

SMÅHAGEL

Design and Quality
IKEA of Sweden

English

Intended use

SMÅHAGEL 3-port USB-A charger is designed to charge smartphones and tablets.

Charger features

- Charges 3 devices simultaneously.
- One single USB outlet can provide up to 2.4 A load.

Instructions for use

- Connect the power adapter into the wall socket. Insert the USB cable into the free slot and the other end to the device you want to charge or power.
- Only use a recommended USB cable for your device and replace faulty cables immediately.

Good to know

- USB cable length and quality influences charging speed and performance.
- Devices may get warm during charging. This is completely normal and they will gradually cool down again after they are fully charged.
- Charger operating temperature: 5 °C to 45 °C.
- Unplug the charger from the power source before cleaning and when it is not in use.
- To clean the charger, wipe with a moist cloth. Never submerge the charger in water.

WARNING:

- The wall socket must be located near the equipment and must be easily accessible.
- Only use in dry locations.
- Children should be supervised to ensure they do not play with the product.
- If the product is damaged it shall be destroyed.

- Never use a damaged or faulty USB cable, since this can damage or harm the charger or your device.

Save these instructions for future use.

Product servicing

Do not attempt to repair this product yourself, as opening or removing covers may expose you to dangerous voltage points or other risks.

Technical data

Type: ICPSW5-17AU-1

Input: 100-240 VAC, 50/60 Hz,
Max 0.5A, 23.0W

Output:

5.0 VDC, 2.4 A,
12.0 W per USB-outlet,
3.4 A, 17.0 W for total

Indoor use only

Manufacturer: IKEA of Sweden AB

Address: Box 702, SE-343 81 Älmhult,
SWEDEN

The crossed-out wheeled bin symbol indicates that the item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal. By separating a marked item from household waste, you will help reduce the volume of waste sent to incinerators or land-fill and minimize any potential negative impact on human health and the environment.
