium – even though these materials better withstand sun and moisture. Regardless of material, protecting furniture helps it last longer.

## Shade and protection

If you need shade/protection from ultraviolet rays or if you want privacy: Look for parasols, canopies, nets, gazebos or privacy screens to suit your needs.

A small balcony where big dreams happen

Don't let a small outdoor space limit what you can do on your balcony. With clever storage and smart furniture all your big ideas can be brought to life – whatever your budget.

**A table with a view**  
This outdoor table with two folding chairs makes it easy to start setting the scene on your small balcony. The best bit? The low price means that extending your living space won't make a big dent in your wallet.

**A mini-vegetable garden**  
As well as helping to keep your balcony tidy, this shelving unit could be the answer to your growing dreams if you're itching to flex your green fingers. Simply add the protective cover to create a small greenhouse for nurturing things like herbs and small vegetables.

**All you need for added cool**  
Need some extra shade? This small parasol has been specifically designed to keep balconies cool and shady. Its unique design brings a modern look to the space and the base won't get in the way of any of your other furniture.

**Fantasy flooring**  
It's easy to give your balcony or your terrace a style refresh with this statement floor decking, that can be easily cut to fit any awkward spaces. With UV stabilisation to withstand prolonged exposure to sunlight and a fade resistant finish, it will last longer and stay looking fresh.

Defining a clear dining area

A parasol over the dining area ties together your dining set nicely. Of course, it provides pleasant shade when the sun is out – but it's also quite nice leaving it up after sun-down for a canopy over your heads creating a cosy vibe.

**Seating for more than eating**  
Multi-use furniture is always a good choice for your outdoor area as they set you up for more than just one activity. This reclining chair works just as well for dining as for relaxing or sunbathing. It's foldable for easy storage too.

**Using plants as dividers**  
High plants in large pots are a smart way to divide your patio into rooms with clear separation. This makes it easier to have more than one thing going on at once – which is ideal for parties, for instance. The greenery also helps create a nice, lush atmosphere.

**Customised lounge set**  
Arrange and rearrange things to suit your patio perfectly. This outdoor sofa section lets you make a sofa any shape and size you want, as well as matching stand-alone easy chairs. Remove the backrest and it's a footstool. Remove the cushion and it's a side table.

**The handy bonus bench**  
A bench is always useful to have around in your outdoor space. It's perfect when you need extra seating for guests. Awaiting that, it makes a lovely flower bench that's great for hiding storage under as well.

# Outdoor armchairs, sofas and tables

## Lounge with ease

Why limit your living space? You can easily create a lounge-worthy hangout outdoors, too. Start with seating like modular or solitaire sofas, armchairs and a pouffe or two. Add in a coffee table or a side table, so you (and your guests) have a place to set food and drinks. Then take a break from indoor life and take that book, board game, smart phone or snack into the great outdoors.

# Outdoor comfort cushions

---

## Stay a while

Make yourself comfortable for long naps and even longer meals with our thick, padded cushions. In a variety of colours, they add an extra splash of style to your outdoor seating. Many have fade-resistant colour – thanks to how they're dyed – and are water-repellent, so you can shake off the water after a light, passing rain shower. Many of them have longer lives because you can flip and use both sides. Their ties and/or straps keep the chair cushions and pads firmly in place on the chair, too. And many cushions have removable, machine-washable covers for easy cleaning of melted ice cream.

## JÄRPÖN/DUVHOLMEN and FRÖSÖN/DUVHOLMEN

**Both the** cushion covers of **FRÖSÖN and JÄRPÖN** are sold separately from DUVHOLMEN inner cushions. Why? To make life better, of course! You can change up your outdoor look just by changing the cover. It'll take some time for its colour to fade, because we dye the yarn in a way that makes colour last longer (and uses less water). You won't slide around on your seat either thanks to the fact that most of the FRÖSÖN covers have straps that keep the cushions in place and JÄRPÖN covers have anti-slip dots on the underside.

You can shake off water from a light rain, because **both** JÄRPÖN and FRÖSÖN are water repellent without the use of perfluorinated chemicals. If the cover's dirty, just wash it in the machine. And you can relax even more knowing that we make the cover fabric from a minimum of 90% recycled polyester, which reduces the use of new raw materials and lowers its environmental footprint.

In addition, JÄRPÖN cushion covers have a piping that makes them different in design. Each cover also has a padded inlay that increases your seating comfort.

## JÄRPÖN/DUVHOLMEN

JÄRPÖN cushion covers: 100% polyester. Underside: Polyester, synthetic rubber. DUVHOLMEN inner cushions: Filling; polyester wadding/polyurethane foam. Do not wash.

KUDDARNA

**KUDDARNA** chair cushions, seat/back cushions and back cushions add a traditional look to outdoor seating and have ties to stay firmly in place. They all have longer lives, since they can be turned over and used on both sides. Their fade-resistant fabric is dyed in a more sustainable way that also makes the colour last longer in the sun, too. This dope-dyeing process reduces consumption of water and dyestuff while

improving colour fastness compared to traditional dyeing techniques. The seat cushion has a removable, machine washable cover with anti-slip dots on the underside that keep the cushion in place.

# Outdoor cooking

---

## Turn up the heat

Veg. Fish. Pineapple. What's today's special? Get cooking outdoors with a barbecue that's right for you. You'll find both barbecues, trolleys and kitchen islands to store oils and herbs close at hand and have dishes and bowls ready for serving – straight from the grill to the table. With new GRILLSKÅR series you can even build a complete outdoor kitchen to also do the wash up afterwards, just like your indoor kitchen. The barbecues have smart features like built-in thermometer, high-grade stainless steel cooking grates, pull-out ash trays and heatinsulated handles.

# Grill fast with gas

A gas barbecue gets up to running temperature quickly, and you can precisely control the temperature while you cook. Make sure there's gas in the cylinder, press a button and in about 10 minutes you're good to go! Even though gas gives off less smoke than charcoal, you still

get delicious barbecue flavour thanks to vapourizer bars that turn juices into smoke. And when you're done cooking, just run the burners on high for 5 minutes to burn off cooking residue and make cleaning easier.

## Good to know

- 1. The built-in thermometer on the hood helps you check the temperature during grilling — without having to lift the hood.
- 2. The cooking grate is durable and rustproof, as it is made of high-grade stainless steel.
- 3. GRILLSKÄR gas barbecue has 4 independently controlled burners with low to high temperature settings, providing you with lots of cooking options.
- 4. Heat-insulated handles in stainless steel.
- 5. The grease cup can be pulled out and is therefore easy to clean.

GRILLSKÄR outdoor kitchen

With the flexible modules in the GRILLSKÄR series you can customise your own outdoor kitchen with plenty of storage and an efficient workspace to prepare food, cook it and wash up afterwards. You can build in a

# Go classic with charcoal

A charcoal barbecue provides extra smoky flavour loaded with that tradition feel. Using charcoal or briquettes, you can create a hot zone for direct cooking and a cooler zone for indirect cooking. You can even bake, use a wok or cook pizza. In general, charcoal barbecues can reach higher temperatures than gas but take longer to reach cooking temperature. We recommend

that after lighting you wait 30-40 minutes — or until the coals are covered with grey ash — before putting on your food. You can regulate the overall temperature using the vent on the hood and on the front of the barbecue. When you're done, put out the coals by closing the hood and vent.

## Good to know

1. The built-in thermometer on the hood helps you check the temperature during grilling — without having to lift the hood.

2. To get the desired grill temperature you can regulate the air flow by adjusting the stainless steel vent on the hood and on the front of the barbecue.

3. The cooking grate is durable and rustproof, as it is made of high-grade stainless steel.

4. Heat-insulated handle in stainless steel.
5. The ash tray can be pulled out, so it's easy to empty the ashes once you have finished grilling.

6. On the shelves under the grill there is space for accessories, utensils, serving platters and other things you need in order to serve smoking hot food directly from the grill to the table.

## GRILLSKÄR outdoor kitchen

With the flexible modules in the GRILLSKÄR series you can customise your own outdoor kitchen with plenty of storage and an efficient workspace to prepare food, cook it and wash up afterwards. You can build in a

# Gazebos, parasols and privacy screens

## Add shade and privacy

Enjoying life outdoors means being exposed to all of nature's pros and cons – not to mention neighbours or city life in general. Gazebos and parasols help shield you from the elements and provide ultraviolet (UV) protection. Some of our parasols are water repellent, so you're protected against a light, passing rain shower. You can even complement the HIMMELSÖ gazebo with a net or curtains for an extra cosy atmosphere. Privacy screens help keep eyes away to give you more peace of mind.

All our parasols and gazebos have polyester fabric with UV protection. Here's what our different sun protection scales mean:

**Excellent protection 50+** fabric has a UPF (Ultraviolet Protection Factor) rating of 50+, which means it blocks 98% of the ultraviolet radiation.

**Very good protection 25+** fabric has a UPF (Ultraviolet Protection Factor) rating of 25+, which means it blocks 96% of the ultraviolet radiation.

**Good protection 15+** has a UPF (Ultraviolet Protection Factor) rating of 15+, which means it blocks 93% of the ultraviolet radiation.

**Please be aware:** The parasol and gazebo do not provide protection against reflected or scattered solar ultraviolet radiation.

# Outdoor storage and organising

---

## Contain the clutter

Make more room to enjoy the outdoors. To hold anything from cushions and dishes to toys and sports equipment, little additions like hooks or a box can have as much of an impact as larger shelving units, cabinets, storage benches and trolleys. Open shelving units keep things readily accessible, while closed cabinets, storage benches (that double as seating) and TOSTERÖ storage bags and box shield stuff from the elements. Storage can't hold the nice weather, but it can help you spend more time having fun.

## Light a cosy night

Just because the sun goes down doesn't mean the fun has to stop! Turn on the lights wherever you are and set the mood you want with outdoor lighting. We have lamps — pendant, table, floor — lighting chains and lanterns. Almost all of our SOLVINDEN lighting uses solar cells to transform sunlight into electricity, so they won't add to your bills and don't use untidy cables and plugs. For those chilly nights that need an extra dose of cosy, BROKÖ fire basket will warm things up.

# Decorative cushions and throws

---

## Enhance your style

Show off your personality and get just-right extra padding. Whether you're after a subtle touch of colour, an impactful pop or an eye-catching pattern, we have plenty of outdoor decorative cushions to choose from. We design them for the outdoors, so most are fade resistant from a dope-dyeing process that's more friendly to the environment. To keep them clean and protected when they're not in use, we recommend storing them in one of our outdoor storage boxes, TOSTERÖ or VRENEN.

In/outdoor cushions

These cushions are perfect for outdoor use as the fabric is fade resistant and therefore they stay fresh for longer in the sun. And they make the balcony or terrace

more comfortable, personal and much more colourful! You can use them indoors as well.

ourful, it's important to bring them back inside when you're done having fun in the sun.

How to mix and match with cushions

Want to make your outdoor sofa as cosy and stylish as your indoor sofa? Create a cushion combo! Here's one way to do it that's as easy as 1, 2, 3 with our range of

cushions. They're designed to coordinate, so it's simple to group them together.

1. Start by choosing a base of comfort seat and back cushions in your favourite neutral colour. These are thick, padded, bigger cushions with covers like FRÖSÖN on pg. XX.
2. Add a solid colour or two
3. Pick a pattern like stripes, buttons or abstracts. Look for decorative cushions like GULLBERGSÖ or others on the facing page. Now take a seat and relax!

Helpful hints:

We're talking mainly covers here. You'll need the corresponding inner cushions or pads, too. If you're feeling adventurous or fall in love with a pattern first, reverse the order of the steps.

# Outdoor flooring and rugs

In a variety of sizes, bold patterns and neutral colours, there's a rug to suit your style. UTLÄNGAN, RUNNEN, MÄLLSTEN and ALTAPPEN floor decking are easy to install by clicking the parts together. Outdoor flooring

area for lounging and dining. Some of our different floor decking options can even be combined together, if you wish to mix and match!

Create your personal outdoor flooring

	ALTAPPEN	RUNNEN	RUNNEN edging strip, RUNNEN corner strip	MÄLLSTEN	UTLÄNGAN
Can be combined with:	ALTAPPEN	RUNNEN, MÄLLSTEN, UTLÄNGAN	RUNNEN, MÄLLSTEN, UTLÄNGAN	MÄLLSTEN, RUNNEN, UTLÄNGAN	UTLÄNGAN, MÄLLSTEN, RUNNEN
Size:	30×30 cm	30×30 cm	30×3 cm, 3×3 cm	30×30 cm	60×30 cm
Package quantity:	9 pieces	9 pieces	4 pieces (edging strip) 2 pieces (corner strip)	9 pieces bottom part + 9 pieces top part	5 pieces

Calculate how many packages you need:

To calculate your outdoor area, multiply the length by the width.  
**Example:** Width 3 m×5 m = 15 m²

Calculate any areas to be subtracted from the total area, e.g. for pillars or corners.

**Example:**  
Corner width 0.5 m × length 1.0 m = 0.5 m²  
15 m² – 0.5 m² = 14.5 m²

Divide the sum by 0.81 for the square tiles and round up (to ensure enough floor decking):

**Example:**  
14.5 m² ÷ 0.81 = 17.90  
**Rounded up to 18 packages.**

Here is a guide with ready-made calculations:

Size of area	Number of packages (RUNNEN. ALTAPPEN and MÄLLSTEN)	Number of packages (UTLÄNGAN)
2 m²	3 packages	3 packages
5 m²	7 packages	6 packages
7 m²	9 packages	8 packages
10 m²	13 packages	12 packages
12 m²	15 packages	14 packages
18 m²	23 packages	20 packages
20 m²	25 packages	23 packages
25 m²	31 packages	28 packages
30 m²	37 packages	34 packages

Our floor decking is suitable for hard, even surfaces, like for example concrete, stone and wood."

# Maintenance

---

## Easy-care furniture materials

Aluminium, plastic, plastic rattan and steel are maintenance-free outdoor furniture materials. Just make sure to keep the pieces clean with a mild soapy solution. Cover or store them away at the end of the season in a cool, dry place like a garage, carport or basement – especially plastic and plastic rattan pieces that can crack in freezing temperatures.

## Little-extra-care furniture materials

Acacia, eucalyptus and other solid woods usually require a little care from time to time. Clean with a mild soapy solution, cover them when not in use and at the season's end, cover or store them away in a cool, dry place indoors. All our wooden outdoor furniture is pre-treated with stain or paint. We recommend re-staining to prevent cracking and extend its lifetime. How often you re-stain depends on location, usage and exposure to the elements. For example, furniture in open air needs re-staining when rain drops are absorbed instead of forming small beads. If painted furniture begins to flake or look worn, repaint or touch up with paint for outdoor use.

## Care for parasols

Fold your parasol when not in use, so it will be sturdier against wind. Parasols typically need a thorough cleaning only once a year. Follow the wash label. We recommend protection from dirt, dust, pollen and rain with a cover like TOSTERÖ and storing it in a cool, dry place indoors. Ensure it is completely dry before covering.

## Care for gazebos

Always remove the gazebo roof in windy conditions or heavy rain. Clean your gazebo regularly, both outside and inside. Follow the wash label. Regularly re-stain a wooden gazebo frame to prevent cracks. A steel frame is easier to care for; simply clean with a mild soapy solution. Before storing a gazebo at the season's end, clean the fabric and let it dry thoroughly. Store the gazebo in a cool, dry place indoors. TOSTERÖ storage bags or box can be used for the gazebo roof and curtains.

## Care for cushions and pads

To extend the life of your outdoor cushions and pads, clean them regularly. Follow the wash label. We recommend storing them away when not in use, preferably in a cool, dry place indoors. TOSTERÖ storage bags and box helps keep them in shape. Ensure the cushions are completely dry before you close the bag or box.

# Protect your outdoor pieces

With a little help from you, your outdoor furniture can have an extended life. In general, clean outdoor furniture regularly and avoid leaving it outdoors unprotected

more than necessary. If possible, use a water-proof cover like TOSTERÖ and store in a cool, dry place indoors when the season is over.

# Made outdoor strong

When you're spending time outdoors, we want you to daydream, chit-chat, cat nap and savour delicious flavours. We don't want you to worry about the quality of your outdoor furniture. We've done all the thinking and researching for you, so your pieces will have long lifetimes. From choosing durable materials and adding extra protection against the elements, we treat every outdoor piece like we were bringing it home — in every kind of weather! Read more about our outdoor materials below.

## Metals

All metal used in our outdoor furniture withstands rain, snow, low and high temperatures. Lightweight aluminium is a very durable, rustproof material even without any additional treatment. Steel is durable and protected against rust by a powder-coating of paint. Galvanised steel is coated in zinc for protection against rust, and we apply a powder-coating of paint, too.

## Plastics

All our plastic and plastic rattan outdoor furniture will look fresh and new for longer because it is both UV stabilised and fade resistant. Plastic and hand-woven plastic rattan are durable and withstand rain, snow, low and high temperatures. In freezing temperatures, they can weaken and are not recommended for use.

## Solid woods

All our outdoor wooden furniture is pre-treated to extend the time before you need to maintain it. Acacia and eucalyptus are durable, sturdy hardwoods because of their high density of wood fibres.

## Textiles and sunshine

To prevent as much fading as possible from the sun's UV rays, we introduced a production technique, called dope dyeing, for solid-coloured fabric cushions. During the process, the colour pigments become part of the fibre, improving colour fastness. This reduces water consumption by 80% and dyestuff consumption by more than 20% compared to traditional dyeing techniques.

## Textiles and rain

Some of our parasols and most outdoor cushions and cushion covers are protected against a light, passing rain shower. We don't use any non-degradable, per-flourinated chemicals on them either, which is better for you and the environment. As for water-repellent outdoor cushions, just shake off water from a light rain. If the forecast calls for weather heavier than a light, passing rain shower, we recommend putting your dry parasol and cushions in our TOSTERÖ covers, bags and storage box. They'll be better protected, and you'll be able to enjoy them for more sunny days to come!
