Care and Cleaning
Wipe clean with a damp cloth and a mild cleaner. Then wipe dry with a clean cloth.

Secure it!
Furniture that tips over can cause serious injuries and children are more at risk. Prevent tip over accidents by securing the furniture to the wall, using the tip over restraint provided with the product. For more information visit IKEA.com.au/secureit

Quality, design and smart details
The NORDLI series is distinguished by high quality and clean, contemporary design that makes it a stylish choice for the bedroom. It has smart details, like soft-closing drawers, a bed frame with storage and hidden cable management in the bedside table. The series also includes different modular chests that you can combine to perfectly suit your space. The chests offer flexible storage – not only for your bedroom but for other rooms, too – like the living room, hallway or even your business.

If your wall material is not listed or if you have questions, consult with a local hardware retailer.

WARNING! TIPPING HAZARD
Unanchored furniture can tip over. This furniture should be anchored to the wall with the enclosed safety fitting to prevent it from tipping over. Remember that the recommended maximum height for stacking NORDLI modular chests of drawers is 145 cm.

We have a wide range of pre-designed combinations to choose from. Some are included in this brochure, and more combinations can be found in the store and on our website at www.IKEA.com.au.

You can create the perfect solution to match your needs and taste. There are 2 simple steps to follow. Start by choosing the width of your solution. The top and plinth are sold together and come in widths of 40 cm, 80 cm, 120 cm and 160 cm. Then choose the size and colour of your modular chest of drawers.
