

BOAXEL

Storage solution

Care and Cleaning

Wipe clean with a cloth dampened in a mild cleaner. Then dry with a clean, dry cloth.

Safety

Different wall materials require different types of mounting hardware. Use mounting hardware (sold separately) suitable for the walls in your home. If you have any doubts regarding what kind of walls you have in your home, how much load they can carry or how to securely fix BOAXEL onto your walls, you must contact a specialized local contractor for advice.

Good to know

Only recommended for indoor use, closed balconies and laundry.

Wherever you need to store things, BOAXEL has a solution that makes every square centimetre count. A smart design with clean lines means you can optimize storage without compromising on style.

BOAXEL is easy to customize to different rooms and situations. From sorting clothes in the bedroom and the laundry room to organizing coats in the hallway.

BOAXEL can easily adapt and change, just like your life does. Need more storage in the wardrobe for a new family member? Add mesh baskets. Want to rearrange your laundry room? Shelves move easily. With BOAXEL, there's a solution for every storage need.

This is a reference guide created to better assist customers when purchasing products. While a high level of accuracy has been sought in its preparation, we cannot guarantee that there are no errors or omissions, nor will we be bound by them. Availability may vary by store. Please see an IKEA co-worker or visit [IKEA.ca](https://www.ikea.ca) for more information.

How to build

Choose your solution

We have a wide range of BOAXEL combinations to choose from which you can find in the store or on our website at www.IKEA.ca. If you don't find a pre-designed solution that you like, you can create the perfect combination that suits your needs and taste on your own. Begin by looking through the ready-made combinations on the web and choose one that inspires you. You can then use our planning tool to design your own unique combination. There are 4 steps to follow:

1. Before you start to plan your new storage solution, find out what space you have to work with. Sketch out your working space by taking measurements from the floor to the ceiling and between the walls. Make a note of any features such as windows or doors that might affect the size of your storage solution, take detailed measurements and make room for opening and closing doors.
2. Choose the amount of mounting rails and wall uprights that you need based on your planned combination.
3. Choose interiors. Think through your day-to-day needs and what you need to store. Once you have decided on the interiors.
4. Choose the amount of brackets needed in order to install your chosen interiors. Complete your storage solution with your choice of boxes and inserts from our extensive range of interior accessories.

Tip!

If you choose a solution with 1 section, you need 2 brackets per interior part. **In a solution with 2 sections, you only need 3 brackets**, 1 at each end and 1 in the middle. And in a solution with 3 sections you need 4 brackets.

For example: in the image above you can see that for 1 shelf you need 2 brackets, for 2 shelves you need 3 brackets and for 3 shelves you need 4 brackets.

How to build

How to calculate the width of a tailor-made solution?

If you are planning your wall mounted storage solution yourself, you need to allow for 2 cm for the width of the outer wall uprights and 0 cm for each centre wall upright, (since the shelves overlap the centre wall upright). You must also add the width of the shelves or interiors you have chosen.

Tip!

When using a mounting rail, place an interior, such as a shelf, at the top and bottom of the wall uprights before attaching it to the wall. This will help you find the right distance between the uprights. Use a level for the final check that everything is straight before attaching them to the wall.

Tip!

If you plan to have a mesh basket at the bottom of your solution, we recommend that you place the wall uprights 15 cm from the floor. This is to secure the mesh basket can be pulled out without touching the floor. It also helps you to utilize the full height of the wall in the best possible way.

IMPORTANT!

When installing a wall mounted BOAXEL solution, follow the assembly instructions that come with the wall uprights to ensure you get the correct distance between drilling holes.

Example 1:

$$1 \text{ cm} + 60 \text{ cm} + 1 \text{ cm} = 62 \text{ cm}$$

Example 2:

$$1 \text{ cm} + 60 \text{ cm} + 60 \text{ cm} + 60 \text{ cm} + 1 \text{ cm} = 182 \text{ cm}$$

Quick calculation guide

- 1 wall upright: +0 cm
- 2 wall upright: +2 cm
- 3 wall upright: +2 cm
- 4 wall upright: +2 cm

Widths of the shelves and interiors:

60 cm

(shelves, wire shelf, mesh baskets, clothes rail, drying rack, shoe shelf)

80 cm

(shelves, wire shelf, mesh baskets, clothes rail, drying rack, shoe shelf)

Services

We offer a range of services to help you with everything from putting it together to getting it home. Of course, the more you do it yourself, the lower the price will be. And the more we do it for you, the more you can sit back and relax!

Delivery service

Can't take your furniture with you?
We'll bring it to your home or workplace.

Click and Collect

Your online purchases can be ready for pick-up on a day that's convenient for you. Have access to all items available to purchase online at [IKEA.ca](https://ikea.ca). It's easy:

1. Buy your items online
2. Pre-select a date to collect your order
3. Pick-up your purchase at an IKEA store near you.

Assembly service

Sometimes it's nice to have someone else to put your furniture together. We're happy to do it for you.

Talk to a co-worker or visit [IKEA.ca/services](https://ikea.ca/services) for further details and pricing.
