Safety Information

Before using the appliance, read these safety instructions. Keep them nearby for future reference. These instructions and the appliance itself provide important safety warnings, to be observed at all times. The manufacturer declines any liability for failure to observe these safety instructions, for inappropriate use of the appliance or incorrect setting of controls.

SAFETY WARNINGS

⚠️ Very young children (0-3 years) should be kept away from the appliance. Young children (3-8 years) should be kept away from the appliance unless continuously supervised. Children from 8 years old and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge can use this appliance only if they are supervised or have been given instructions on safe use and understand the hazards involved. Children must not play with the appliance. Cleaning and user maintenance must not be carried out by children without supervision.

⚠️ WARNING! The appliance and its accessible parts become hot during use. Care should be taken to avoid touching heating elements. Children less than 8 years old must be kept away unless continuously supervised.

⚠️ WARNING! Never leave the appliance unattended during food drying. If the appliance is suitable for probe usage, only use a temperature probe recommended for this oven - risk of fire.

⚠️ Keep clothes or other flammable materials away from the appliance, until all the components have cooled down completely - risk of fire. Always be vigilant when cooking foods rich in fat, oil or when adding alcoholic beverages - risk of fire. Use oven gloves to remove pans and accessories. At the end of cooking, open the door with caution: allowing hot air or steam to exit gradually before accessing the cavity - risk of burns. Do not obstruct hot air vents at the front of the oven - risk of fire.

⚠️ Exercise caution when the oven door is in the open or down position, to avoid hitting the door.

PERMITTED USE

⚠️ CAUTION: the appliance is not intended to be operated by means of an external switching device, such as a timer, or separate remote controlled system.

⚠️ This appliance is intended to be used in household and similar applications such as: staff kitchen areas in shops, offices and other working environments; farm houses; by clients in hotels, motels, bed & breakfast and other residential environments.

⚠️ This appliance is not for professional use. Do not use the appliance outdoors. No other use is permitted (e.g. heating rooms).

⚠️ Do not store explosive or flammable substances (e.g. gasoline or aerosol cans) inside or near the appliance - risk of fire.

INSTALLATION

⚠️ The appliance must be handled and installed by two or more persons - risk of injury. Use protective gloves to unpack and install - risk of cuts.

⚠️ Installation, including water supply (if any) and electrical connections, and repairs must be carried out by a qualified technician. Do not repair or replace any part of the appliance unless specifically stated in the user manual. Keep children away from the installation site. After unpacking the appliance, make sure that it has not been damaged during transport. In the event of problems, contact the dealer or your nearest After-sales Service. Once installed, packaging waste (plastic, styrofoam parts etc.) must be stored out of reach of children - risk of suffocation. The appliance must be disconnected from the power supply before any installation operation - risk of electrical shock. During installation, make sure the appliance does not damage the power cable - risk of fire or electrical shock. Only activate the appliance when the installation has been completed.
 Carry out all cabinet cutting works before fitting the appliance in the furniture and remove all wood chips and sawdust. Do not obstruct the minimum gap between the worktop and the upper edge of the oven - risk of burn. Do not remove the oven from its polystyrene foam base until the time of installation. After installation, the bottom of the appliance must no longer be accessible - risk of burn. Do not install the appliance behind a decorative door - risk of fire. 

**ELECTRICAL WARNINGS**

- The rating plate is on the front edge of the oven (visible when the door is open).
- It must be possible to disconnect the appliance from the power supply by unplugging it if plug is accessible, or by a multi-pole switch installed upstream of the socket and the appliance must be earthed, in conformity with national electrical safety standards.

Do not use extension leads, multiple sockets or adapters. The electrical components must not be accessible to the user after installation. Do not use the appliance when you are wet or barefoot. Do not operate this appliance if it has a damaged power cable or plug, if it is not working properly, or if it has been damaged or dropped. If the supply cord is damaged, it must be replaced with an identical one by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard - risk of electrical shock.

- In case of replacement of power cable, contact an authorized service center.

---

**Environmental concerns**

**WARNING!** Ensure that the appliance is switched off and disconnected from the power supply before performing any maintenance operation - risk of electrical shock. Never use steam cleaning equipment.

Do not use harsh abrasive cleaners or metal scrapers to clean the door glass since they can scratch the surface, which may result in shattering of the glass.

Ensure the appliance is cooled down before any cleaning or maintenance. - risk of burn.

**WARNING!** Switch off the appliance before replacing the lamp - risk of electrical shock.

**DISPOSAL OF PACKAGING MATERIALS**

The packaging material is 100% recyclable and is marked with the recycle symbol. The various parts of the packaging must therefore be disposed of responsibility and in full compliance with local authority regulations governing waste disposal.

**SCRAPPING OF HOUSEHOLD APPLIANCES**

This appliance is manufactured with recyclable or reusable materials. Dispose of it in accordance with local waste disposal regulations. For further information on the treatment, recovery and recycling of household electrical appliances, contact your local authority, the collection service for household waste or the store where you purchased the appliance. This appliance is marked in compliance with European Directive 2012/19/EU, Waste Electrical and Electronic Equipment (WEEE). By ensuring this product is disposed of correctly, you will help prevent negative consequences for the environment and human health.

The symbol on the product or on the accompanying documentation indicates that it should not be treated as domestic waste but must be taken to an appropriate collection center for the recycling of electrical and electronic equipment.

**ENERGY SAVING TIPS**

Only preheat the oven if specified in the cooking table or your recipe. Use dark lacquered or enamelled baking trays as they absorb heat better. Food requiring prolonged cooking will continue to cook even once the oven is switched off.

**DECLARATION OF CONFORMITY**

This appliance meets the Eco Design requirements of European Regulations n.65/2014 and 66/2014 in conformity to the European standard EN 60350-1.
Cleaning and maintenance

**CLEANING**

**WARNING!**
- Never use steam cleaning equipment.
- Only clean the oven when it is cool to the touch.
- Disconnect the appliance from the power supply.
- Oven exterior

**IMPORTANT:** do not use corrosive or abrasive detergents. If any of these products accidentally comes into contact with the appliance, clean immediately with a damp cloth.
- Clean the surfaces with a damp cloth. If it is very dirty, add a few drops of washing up detergent to the water. Finish off with a dry cloth.

**Oven interior**

**IMPORTANT:** do not use abrasive sponges or metallic scrapers or scourers. Over time, these can ruin enamelled surfaces and the oven door glass.
- After every use, allow the oven to cool then clean it preferably while it is still warm in order to remove built-up dirt and stains caused by food residues (e.g. food with a high sugar content).
- Use proper oven detergents and follow the manufacturer's instructions to the letter.
- Clean the door glass with a suitable liquid detergent.

**Accessories**
Soak the accessories in water with washing up detergent immediately after use, handling them with oven gloves if still hot. Food residues can be easily removed using a brush or sponge.

**MAINTENANCE**

**WARNING!**
- Use safety gloves.
- Ensure the oven is cold before carrying out the following operations.
- Disconnect the oven from the power supply.

**To remove the shelf guides**
firmly grip the external part of the guide, and pull it towards you to extract the support and the two internal pins from the lodging.

**To reposition the shelf guides**
position them near the cavity and initially insert the two pins into their lodgings. Next, position the external part near its lodging, insert the support, and firmly press towards the wall of the cavity to make sure the shelf guide is properly secured.

**To remove the door**
1. Open the door fully.
2. Lift the catches and push them forwards as far as they will go (Fig. 1).

3. Close the door as far as it will go (A), lift it up (B) and turn it (C) until it is released (D) (Fig. 2, 3, 4).

4. Refit the upper edge: A click will indicate correct positioning. Make sure the seal is secure before refitting the door.

**To replace the lamp**
5. Disconnect the oven from the power supply.
6. Unscrew the lamp cover (Fig. 5), replace the lamp (see note for lamp type) and screw the lamp cover back on.
