Find your holiday happiness

The VINTERFINT, STRÅLA and VINTERSAGA collections are designed to create a festive atmosphere for gathering with family and friends, whatever your style.

This year, we've approached the season with two distinct expressions to help you find your festive theme.

Scandinavian Folklore focuses on more traditional Christmas colours and familiar details inspired by classic Christmas traditions. Happy Carnival offers a more playful alternative, combining unexpected forms and light, bright colour palettes.

You can also choose to mix the two styles and create your very own winter wonderland.

Christmas collectables

Celebrate your inner child this Christmas

With her irresistible, collectable Christmas decorations, designer Marta Krupińska brings zchild-like joy to the season.

“When designing for the VINTERFINT and STRÅLA collections, I wanted to evoke laughter and make Christmas more relaxed. The shapes are geometric and simple yet playful, with eye-popping colours. I hope they will add joy and a stress-free perspective on Christmas.”

Marta Krupińska, Designer

Paper decorations

Unfold the Christmas magic

Simple, impactful and designed to be used for years to come. We've rethought traditional decorations by introducing paper-based alternatives.

From large paper Christmas trees to garlands and tree decorations, VINTERFINT offers a fresh take on familiar festive favourites.

New **VINTERFINT 2026 decoration $59.99** 206.370.85

“I love using materials and techniques in new ways, chasing that feeling when everything falls into place. This happened several times with my VINTERFINT and STRÅLA products. Plain sheets of paper became sculptural trees. A candlestick grew out of a bent steel tube. My dream is that they become part of people’s traditions, gatherings and celebrations.”

Table settings

Holiday memories are made here

For us, the heart of Christmas is at the table – where people come together, not just for the food but for the company and conversations.

We believe that gatherings aren’t about getting everything just right. It’s about creating a space that feels welcoming, flexible and ready for real life – from big festive feasts to just one more gingerbread cookie.

New **VINTERFINT 2026 candlestick $12.99** 306.342.51

“The design process for the VINTERFINT collection was very hands on, allowing ideas to spontaneously arise through experimentation with paper mockups to guide the final forms, sizes and colours. Paper, symmetry and vibrant colours serve as the main elements. The products are just as suitable for Christmastime as for other celebrations and I hope they’re saved, have a long life and are part of many joyful moments.”

Clara von Zweibergk, Designer

The carnival is in town

Make the dining table a hub of celebration. Bold colours, playful shapes and relaxed combinations invite everyone to mix, enjoy and share the fun.

A table set with tradition

Familiar shapes and quiet details that make everyone feel at ease. Calm colours and natural materials keeping the focus on the food, the traditions and the people around the table.

“It was wonderful to unleash the child within me when I created the textile patterns with Christmas trees, Santas and owls. I drew just like when I was little, with the same joy and passion – and every detail reflects my childhood Christmases.”
