_abck	Akamai BotManager session cookie to detect and prevent a cookie from being reused by a client.	Strictly Necessary Cookies
PIM-SESSION-ID	Security cookie used to detect malicious activity and anomalies	Strictly Necessary Cookies
WC_AUTHENTICATION_01ee2ed6-d4f8-1858-8255-4d5e150e3ec2	Authentication cookie	Strictly Necessary Cookies
WC_PERSISTENT	Contains session id used in the checkout.	Strictly Necessary Cookies
WC_ACTIVEPOINTER	This cookie comes from the Websphere Company and contains the value of the store ID of the session. This value is used to select the appropriate store for a site visitor, if one is not specified on the URL.	Strictly Necessary Cookies
AKA_A2	This cookie is generally provided by Akamai and is used for the Advanced Acceleration feature, which enables DNS Prefetch and HTTP2 Push.	Strictly Necessary Cookies

OptanonConsent	This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the users browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor.	Strictly Necessary Cookies
bm_sz	Akamai BotManager cookie. Identifies user session and duration.	Strictly Necessary Cookies
_cs_nnnnnnnnnnnnn	This is a session cookie. This is a pattern type cookie where a random 13-digit number is appended to the prefix _cs_.	Performance Cookies
_gid	Contains a randomly generated user ID. This ID allows Google Analytics to recognize returning users on this website and to merge data from previous visits.	Performance Cookies
episod_id	The episod_id cookie is set when a person visits the website for the first time, if he/she has agreed to the cookie. IKEA/Ingka Analytics sends the customer ID with each hit to associate the hits with a customer (browser). The cookie expires after 13 months and is reset so that a customer is considered a new customer every 13 months.	Performance Cookies
episod_session_id	The episod_session_id cookie is set when a person visits the website for the first time, if the person has agreed to the cookie. IKEA/Ingka Analytics sends the session ID with each access to link the accesses to a session. The cookie expires after 30 minutes of inactivity and is updated when a user switches to another site.	Performance Cookies
ikexp_id	The ikexp_id cookie is a cookie with a user ID that determines whether or not a user is participating in an existing A/B test on our website to ensure a flawless and correct user experience across multiple visits and page views. The cookie ensures that all A/B Tests are able to maintain an appropriate visual experience and performance state for our visitors.	Performance Cookies
