

HEMNES

Bathroom series

Safety

Some of this furniture must be fixed to the wall with the enclosed wall fastener. Different wall materials require different types of fastening devices. Use fastening devices suitable for the walls in your home, sold separately.

Care and cleaning

Wipe furniture clean using a cloth damp with water or non-abrasive detergent, then wipe dry with a clean cloth.

The sink and faucet should be wiped clean using a cloth damp with water or non-abrasive detergent.

Sinks in ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Sinks made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

Genuine character that lasts

HEMNES bathroom furniture has a straightforward, crafted look with Scandinavian appeal and modern function. The series includes vanities, mirrors, cabinets, and shelving, in different dimensions, to make your bathroom functional and comfortable – no matter the size.

This is a reference guide created to better assist customers when purchasing products. While a high level of accuracy has been sought in its preparation, we cannot guarantee that there are no errors or omissions, nor will we be bound by them. Availability may vary by store. Please see an IKEA co-worker or visit IKEA.ca for more information.

How to plan

What do you want to store?

Start by thinking of what storage needs you have in your bathroom. Think of the activities that happen in your bathroom, like laundry, shower, clean, and care. How many people use the bathroom and when. Based on these activities, you can plan how many storage units will best suit your needs. Think about the wall space you have available for a vanity and sink, since this is the centre of most bathroom activities. The HEMNES series is comprised of vanities of different sizes and storage capacities. The drawers in HEMNES vanities are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially practical if you have children.

Choose the expression

IKEA sinks come in different sizes and you can choose a single or double sink, depending on your needs and space. The sinks suitable for HEMNES are made of ceramic, which have a glazed finish and are easy to clean.

You can find a wide selection of bathroom faucets at IKEA. Choose your faucet based on function and design. All faucets come with a strainer kit, except for SALJEN. All faucets at IKEA have a flow regulator that uses less water but ensures that the water flow feels the same. Most of our faucets have a special function – a cold start function that helps save energy.

The last thing to decide is what to put above and around your vanity: mirror cabinet, high cabinet with mirror door, shelving unit, bench. The combination possibilities are endless. Make your choice based on your bathroom storage needs and space.

How to choose vanity and sink

			
Vanity width	ORRSJÖN	BACKSJÖN	RUTSJÖN
24" (61cm) 	25x21¾" (64x55 cm) 295.169.08	24½x21" (61x53 cm) 295.170.07	25¼x21½" (64x56 cm) 195.170.22
30" (76cm) 	31x 21¾" (79x55 cm) 895.169.05	30½x21" (76x53 cm) 095.170.08	31½x21½" (80x56 cm) 995.170.23
