

BUYING GUIDE

EKET

Storage series

CARE

Clean with a damp cloth and a mild cleaner. Dry with a clean cloth.

SAFETY

To prevent this furniture from tipping over, it must be permanently fixed to the wall using the wall attachment fittings included in the packaging.

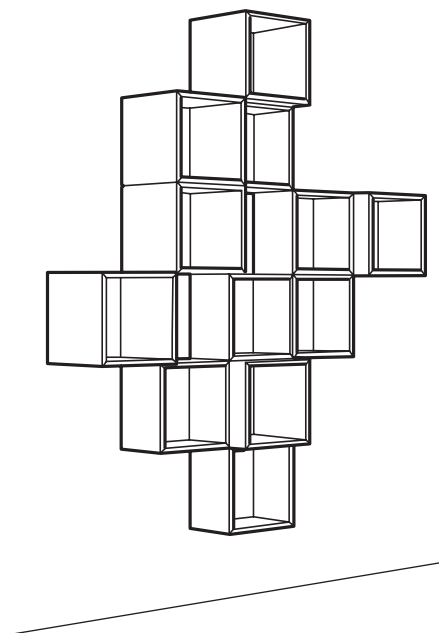

If the product is to be hung on the wall, it must be done with the designated suspension rail (sold separately at IKEA).

Assess the wall to ensure that it will withstand the weight. As wall materials vary, screws for wall fixation are not included. For advice on suitable screw systems for your wall, contact your local specialised dealer.

Wall fixing/hanging must be carried out by a qualified person, since wrong installation may cause injury or damage.

If the product is to be placed on the floor it is to be completed with EKET feet/underframes/legs (sold separately at IKEA).

EKET connection fittings (sold separately at IKEA) for stacking the modules on each other are only to be used when building a floor-standing combination.

Storage entirely on your terms

Large or small. Out in the open or hidden. Colourful or toned down. You can combine EKET cabinets the way you like and need. No matter what you're storing or how much space you have at home, you can always find a solution that suits you. If your needs or tastes change? No problem – you can easily change EKET too.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com.au for more information. For more detailed product information, see the price tag and the Internet. All units require assembly.

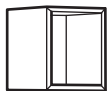

COMBINATIONS

You can combine different colours and sizes, change the placement of the cabinets the way you like and create a solution with its own complete look. Here are just some suggestions.
