Storage entirely on your terms
Large or small. Out in the open or hidden. Colourful or toned down. You can combine EKET cabinets as you like and need. No matter what you’re storing or how much space you have at home, you can always find a solution that suits you. And if your needs or tastes change? No problem—you can easily change EKET too.

Care instructions
Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

Safety
Tempered glass should be handled with care. A damaged edge or scratched surface can cause the glass to suddenly crack and/or break. Avoid collisions from the side – this is where the glass is most vulnerable.

To prevent this furniture from tipping over, it must be permanently fixed to the wall using the wall attachment fittings included in the packaging. If the product is to be hung on the wall, it must be done with the designated suspension rail (sold separately at IKEA). Assess the wall to ensure that it will withstand the weight. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included). To be completed with EKET feet/underframes/legs (sold separately at IKEA) if the product is to be placed on the floor. EKET connection fittings (sold separately at IKEA) for stacking the modules on each other are only to be used when building a floor-standing combination.

Requires assembly.
