IMPORTANT! READ CAREFULLY AND KEEP FOR FUTURE REFERENCE.

IKEA of Sweden, Box 702, S-343 81 Älmhult
Complies with AS/NZS 8811.1 2013.

WARNING

- Infant should always be placed on their backs on a firm and flat surface when sleeping.
- Do not put objects or accessories in an infant's sleep environment.
- Do not place the product close to another product, or near a blind, curtain, cord, strings or similar items that could become wrapped around an infant's neck and cause strangulation.
- Check this product regularly before using it, and do not use it if any part is loose or missing or if there are any signs of damage. Do not substitute parts. Contact your local IKEA store for replacement parts or if additional instructions are needed.

Important information

- You will find the product name on your mattress.
- A compressed product assumes its proper shape and volume within 3-4 days. The material has a distinctive smell that may linger after unpacking. Airing the product will help to eliminate the smell.

Care instruction

- The outer cover can be machine washed. The inner cover can be wiped clean with a damp cloth. It's easy to pull over the cover on again if you fold the mattress at the middle.

Advice when drying

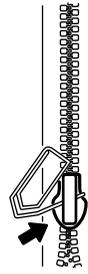

- Dry without use of a heat source (e.g. hairdryer or radiator).

Child-safe zip

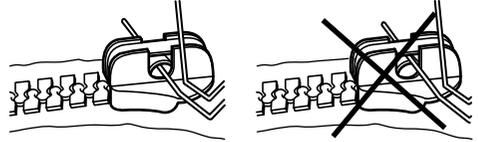

- The zip fastener has no tab. This is to prevent children from opening the cover and putting the contents in their mouth. Open and close the zip fastener by pushing, for example, a paper clip through the loop on the slide.

Important! Make sure you always remove the paper clip afterwards.
