# Good vibes incoming

Launching  
April 2025

# Ready for a fresh start?

Whether you're moving into your first home, preparing for tiny feet, or just looking to refresh your space, new beginnings are exciting but can also feel a little overwhelming.

Will a pink cushion or quirky egg-themed bedding change the world? Maybe not, but they're more than decor. They're little moments of joy, making you smile and think, "Yes, this is my place."

This season, we're introducing three vibrant coordinations full of bold patterns, lively colours, and playful details that'll light up your home. Looking for just one or two pieces? We've got that, too.

Because those good vibes? They make your home feel like yours.

*“When designing the spring 2025 textile collection, I wanted to focus on new beginnings. All things bright and optimistic. I included soft pastels and vibrant hues to create a feeling of bloom and to inspire moments of joy and connection to nature. I especially love the sunny side up egg on ÖGONLOCKSMAL cushion cover – it brings a twinkle to your eyes! I hope this collection helps everyone to welcome the arrival of spring into their homes with open arms.”*

Hannah Wilcox, Designer

# Brighten up

You don't need to go big to refresh your home. A smiley FRÖVÄXT vase, an ÖGONLOCKSMAL egg-themed cushion and a SPETSBOJ table lamp will instantly lift the entire room, and bring a touch of joy to your every day.

# Make every morning feel sunny side up

Looking to wake up with a smile? The new Scandinavian modern style coordination is here to brighten your mornings! Think fresh blinds that block out the light but still bring the fun, a vibrant yellow chair, and bold black-and-white patterned rugs and cushions.

Want to add a playful twist? Try our new egg-themed bedding and match with your little one for a “sunny side up” start to the day. We can’t promise it’ll make getting out of bed easier, but your bedroom will be refreshed in an instant and ready to shine!

**Bright-eyed or grumpy? It's all part of the fun.**

The bright LYCKAN chair works perfectly as a bedside table too!

## Tip!

Give black and white a playful update. A splash of colour can wake up your space, refresh the vibe, and brighten your mood for the day ahead.

# Canada, we've got you covered too

Whether you're feeling black dots on white or vice versa, these black and white dot comforters made for the Canadian market offer a bold new look. Plus, the soft cotton/viscose blend feels great against the skin, making it easy to unwind and wake up full of energy. A simple way to refresh your room — and your sleep.

# A smile

**...from every angle**

The iconic LYCKAN chair comes in classic birch, black (limited markets only), and a new bright yellow wood veneer for instant good vibes.

*"I enjoy working with simple, basic shapes, but I also want to find a personality in what I design. With LYCKAN, I aimed to create a dining chair that makes you happy. An everyday friend that is easy to like, both when you see it and when you sit on it. With a soft, rounded back that embraces you, and a nice flexibility in the seat. Hopefully, a relationship with the chair will arise, grow, and mature with all dinners and moments you enjoy in it."*

**Henrik Preutz**, Designer

## Get comfy!

The cantilever design offers a gentle bounce and curves that mould to your body shape, keeping you comfy whether you're enjoying dinner or lost in a good book. Plus, the warm wood grain shines through, adding an inviting touch that begs you to sit back and stay a while.

# Instant boost

It doesn't take a lot to energise a room. Small items like a cactus-inspired ÄRTBUSKE watering can, a bold blue DOFTBRÄKEN vase and a bright BLÅSVERK table lamp are all you need to give you and your living space a boost.

# Same cosy spot, whole new energy

Sometimes your living room needs a recharge as much as you do! The good news is, it only takes a few fun additions to give the room a fresh burst of energy. Add a bright red lamp, bold green shelves, a playful multicolored sofa cover, and other new coordinated pieces—for a whole new spot to kick back and relax.

And when it's time to wind down, simply roll away the coffee table, whip off the sofa-bed cover, and flick off the light for a peaceful night's sleep.

Give your LYCKSELE sofa-bed a fun new look with the GRINDTORP multi-stripe patterned cover—it's a great way to make it feel brand new and uniquely yours.

# Meet your new kitchen hands

“Mix of matte and glossy finishes.”

*“The inspiration for the BRUGDHAI series comes from traditional mustard jars and other rustic stoneware with a glazed surface. My idea is that it serves as practical everyday food storage, suitable for everything from dry goods and spices to sauces and utensils. The crafted look has a tactile feel with a mix of matte and glossy finishes. I hope many find it so decorative that they keep it on display on the kitchen counter or put it on the dining table for a nice table setting.”*

Francis Cayouette, Designer

## Your kitchen co-stars await

The traditional, glazed BRUGDHAI series, in beige, brown, and blue stoneware, is perfect for storing and organising. Be it salt and pepper, olive oil, utensils, or potted herbs, these jars fit right in on your worktop or shelf, keeping everything within reach. The downside? They can't whip up a lasagne—that part's on you.

# Finally, let's talk rubbish!

Say hello to the TRÖSKNING bin – your waste-sorting sidekick! Whether it's for plastic, metal, or other waste, or even for storing garden tools, this bin does it all.

Made from at least 50% recycled plastic, it's freestanding and can be placed anywhere – in a cupboard, under a bench, or on a shelf. The clever foldable lid lets you stack bins up to 90 cm high while still being able to reach inside.

With its compact, stackable design and built-in handles, trips to the recycling station are a breeze – meaning less time for waste, more time for fun. Not rubbish at all!
