

*A guide to
buying an
IKEA kitchen*

IKEA KITCHENS

Whether you're looking for a complete kitchen system like SEKTION or one of our other kitchens, this buying guide includes the products and helpful information you need to choose the kitchen of your dreams.

Sinks and faucets.
See pages 80-91

Life in the kitchen goes a lot smoother when your drawers open up fully to help you reach everything. With interior fittings and organizers inside cabinets and drawers, finding what you're looking for will be easy-peasy.
See page 44

You can do everything yourself, but you don't have to. With our broad service offer we can assist you with everything from measuring and planning to complete kitchen installation.
See page 4

A kitchen island is a great social hub, while giving you extra counter space. The countertop of TORNVIKEN kitchen island has a durable top layer of oak and can handle everything from baking muffins to playing family games.

Services

You can do it yourself, but you don't have to

Our broad service offer gives you the freedom to design your own price tag by choosing not only the products that suits your budget but also deciding how much you want to do yourself and how much you want us to do for you. On this page you'll find the different services that we can offer to help and support you. For more details about our services, talk to a co-worker at your local IKEA store or visit us at [IKEA.ca/kitchenservices](https://www.ikea.ca/kitchenservices)

Click and Collect

Save some time by placing your order online. We'll round up everything on your shopping list and have it ready for you to collect at the time and location of your choice.

Delivery

Whether you're shopping in store or online, no matter how big the purchase, we'll do the heavy lifting and bring it all to your home or business.

Measuring

If you want to be sure that your room drawing is as accurate as possible, one of our Kitchen specialists will measure the room and check everything, from the placement of windows, doors, and power sockets to the material and condition of the walls.

Kitchen consultation & planning service

Get help with ideas and the planning of your new kitchen, by choosing one of our services. Our kitchen experts will introduce the IKEA offer to you and help you with functional solutions for everything from the placement of cabinets to appliances, and storage to lighting and sinks.

What type of kitchen are you looking for?

Big renovations or small changes? Whether you're looking for a complete modular kitchen like SEKTION, which you can customize to your liking, or a simpler kitchen that you can set up in a day, we've got you covered. Here are three types of IKEA kitchens to meet different needs and furnish your dream kitchen.

SEKTION kitchen system

Our SEKTION kitchen system includes cabinets in several different sizes to fit your room layout as well as your kitchen routines. The flexibility of the system offers endless choices, giving you the freedom to build a kitchen that's ideal for you and your space. We've also developed an extensive range of kitchen organizers and interior fittings allowing you to quickly see and reach even the things furthest back in the corner cabinets. In addition you have a vast choice in front expressions, countertops, lighting, sinks, faucets, knobs, handles and much more to personalize every inch of your kitchen

See pages 8-57

25-year limited warranty

KNOXHULT kitchen

KNOXHULT kitchen units make it easy to create a practical kitchen. The selection of units in different shapes and sizes come with pre-coordinated fronts and countertop and offer smart storage that help you stay organized, so all you have to do is combine them to suit your needs, space and preferences. When you're happy with the result, personalize with your favourite sink, faucet, appliances, knobs or handles and lighting to get a kitchen that works for you.

See pages 98-103

5

5-year limited warranty

Kitchenettes

Not everyone has the space for a larger, built-in kitchen. Whether you're after a permanent or temporary solution, our range of kitchenettes delivers all the essentials in smart, compact designs. Choose from basic or modern styles and customize your space with TILLREDA appliances to fit your needs. It's all there, personal, functional and easy to install.

SEKTION KITCHEN SYSTEM

Endless possibilities

The modular design of SEKTION kitchen system is easy to install and gives you endless possibilities when designing your kitchen. Whether you have a taste for the traditional, love the minimalism in modern style or land somewhere in between, you'll surely find something that fits you.

To become truly beautiful, the kitchen has to be functional and take care of all your kitchen needs, too. With SEKTION you have the freedom to get the look you

want on the outside and keep everything in perfect order on the inside. Start by deciding the style of your dream kitchen by choosing the doors and drawer fronts, lighting, countertop, sink, faucet, knobs, handles and accessories that you like.

25 IKEA SEKTION kitchen has a 25-year limited warranty. Find out more on **page 122**

Doors and drawer fronts

Choose your style!

No matter what your personal style and preference is, make sure to choose a kitchen front you will love for years to come. It is the face of your kitchen, and most likely you will spend many hours in it.

We have a wide range of materials and finishes to choose from to suit your style—no matter what you like! Everything from traditional doors and drawer fronts that are rich in details, to high-gloss and modern doors and drawer fronts with integrated handles to give you that open clean look—we have it!

The process of choosing the style of your kitchen is all up to you, go for whatever you like—it is your kitchen! We have made sure that all our fronts are durable and of high quality. They all come with a 25-year limited warranty to ensure, that whatever you choose it will last for years to come.

Door and drawer front styles

Sleek doors and drawer fronts

Sleek doors offers you straight lines and smooth, easy to clean surfaces, simplicity in its truest form. Choose from a wide variety of finishes, colours and materials.

Frame doors and drawer fronts

Frame doors and drawer fronts are rich in detail, with a crafted look and feel—they create a kitchen with a rustic and traditional look. All our frame door families have a matching glass door.

High-gloss doors and drawer fronts

Glossy surfaces suit everyone from the minimalist to the wild family with kids. Stains are no problem as they are just as easy to wipe clean as they were to make.

Doors and drawer fronts with integrated handles

You might not notice them at first glance—and that’s the ideal! Integrated handles lend a minimalistic and modern feeling to your kitchen.

Sleek doors and drawer fronts

VEDDINGE

Colour/design: white.
Material: fibreboard and painted finish.

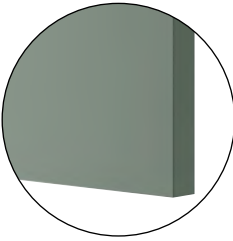

VEDDINGE white is a smooth, sleek door that gives your kitchen a bright, modern look. Complement with HEJSTA accent door.

Cover panels, decorative mouldings, toe kicks and legs

Add the finishing touches

Whether you've decided to go for a more traditional style with lots of drawers and decorative elements, or a sleek modern, more minimalistic style, there are still finishing touches for you to add to make your kitchen stunning.

Enhance your style with uniform cover panels, decorative mouldings, legs and toe kicks. Or, you can be a bit bold and go for a finish that contrasts with your doors and drawers. It's all up to you.

Cover panels

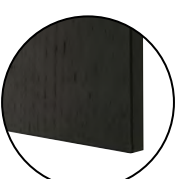

Choose a cover panel in the same finish as your door for a uniform expression, or mix and match to suit your taste.

Decorative mouldings

Decorative mouldings provides the finishing touch to your kitchen. They come in many different styles, but we have something for all or our door and drawer families. Use them to tie your style together, hide lighting or just as a decorative element.

You can choose how to mount them on your cabinets. Below we show the entire range and some different ways of mounting them both above as mouldings and below your cabinet, either wrapped around the whole cabinet or just between your cover panels.

SEKTION cabinets

Modular cabinets that fits your space

What does your dream kitchen look like? How much time will you spend in it and how will you use it? When it comes to kitchens, we're all different. We have different dreams, different needs and different preconditions. To meet this diversity, what could be better than a highly flexible kitchen system with cabinets that can suit everyone, and be planned in everywhere? Whatever the size of your home or family, with cabinets in different sizes, drawers with endless possibilities and interior organizers made to match, you can turn the kitchen of your dreams into the kitchen in your home.

25

IKEA SEKTION kitchen has a 25-year limited warranty. Find out more in the [warranty brochure](#).

On this page you can see all available SEKTION cabinets and their sizes.
Choose and mix them to fit the architecture of you room as well as your own needs.

MAXIMERA drawers and drawer accessories

MAXIMERA drawers fully extend, and thanks to a built-in damper they always close softly and quietly. You have complete overview and you can easily reach the smallest of utensils even at the back of the drawer. MAXIMERA drawers are available in different sizes to give you plenty of options depending on your storage needs. You can also add inner drawers to fully utilise the cabinet space.

SEKTION system fittings and hinges

Even the smaller details are important when you are planning a complete kitchen. It all depends on your needs and wishes — but maybe it’s just this small part that will make a big difference.

SEKTION suspension rail, 84".
Galvanized 602.615.27

SEKTION ventilation grill, 16"×3¾".
Stainless steel 702.561.77

MAKRILLA ventilation toe kick for built-in refrigerator, 20"×4½".
Stainless steel 403.238.09

NYTTIG ventilation toe kick for built-in dishwasher, 24"×3¾".
Use with FLÅBODA panel ready dishwasher.
Stainless steel 505.929.24

UTRUSTA push opener, electrical. You can open the waste sorting bin with the push of a finger – or use your hip, knee or foot if your hands are busy.
302.387.03

UTRUSTA push opener, 2-p. Push to open; no handles needed.
802.302.24

VARIERA cover cap, 100-p. Covers drill holes in the glass door cabinet or open shelf. Suitable for all products with 5 mm holes.
White 002.263.15

UTRUSTA hinge for built-in refrigerator cabinet 95°, 2-p. You can easily mount the door in the right position, the hinges are adjustable in height, depth and width.
202.046.47

UTRUSTA hinge 95°, 2-p. Fits SEKTION corner base cabinet 50×26".
806.073.73

UTRUSTA hinge 110°, 2-p. With built-in damper.
805.248.82

UTRUSTA hinge 153°, 2-p. With built-in damper. The extra wide opening angle of 153° makes it possible to have a drawer behind a door.
104.272.62

UTRUSTA hinge with damper for horizontal door, 2-p. Door lift with catch for gentle closing included.
White 804.654.15

UTRUSTA hinge with push opener for horizontal door, 2-p. Push to open, no handle needed. Door lift with catch included.
White 404.654.17

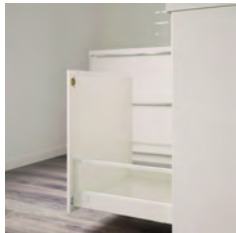

UTRUSTA assembly kit for pull-out pantry function. Allows you to connect a high cabinet door to two drawers to create a pull-out pantry solution. To be completed with 1 MAXIMERA medium drawer at the top and 1 high MAXIMERA drawer at the bottom.
805.105.83

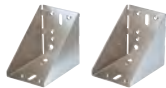

UTRUSTA connection fitting for doors. UTRUSTA connection fitting for doors is used to connect two doors to one, so you get a uniform look for e.g. a high cabinet.
303.669.17

UTRUSTA connecting rail for fronts. You can easily align the drawer front with the other doors and drawer fronts in your kitchen and create a smooth, streamlined look with the help of UTRUSTA connection rail.
202.774.36

UTRUSTA fitting for mounting drawer on door.
002.807.55

UTRUSTA corner fittings, 2-p. By using the corner fitting, you can build a corner wall-cabinet solution at a 90° angle.
Galvanized 103.436.44

SEKTION connection rail for cabinets and cover panels 2-pack. The connection rail makes it easy for you to mount cabinets back to back, or to attach a cover panel to the back of the base cabinets.
34¼" 005.570.32

SEKTION floor anchor frame for kitchen island. The floor anchor frame keeps the island steady on uneven floors.
L82⅝×D11¼" 105.570.36

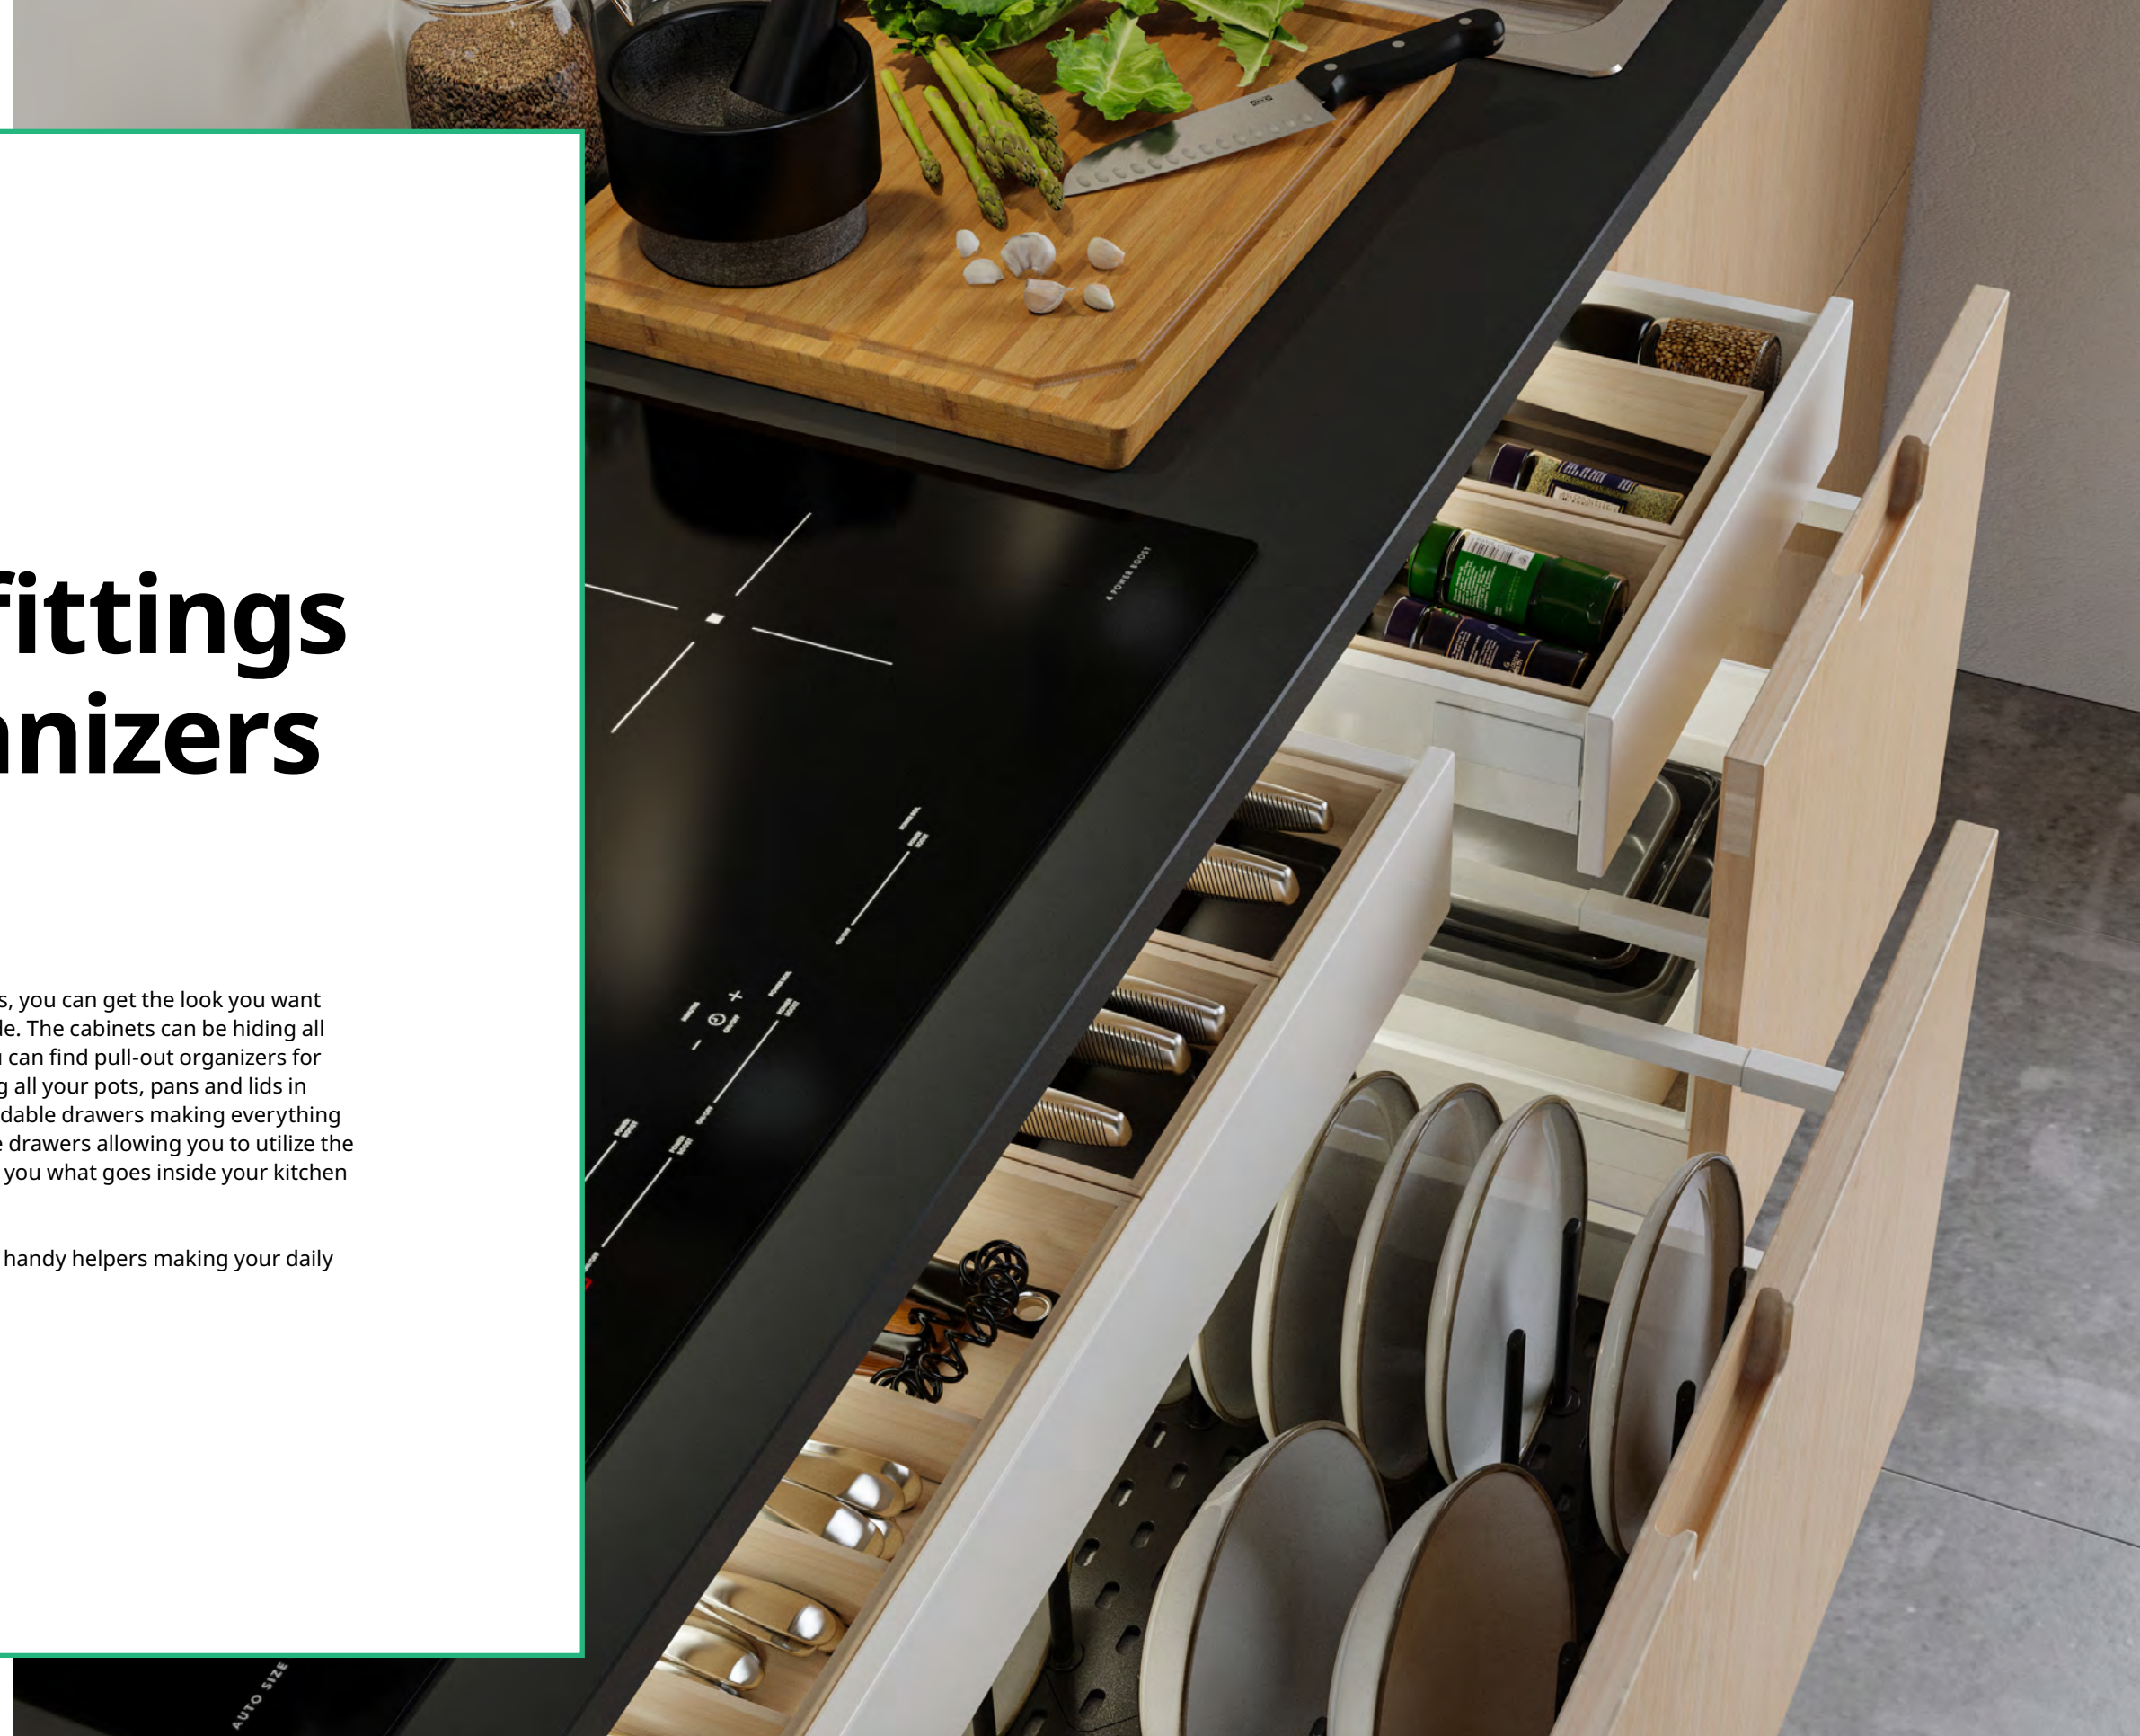

VAGLIG connection rail for panel-ready dishwasher.
205.910.25

SEKTION interior fittings and organizers

Hidden helpers

With SEKTION interior fittings and organizers, you can get the look you want on the outside without revealing what's inside. The cabinets can be hiding all sorts of kitchen surprises. Behind a door you can find pull-out organizers for your cleaning equipment, organizers keeping all your pots, pans and lids in perfect order, or a great bunch of fully extendable drawers making everything easy to reach. Not to mention drawers inside drawers allowing you to utilize the cabinet space to a maximum. It's really up to you what goes inside your kitchen cabinets.

On the following pages you'll find numerous handy helpers making your daily work in the kitchen so much easier.

Create the perfect combination for your drawers

Less time searching, more time for cooking. Clever inside trays for your drawers keep cutlery and kitchen utensils organised and in place. To really make sure you can see everything in the drawer, complete with drawer lighting. See all kitchen lighting on **page 52**.

Additional interior fittings and organizers

Box organizers

Keep things separated and easy-to-access with boxes you can lift out and carry. They're great for dry goods and loose items, like all your take-out menus.

Shelf inserts

Make the most out of your space by adding a few shelf inserts, utilizing all the space between the shelves in your upper cabinets.

Pot lid organizer

Less time searching for the right lid. Keep your lids organized and handy with an extendable rack.

Lighting

A brighter kitchen life

Good lighting is an essential part of any kitchen. That's why we offer integrated lighting series perfectly dimensioned to fit our kitchen cabinets. And they all contain long-lasting built-in LEDs which consume up to 85% less energy and last 20 times longer than incandescent bulbs. Having integrated lighting in your kitchen is a great way to show off your favourite dinnerware behind glass doors or in drawers. And, good lighting brings your cabinet doors and countertop to life too.

Get an even better kitchen life with the ability to dim, turn off and turn on light wirelessly. All you need is TRÅDFRI LED driver and remote control. Or, use the DIRIGERA hub and Home smart app to control every beam of light with your smart phone. We call it IKEA Smart Lighting.

KITCHEN INSTALLATION

If you want we can install all your kitchen lighting for you, as a part of our Kitchen Installation service. See more on [page 5](#).

Drawer lighting simplifies finding what you need even during those midnight kitchen raids. Opening and closing the drawer turns the light on and off automatically.

Countertop lighting should give you a clean, clear view of all the work you're doing in the kitchen.

Spotlights provide a focussed light that is good for lighting smaller areas and behind glass doors.

Cabinet lighting illuminates your favourite kitchen doors and creates a cozy mood light in the entire kitchen.

MITTLED series

MITTLED LED countertop lighting. Matches your cabinet sizes and features a compact design. To be completed with TRÅDFRI LED driver, VÅGDAL connection cord and ANSLUTA power supply cord, each sold separately. LED life time approx. 25.000 hours. Dimmable with TRÅDFRI LED driver, dimmer, and DIRIGERA hub, sold separately.

White	L12" (30.5 cm), 3.3W, 230 lm	904.725.14
	L15" (38.1 cm), 4.3W, 300 lm	104.554.34

Countertops

Your kitchen is the heart of your home, it's a room for everyone! How it performs and how it looks are two important factors. Even though doors and drawer fronts are the main style decision you make when updating your kitchen, your countertop can have a big impact on the overall look. However, the perfect countertop is not just about completing the look of your kitchen, it has an impact on its functionality too. When picking the right countertop there are many factors to consider, including your style, durability, maintenance, lifestyle and cost. Our countertops are available in pre-cut and custom made as well as in durable materials, finishes and thicknesses. Each surface has unique properties, with differing levels of water, wear and heat resistance.

How to choose your countertop:

1

What's your budget?
A stylish look does not have to cost a fortune, our countertops are available in wide range of materials and expressions, pre-cut as well as custom-made to perfectly fit your style, needs and wallet.

2

What kind of material do you prefer? When deciding on material, consider how robust you need your countertop to be, how much you are prepared to look after it, and how you want it to look in your kitchen scheme.

3

Custom made countertops are made-to-fit your kitchen layout, you can order the exact size you need, as well as cut-outs for your sink, faucet and cooktop. Pre-cut countertops are available in different sizes, you can take them home today and cut to desired length.

Built to last

When we test our countertops we put them up against everything they'll face in your kitchen: liquids, oil, steam, heat, thumps, bumps and scratches. Once we're done we're so sure our countertops will last for many years to come.

Materials

Laminate

Laminate countertops are durable, affordable and easy to maintain, with lots of colours and expressions to choose from. Spills and grease are easy to wipe clean and the countertop keeps its beauty over time making it a practical solution.

Wood

Wood countertops offer the natural colour and grain of wood which adds warmth to your kitchen and makes each countertop unique. Normal variations in colour, texture and appearance are due to the size and age of the tree and gives the countertop a personal character. Wood countertops are hard-wearing and can be sanded and treated when needed.

Glass composite

Our glass composite countertops are our most sustainable offer within the composite stone material segment and is made from recycled glass. Inspired by nature, the durable, non-porous surface offers a sleek and expressive look that is stain and moisture resistant and easy to keep clean.

Colour overview

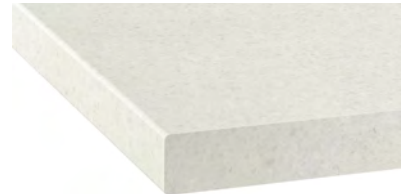

We offer pre-cut laminate counter tops in two lengths. Choose between the many colours and expressions to find the perfect look. The laminate counter tops can be cut into the length you need and finished with the edge strip included in the package.

Beautiful and durable

Laminate countertops are durable, affordable and easy to maintain. Spills and grease are easy to wipe clean and the countertop keeps its beauty over time making it a practical solution.

Pre-cut thick veneer wood countertops

Natural and durable, wood brings a warm feeling to your kitchen and makes each countertop unique. It ages beautifully and you just sand and treat it to keep it looking great.

Pre-cut thick veneer wood countertops have a layer of solid wood covering a particleboard core. They feel and look the same as solid wood. With this technique we can create new unique expressions, using less wood and reducing the impact on the environment. We pre-treat them with a hard wax oil, so you don't have to oil them when you get them or treat them at all until the surface starts to wear. They're available to take home today.

Natural and hard-wearing, wood brings a warm feeling to your kitchen and makes each countertop unique. With thick veneer, a 1/8" layer of wood covers a particleboard core to add excellent stability.

Thick veneer countertops come in the following crafted patterns: full plank, butcher-block, fine line and chevron.

The countertops are pre-treated with hard wax oil to create an easy-care surface for immediate use. Over time, it will only look better, gaining in character. They can be sanded and treated when needed meaning that they will age gracefully.

Thick veneer countertops are available in pre-cut sizes that you take home today. They can be cut into the exact length you need and finished with the edge strip included in the package.

Ash
Ash is a blonde hard wood with a beautiful grain pattern. Ash is a tough and strong, yet elastic material with great resilience and finishing properties. It gets gradually darker with age. In its natural form it is heavy and gives a very solid feel.

Birch
Birch is fine-grained and pale in colour with a satin-like sheen that darkens with age. It often has knots or heartwood in creamor light brown which will give your countertop a unique and distinct natural look.

Oak
Oak wood is exceedingly strong, heavy and durable. It is an attractive light colour with a prominent grain. Its colour ranges from light brown to a rich reddish-brown and it darkens beautifully with age.

Walnut
Walnut wood is relatively heavy, hard and resilient. The natural colour light brown to dark chocolate brown adds warmth to your kitchen decor. Walnut gets lighter in colour with age. It has a rich variation in colour and a decorative, curved grain pattern.

Thick veneer wood countertops Walnut

The natural colour and grain of wood adds warmth to your kitchen decor. Walnut gets lighter in colour with age. It has a rich variation in colour and a decorative, curved grain pattern.

 They are all available to take home today.

Hole for the faucet

How to buy a custom made countertop

1

Material and colour

Choose between laminate or quartz, then choose a colour that makes the kitchen your own.

2

The countertop profiles

Choose the desired profile for the edges. Depending on the material you've chosen for your countertop, you have different options.

3

Choose your sink

Choose the sink you want and if you want it top mounted or under-mounted.

4

Take measurements

Then start to measure to see what size and shape of countertop you need. There is a helpful diagram that shows you how to measure your custom made countertop on page 72 & 74.

5

We're here to help

To design your custom made countertop get help from an IKEA co-worker in the kitchen department at your local store.

6

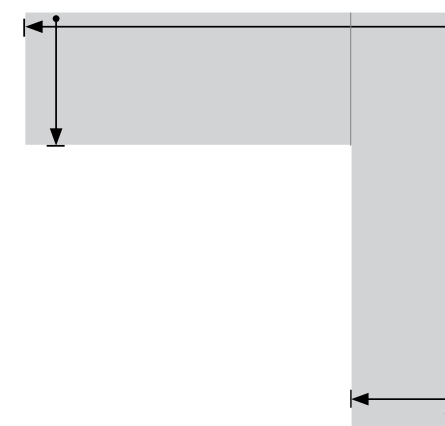

Order

To order your custom made countertop, please contact an IKEA co-worker in the kitchen department at your local store.

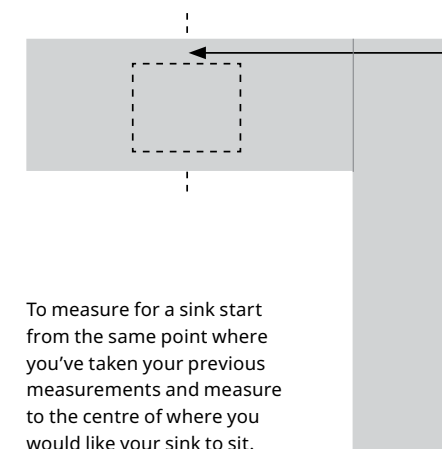

For more product and price information please visit [IKEA.ca](https://www.ikea.ca).

How to measure your countertop

Start by measuring your countertop from the corner where it attaches to the wall. Make sure to make your measurements alongside the wall and always start from the same point. When measuring the depth, start from the wall and measure out. Don't forget to add ½" for an overhang too.

If you need to measure for a freestanding countertop (For a kitchen island for example), simply start from one end and add 1" extra for an overhang.

To measure for a sink start from the same point where you've taken your previous measurements and measure to the centre of where you would like your sink to sit.

We can do it for you

Do you want a custom countertop, but feel uncertain?

Don't worry, we are here for you with the information you need. Ask for details in store or visit [IKEA.ca](https://www.ikea.ca) for more information on custom made countertops

PERSONLIG laminate custom-made countertops

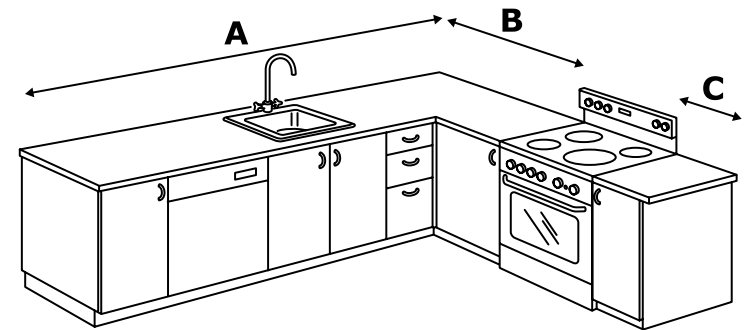

Our custom-made laminate countertops are available in a variety of colours and edge styles. Laminate countertops are stain, scratch and moisture resistant, making them easy to care for and durable too.

Good to know

Clean using a soft cloth or sponge and warm water with a mild, non-abrassive detergent. Avoid using scouring products.

How to measure your PERSONLIG laminate countertop?

Measure the length of each section of counter top. Add these measurements together to get the total amount of countertop length for your kitchen. This will help you when requesting a quote for your countertop. Minimum order may apply. See your local IKEA store or IKEA.ca for quotes.

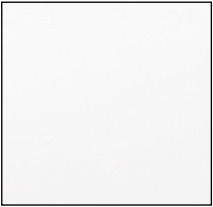

$A + B + C = X \text{ lin.ft}$
 $X \text{ lin.ft} \times \$X/\text{lin.ft} = \text{total price}$

What is included in a custom laminate standard order:
Standard mitres up to 42", all finished ends, standard build up 3", clean cut backing or backsplash, up to 3" radius corners.
Standard countertop depth.
Additional options may apply.

LOCKEBO glass composite custom-made countertops

When you choose a LOCKEBO countertop you get a work surface that’s extremely durable. It’s scratch resistant and can withstand heavy impact. We construct our glass composite countertops with a minimum of 80% recycled material. Glass composite is smooth, non-porous and easy to keep clean. That means food and drink stains are a worry of the past. You can also order glass composite backsplashes to compliment your countertop.

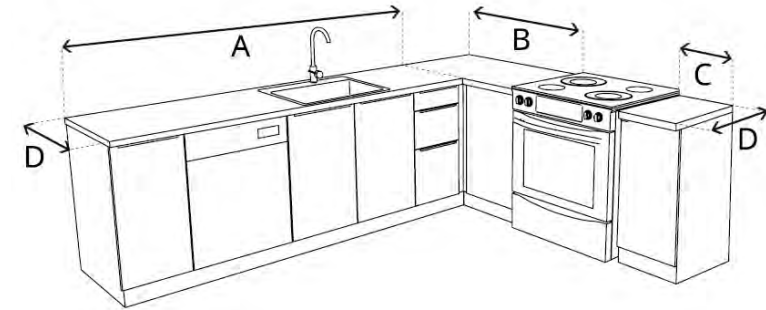

For information about warranty, terms and conditions, see page 120.

Good to know

Clean using a soft cloth or sponge and warm water with a mild, nonabrasive detergent. Avoid using scouring products.

How to calculate the sq.ft. of your countertop

Measure the length times the depth of each section for your layout. Add the areas together to get the total sq.ft. for your countertop. See your local IKEA store or IKEA.ca for price information.

$(A \times D) + (B \times D) + (C \times D) = \text{Total sq.ft.}$

- What to be considered in a standard order?**
- Countertop colour
 - Sink & faucet, style and installation
 - Finished ends or waterfall
 - Countertop edge profile

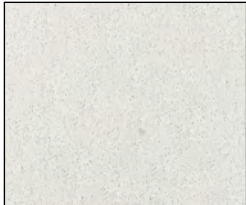

LOCKEBO glass composite countertops come with a Residential Limited Lifetime Warranty. Please contact your local IKEA store for details on the warranty or see page 120 to read more.

Sinks

A busy place in the kitchen

The sink and the area around it, is one of the busiest places in the kitchen. You use it for everything from preparing food and rinsing vegetables, to storing dirty dishes and washing up. To make the activities as easy as possible, choose a sink and sink accessories that match your needs and the way you work in the kitchen.

How to choose your sink

01

How much space have you allocated for the sink? Our sink cabinets are 24, 30 or 36" wide.

02

Think about how you prepare food, but also how you wash up. Do you have a dishwasher or do you wash the dishes by hand? Do you need one bowl, two bowls or a sink with drainboard?

03

Complete your sink with sink accessories that help you organize the area in and around the sink, both when you prepare food and when you wash up (**see page 80**).

PLUMBING

Let a professional connect the water to the sink and kitchen faucet you've bought from us. Then you know that everything from the strainer to pipe are where they should be — and that costly water leaks can be prevented. Read more about our services on **pages 4-5**.

25

We test our sinks to ensure they can withstand the demand of everyday life in the kitchen. That's why all our sinks come with a free 25-year limited warranty (except FYNDIG). Find out more on **page 122**.

Our range of sinks

Single bowl sinks

If space is an issue, one single bowl is a good option. Plus, in a big single bowl you can easily wash large pots and pans. Combine with sink accessories to make the bowl as functional as possible (**see page 80**).

Double bowl sinks

Having two bowls is ideal if you have a lot going on at the same time. For example, if one of the bowls is piling up with dirty dishes, you can still rinse off vegetables and alike in the other.

1½ bowl sinks

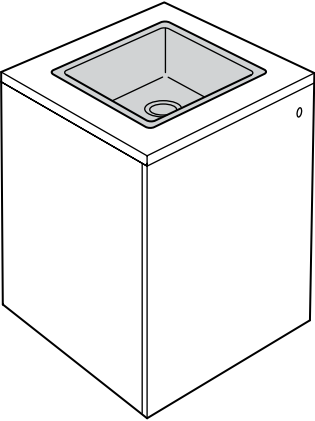

A one and a half bowl sink gives you the same advantages as a double bowl sink, but in a smaller area.

Sinks with drainboard

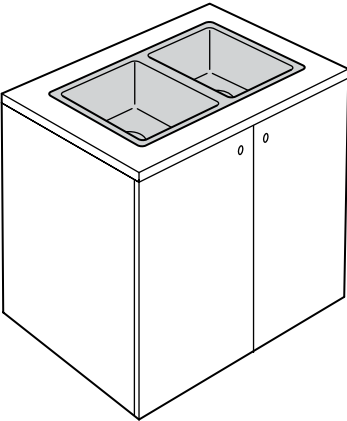

A sink with a drainboard is ideal for drying dishes as the sloping surface make excess water flow back into the bowl. Our sink with drainboard is reversible, so you can choose if you want the drainboard to the left or to the right.

Sink cabinet sizes

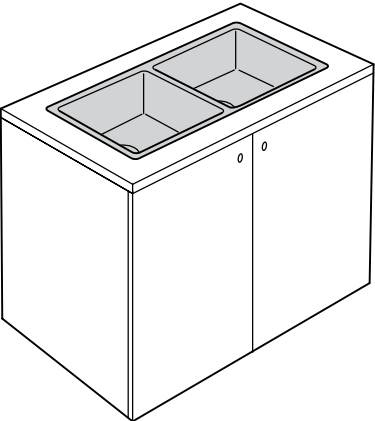

24"

30"

36"

Fits 24" cabinets

FYNDIG inset sink 1 bowl.
Stainless steel, a hygienic, strong and durable material that's easy to keep clean. W17¾×D15½×H5½".

Strainer and lid for sinks

The lid attaches via a magnet and can be used as a handle for lifting the basket. The lid creates a flat surface at the bottom of the sink and prevents food waste from getting into the basket, making the sink easy to keep clean.

LILLVIKEN lid.
Fits LILLVIKEN sink strainer. On top of the water trap the lid connects through a magnet which can be used as a handle to pick up the basket and throw away scraps.

Stainless steel. 203.178.52

LILLVIKEN sink strainer.
Strainer and strainer basket.

Stainless steel. 503.254.26

Kitchen faucets

Saving water at every step

Earth may be covered in a lot of water, but very little of it is drinkable and even less is accessible. No organism can survive without it, and no new water is created. It's constantly recycled, but our freshwater supply is overused; not evenly distributed; and impacted by pollution, contamination and climate change. That's why we equip all our kitchen faucets with a water saving aerator that reduces water use up to 40%—while maintaining the same pressure. We didn't invent aerators, but think they are an important example of how we can work together to save water for everyone's benefit.

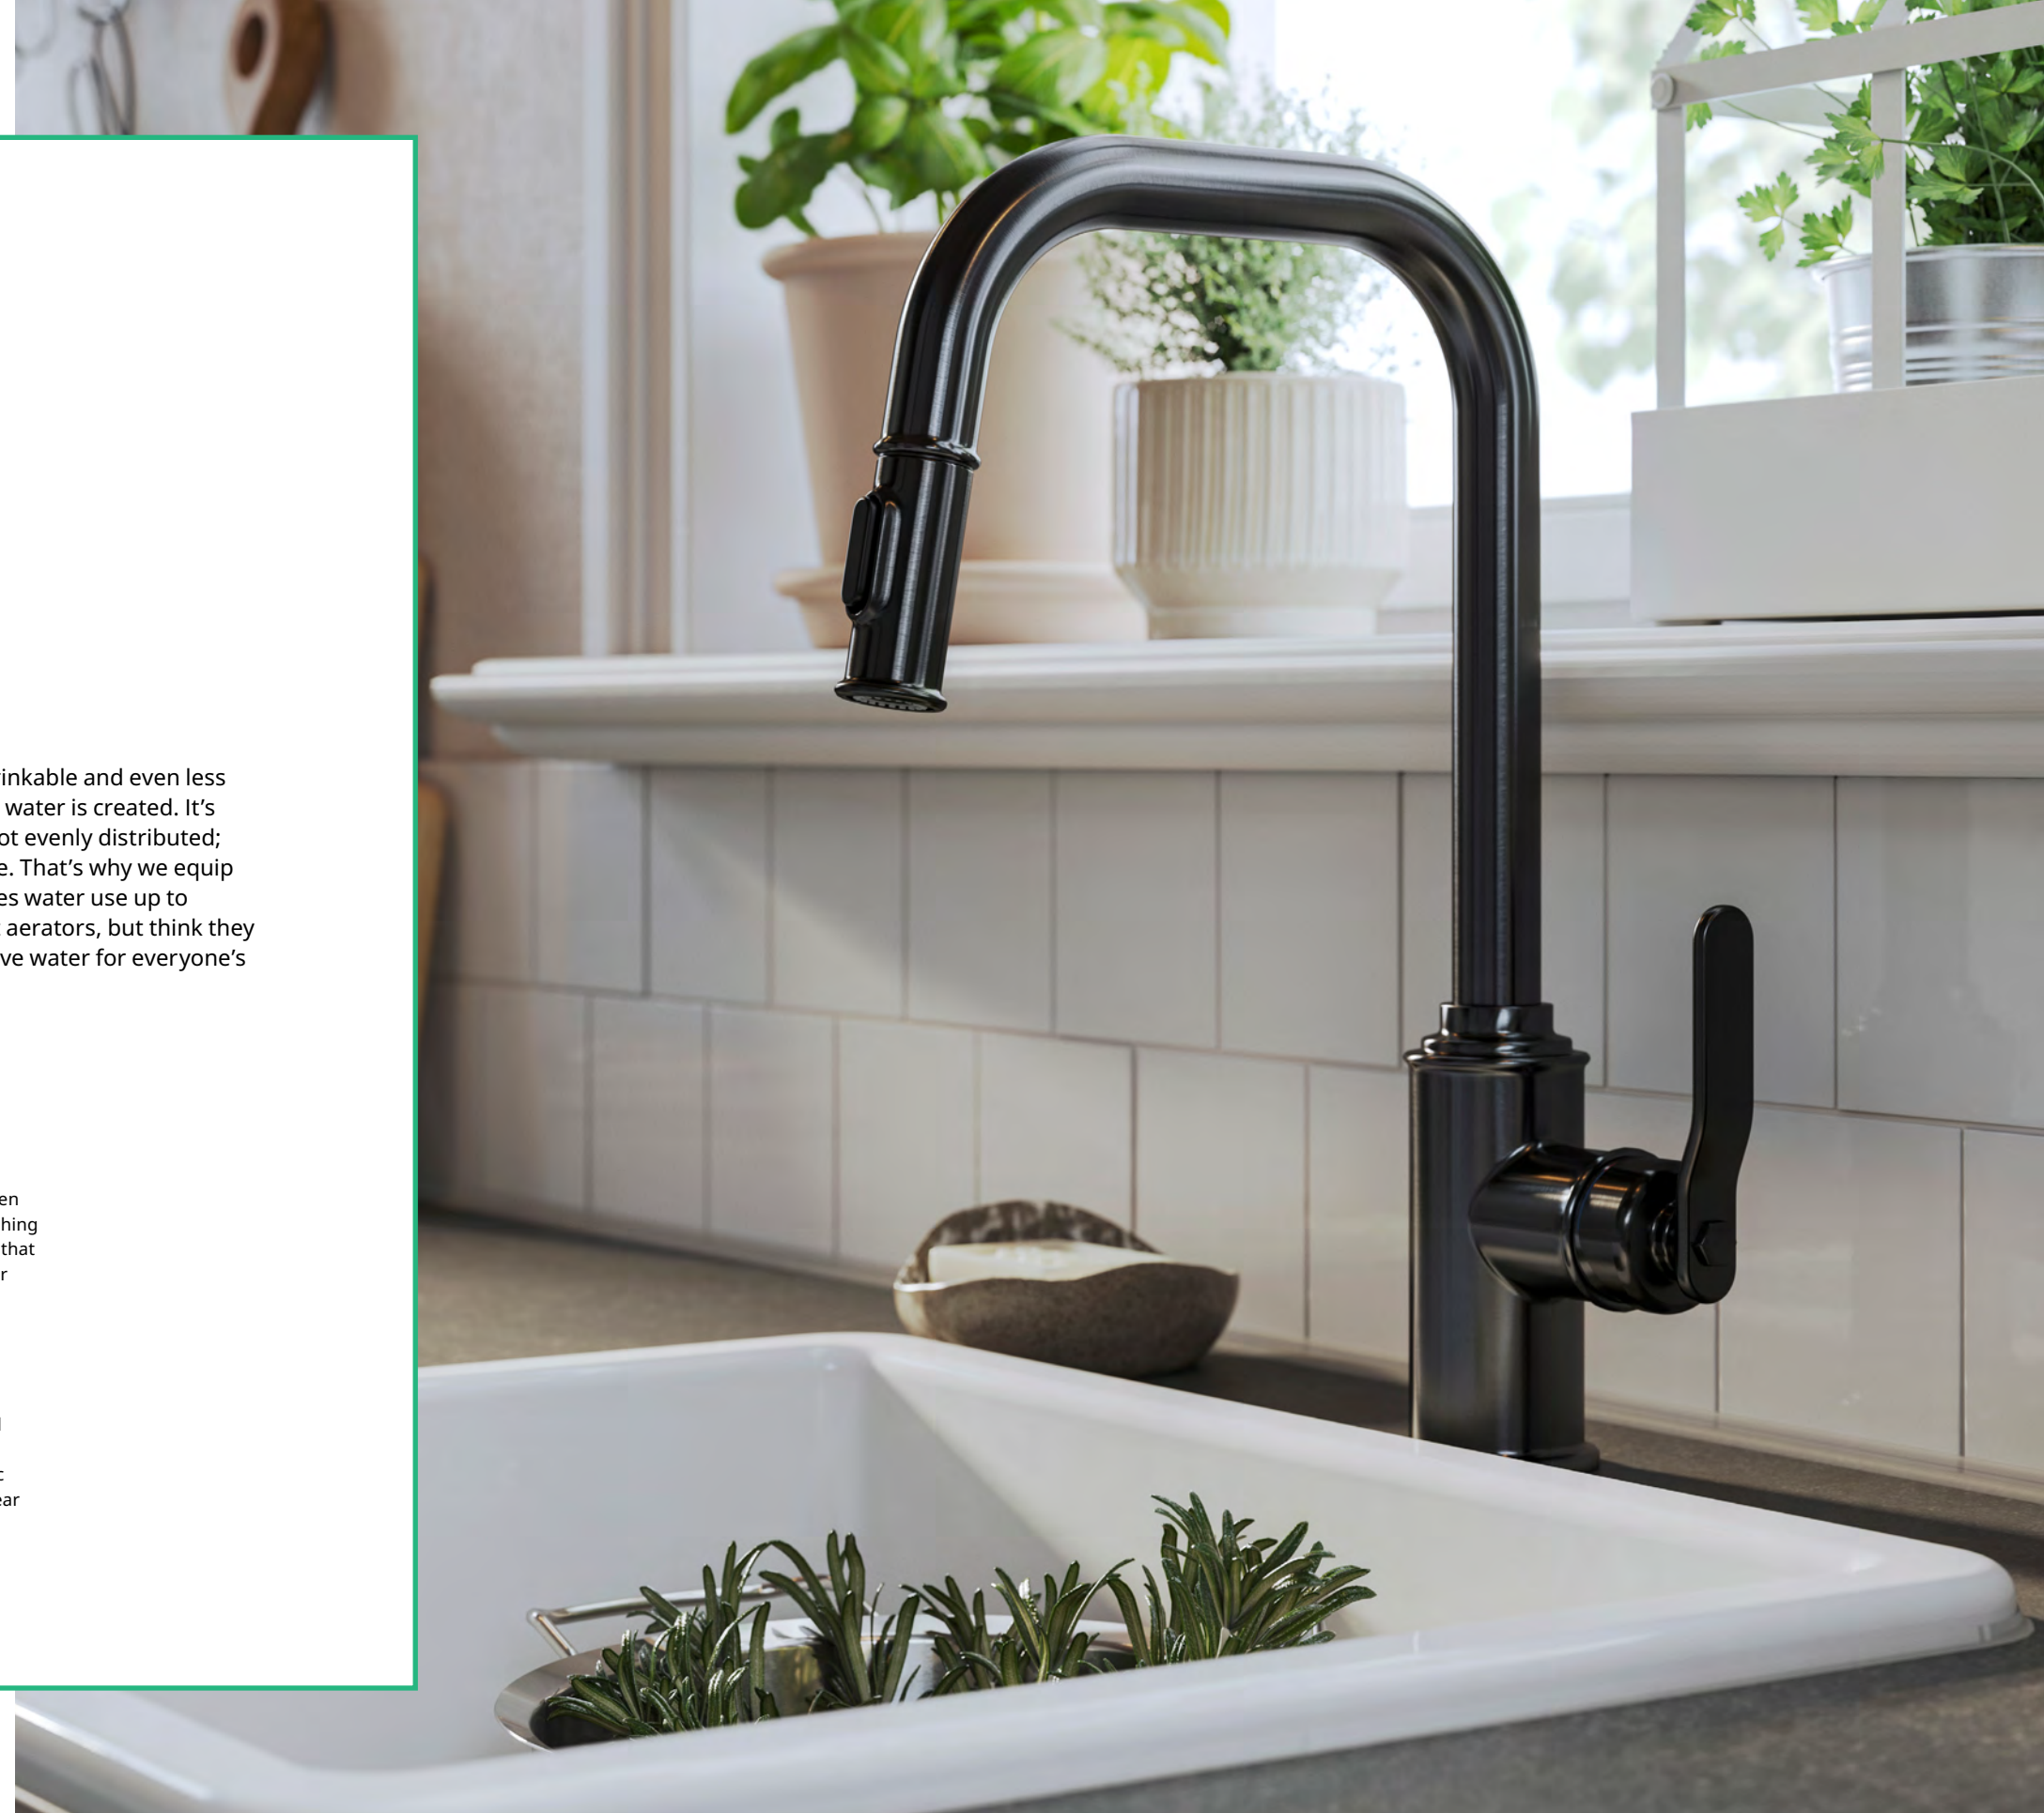

PLUMBING

Let a professional connect the water to the sink and kitchen faucet you've bought from us. Then you know that everything from the strainer to pipe are where they should be—and that costly water leaks can be prevented. Read more about our services on **pages 4-5**.

10

All our kitchen faucets are tested and third party certified to meet, or exceed, the demands of the relevant national and international mechanical, quality, safety and hygienic standards. All IKEA kitchen faucets come with a free 10-year limited warranty. Find out more on **page 121**.

Functions

Kitchen faucets with low spout
Kitchen faucets with low spouts always have the handle on top, and are ideal for small single bowl sinks.

LAGAN kitchen faucet*

Kitchen faucets with high spout
The high spout makes it easier to wash dishes, including large pots.

ÄLMAREN kitchen faucet*

Kitchen faucets with pull-out spray
Rinsing dishes is easier with the pull-out spout. A counterweight makes the hose easily retract back into the kitchen faucet.

SALLSJÖN kitchen faucet with pull-out spray*

Kitchen faucet with pull-down spray
The kitchen faucet's sensor function is simple, hygienic and practical — perfect when you just want to fill a glass with water or rinse off your hands when cooking.

MAJSJÖN kitchen faucet with pull-down spray*

ENHET open frames

Keep an open mind!

In an ever-changing world, the only thing you can be certain of is that you and your home will have to change with it.

The open wall frames make good use of the space above the sink and countertop, perfect for hanging utensils or placing your tableware and other things that you often use.

The choice of different frame sizes are available in white and anthracite. Open frames gives you a great opportunity to use your space efficiently. Easily adaptable, and with a 10-year limited warranty, this practical and affordable choice of open frames will be your companion for years to come.

10

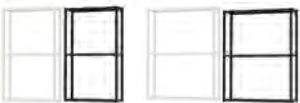

The ENHET open frames have a 10-year limited warranty. Find out more in our warranty brochure at www.ikea.ca.

ENHET open frames

Open storage creates a dynamic and airy kitchen atmosphere. ENHET open frames allows you to express your personality through the items you choose to arrange and display on the shelves. For even more personalization opportunities, the frames come in different colours that you can mix and match any way that suits you.

Open storage also provides a good overview of all your kitchen items and you can keep the things you use the most on the shelves for easy access. With a mix of closed and open storage, it is possible to create a kitchen that doesn't only make preparing your everyday meals a breeze, but is a real eye-catcher that inspires you to cook.

KNOXHULT kitchen

A kitchen made easy, with great value for your money

KNOXHULT kitchen units make it easier to create a kitchen to love than you may think.

The selection of units in different shapes and sizes help create a practical kitchen catered to your very needs. Add to this, they come with pre-coordinated fronts and countertops, so all you have to do is combine the units to suit your space and preferences. When you're happy with the result, personalize with your favourite sink, faucet, appliances, knobs or handles and lighting and you're ready to cook.

Inside the cabinets you have great storage possibilities for things both large and small. To create order and make efficient use of space inside cabinets and drawers in your KNOXHULT kitchen, add organizers, so you can spend less time searching and more time cooking.

KNOXHULT kitchen units offer a simple path to a great kitchen that will be your companion for years to come.

5

The KNOXHULT kitchen has a 5-year limited warranty. Find out more on page 121.

KNOXHULT front and countertop expressions

White front with oak effect countertop

White fronts paired with oak effect countertop gives the kitchen a fresh and timeless expression that is easy to like.

Dark gray front with white marble effect countertop

Dark grey fronts combined with a white marble effect countertop brings a modern air to your kitchen and makes it feel warm and inviting.

Oak effect front with white marble effect countertop

The oak effect fronts paired with a white marble effect countertop creates a vibrant expression that adds warmth to your kitchen.

White framed front with oak effect countertop

Timeless white framed fronts combined with oak effect countertop creates a welcoming kitchen with a traditional appeal.

Base cabinets

KNOXHULT base cabinet with drawers, W15×D24×H36". Kitchen accessories, carts and islands

A kitchen easy to live in

Your kitchen isn't fully in function until everything in it has found a place of its own. With smart organizers and accessories, you'll find what you need, when you need it.

Utilize the full area in the kitchen, even the walls. With smart wall storage often used items can be close at hand, at the same time you free up workspace.

Your best kitchen friends

Our carts and islands boost your storage space and kitchen functionality while adding a social focal point in your kitchen at the same time.

The sink area is a busy place. We have accessories with multiple purposes that can help you utilize the area in and around the sink, supporting the workflow both when preparing food and washing up.

Rails and accessories

Our selection of kitchen helpers gives you more work and storage space without the expense of a remodel.

Knobs and handles

Small details that makes a difference!

Knobs and handles are like icing on the cake. Enhance the style you like, refresh the look of doors and drawers, co-ordinate with the rest of your home — or simply change because it's fun.

Knobs and handles may seem small but they can help you to really personalize your kitchen. You can enhance a style to make your kitchen look more traditional or more modern. Mix them or match them perfectly and play with placements to create the finishing touches to the look you want in your dream kitchen.

PERSONLIG/LOCKEBO

custom countertop overview

1. Preparation:

- 1.1. All base cabinets/panels must be completely and properly installed (level and flush to the wall) and all old countertops removed before a template can be done.
- 1.2. Any sink, faucet, cook top, slide in stove, etc. that requires a hole to be cut must be on site at time of templating.
- 1.3. Fabricators do not install brackets or supports for overhangs, etc.
- 1.4. All plumbing and stove connections must be disconnected and removed prior to installation date.
- 1.5. Countertop Installation Service does not include any electrical or plumbing.
- 1.6. Customer must ensure there is sufficient space through doors or openings that the countertop can fit through.
- 1.7. Apron front sink installation, a cooktop/built in oven combination or slide in stove situation requires 3 cm thick surface.

2. Other considerations:

- 2.1. Material will be reserved after template.
- 2.2. By purchasing a countertop with IKEA Canada, you will be asked for your name and information about how you wish to be contacted, such as email address, mobile phone number and home address. Sales transaction data is collected through the IKEA sales tools, and aggregated for the purpose of purchase behavior patterns and product interest, and will never be shared and/or sold to any third party vendors.
- 2.3. Warranty is void for builders, commercial or rental countertop installation.

3. Cancellation:

- 3.1. Prior to Measuring Service date, order can be cancelled and refunded by contacting IKEA Customer Service at 1-866-866-IKEA (4532).
- 3.2. Upon order status confirmation from the Countertop Fabricator, orders cancelled after Measuring Service completion but prior to countertop production will not be reimbursed the Measuring Service fee.
- 3.3. No cancellations after countertop production and or Installation Service completion.
- 3.4. For order cancellations or any questions pertaining to cancellations, please contact IKEA Customer Service at 1-866-866-IKEA (4532).
- 3.5. By paying for the IKEA Custom Countertop and Services, the customer is acknowledging and agreeing to these General Terms and Conditions.

LOCKEBO

glass composite countertops

LOCKEBO glass composite materials are manufactured and supplied by Caesarstone Canada Inc.

1. Making an appointment:

- 1.1. A tentative installation service date will be provided and outlined on an IKEA order form. The availability of firm installation service dates will be confirmed by countertop fabricator directly with the customer.
- 1.2. Upon receipt of payment of the order, the countertop fabricator will contact the customer by phone or email within 3 business days to schedule firm service dates. If you do not hear from them within that timeframe, contact IKEA Customer Service 1-866-866-4532.
- 1.3. To make any changes to your firm countertop service dates, contact your designated countertop fabricator.

LOCKEBO glass composite:
Caesarstone 1-818-208-0126 (BC, AB), 1-877-892-5164 (MB, ONT, QC, NS)

- 1.4. Any rescheduling of your countertop service appointment must be done forty-eight (48) hours prior to the scheduled service date.
- 1.5. All countertop service appointments will be scheduled within a 3-hour window.
- 1.6. Upon the purchase of countertop, customers will receive a Pre-installation Guide for Custom Countertops to review and reference for service appointment readiness.

2. The measuring appointment:

- 2.1. The homeowner or designated decision maker, 18 years of age or older, must be present for the duration of the pre-installation visit. The designated decision maker will be required to approve all final measurements and sign off on a Certificate of Completion for the Measuring Service. If the fabricator cannot complete the service due to not having a person of decision-making authority present, then they will have to reschedule another service appointment. An additional trip charge will apply.
- 2.2. Fabricator reserves the right to request a customer re-schedule their Measuring Service of the service area if preliminary work has not been completed. Preliminary work consists of removal of pre-existing countertop. An additional trip charge will apply.
- 2.3. Seam locations will be discussed at time of measuring and customers will confirm by signing off on the Certificate of Completion. Fabricator reserves the right to place seams in the most structurally sound locations. Seamless countertops are not guaranteed. If a seamless countertop is possible, additional charges may apply.
- 2.4. Exact measurements of custom countertop will be determined after Measuring Service has been completed. Any variances from the original order purchased will result in a change order for the customer. IKEA Customer Service will reach out to the customer to collect or refund the monies owed to avoid holding up the order. Changes in order will be administered as follows:
 - 2.4.1. A change order form will be completed during the Measuring Service, signed by the customer and then submitted to IKEA by fabricator. IKEA will contact the customer to explain the changes, collect payment or issue a refund based on the final template.
 - 2.4.2. Change Order - Upcharges: Unpaid upcharges will place the countertop order on hold and may result in re-scheduled confirmed, material and colour will be reserved and fabrication will resume.
 - 2.4.3. Change Order - Refunds: Refunds will not hold up the order process.

- 2.5. Base cabinets must be assembled, permanently installed and levelled at the time of Measurement Service along with their corresponding installed cover panels, doors and drawer fronts.
- 2.6. During the Measuring Service, the fabricator may require a second Measuring Service date for wall panels over 4" due to the requirement of the countertop needing to be installed first. Additional service dates may impact the overall installation completion date(s).
- 2.7. A second installation date, separate from the countertop installation, will be required for wall panels over 4" in height. Any kitchen wall cabinet wall panels and/or decorative strips/light valences and faucet must not be installed to allow space for backsplash installation. If there is uncertainty about this detail, please ask at the time of your measure appointment.
- 2.8. All sinks, faucets, cooktops, stoves or any other items that would impact the countertop or wall panel measurements directly must be onsite at the time of Measuring Service.
- 2.9. Fabricator requires accessibility to parking of the service address.
- 2.10. Fabricator will not be able to complete the Measuring Service if any readiness requirements are not met. A new Measuring Service date will be rescheduled, and an additional trip charge will apply.
- 2.11. Upon completion of Measuring Service, all countertop and wall panel details signed on Certificate of Completion will be considered final and not subject to change.

Good to know and product care

- 1. The thickness of Caesarstone glass composite slabs are 3 cm with an allowable variance of +/- 1.5mm.
- 2. Colour may vary slightly from in-store samples.
- 3. Glass composite is not perfectly smooth, minor pitting is common and does not affect the performance or constitute a material defect.
- 4. Clean with soap and water on a regular basis. For tougher dirt, use warm water with a non-abrasive sponge and a cleaner that does not contain bleach.
- 5. Trivets and hot pads must be used when placing hot skillets, pans, crock-pots or other heat generating kitchenware on the surface.
- 6. Using cutting boards and taking care not to drop or move heavy objects on the surface will help to ensure long-lasting beauty.

Glass composite residential lifetime warranty

- 1. Original proof of purchase receipt is required.
- 2. Warranty against any manufacturing performed by the supplier, as well as the correct installation of the product.
- 3. The warranty does not protect against natural causes (ie: fire, flood, tornado, etc.).
- 4. Does not cover wear and tear such as stains, scratches, water spots and burns.
- 5. Does not cover failure to comply with care instructions.
- 6. Does not cover chips or damage from abuse or excessive impact.
- 7. Does not cover any products moved from their original place of installation.
- 8. Does not cover repair to electrical, tile or wall surfaces and plumbing modifications possibly required to install the custom countertop.
- 9. Does not cover damages from alterations performed after initial installation.
- 10. The warranty is effective only if the owner of the countertop is the occupant of an indoor single-family residence.
- 11. For full warranty details visit caesarstone.ca under Support (Limited Lifetime Warranty for residential and commercial).

PERSONLIG

custom laminate

1. Information:

- 1.1. Minimum order 4LF.
- 1.2. Counter thickness is 11/16" without buildup while the front roll is 1¾".
- 1.3. When the customer chooses "hold for finals", final measurements must be provided to fabricator upon completion of the cabinet installation.
- 1.4. Unless installation is purchased, sink and faucet cutouts are customers responsibility.
- 1.5. Mitres may be assembled on site.
- 1.6. Do not place hot pots and pans directly on their surface. Instead, use hotplates, hot pads or even heavy towels to protect the surface.
- 1.7. Make sure to not cut directly on the surface of laminate counters.
- 1.8. Be careful with water. Too much water flooded onto a laminate countertop can cause problems with the seams. Water penetration is not covered under warranty.
- 1.9. Avoid using harsh chemicals.
- 1.10. Use mild household cleaner. Avoid using harsh abrasive cleansers. Don't use abrasive sponges or steel wool on laminate.

Limited 1-yr warranty

- 1. Original receipt is required.
- 2. Guaranteed against any manufacturing performed by the fabricator, as well as the correct installation of the product.
- 3. Limited warranty applies when product is in a residential setting and under normal use.

- 4. The limited warranty does not protect against natural causes (ie: fire, flood, tornado, etc.)
- 5. Does not cover wear and tear such as stains, scratches, water spots and burns.
- 6. Does not cover failure to comply with care instructions.
- 7. Does not cover any products moved from their original place of installation.
- 8. Does not cover repair to electrical, tile or wall surfaces and plumbing modifications possibly required to install the custom countertop.

KITCHEN FAUCETS

10

What is covered under this limited warranty?

The 10-year limited warranty is valid for all kitchen faucets at IKEA. This limited warranty applies to domestic use only and covers defects in material and workmanship in all kitchen faucets.

What is not covered under this limited warranty?

This limited warranty does not cover normal wear and tear, cuts or scratches, or damage caused by impacts, accidents or waterborne debris. It also does not apply to the filter/aerator which should be cleaned regularly or replaced when worn out.

KNOXHULT KITCHEN SERIES

5

UTRUSTA wire baskets, TUTEMO, TORNVIKEN and VADHOLMA open cabinets have a 10-year limited warranty. See also general conditions in the limited warranty folder for SEKTION Kitchen System.

General conditions

What will IKEA do to correct the problem?
IKEA will examine the product and decide, at its sole discretion, if it is covered under this limited warranty. If considered covered, IKEA through its own service operations, will then, at its sole discretion, replace it with the same or a comparable product. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. It is IKEA that determines, at its sole discretion, what constitutes an appropriate replacement.

Conditions for the warranties
The warranties are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

Exclusions
This limited warranty does not cover custom-made countertops, normal wear and tear, cuts or scratches, or damage caused by impacts, accidents. Follow our assembly instructions and care instructions carefully. This limited warranty does not apply to products that have been stored, assembled or installed incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. This limited warranty does not apply if the products have been used for public use, outdoors or in a corrosive environment. It also does not cover accidental damage.

Care instructions
To be able to rely on this limited warranty you need to follow the specific care instructions for every product. You will find all care instructions in the IKEA KITCHEN limited warranty folder or with each individual product.

General legal rights:
This limited warranty gives you specific legal rights. This limited warranty does not, in any way, affect the rights given to you by law.

How to reach us if you need service:
If you have any questions regarding your IKEA kitchen please call 1-866-866-4532 or visit us online at IKEA.ca. Save your sales receipt as proof of purchase. Proof of purchase is required for the warranties to be valid.
