

TÄNNFORSEN

Bathroom series

Design

Sarah Fager

Safety

Must be secured to the wall for a safe installation. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

If you are uncertain about the installation, contact a professional. The installation shall be made in accordance with valid local building and plumbing regulations.

Secure that the walls in your bathroom can support the weight of the vanity.

Care and cleaning

Wipe furniture clean with a cloth dampened in water or a non abrasive detergent, then wipe dry with a clean cloth.

The sink and faucet should be wiped clean with a cloth dampened in water or a non abrasive detergent.

Sinks in ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Sinks made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

10

The TÄNNFORSEN bathroom series has a 10-year limited warranty. Read more in the warranty brochure.

Timeless beautiful design

The TÄNNFORSEN family introduces timeless design combined with generous, modern comfort. Beautiful details and long-lasting quality make this graceful bathroom series a statement of your unique style. The crafted, traditional expression awaits the finishing touches with your personal choice of knobs, handles, countertop, sink, faucet and legs. The family comes in a selection of light, classic finishes. Cabinets with soft-closing doors and drawers hide cluttering accessories, while glass doors showcase your beautiful bottles and decorative baskets.

The included suspension rail makes it easier to mount the cabinet on the wall and the unique wedge dowels make assembly easy and the fittings nearly invisible.

TÄNNFORSEN furniture will withstand years of splashes and humidity and we guarantee it.

This is a reference guide created to better assist customers when purchasing products. While a high level of accuracy has been sought in its preparation, we cannot guarantee that there are no errors or omissions, nor will we be bound by them. Availability may vary by store. Please see an IKEA co-worker or visit IKEA.ca for more information.

How to plan

What do you want to store?

Start by thinking what storage needs you have in your bathroom. Think of the activities that happen in your bathroom like laundry, shower, clean and care. How many people use the bathroom and when is the rush hour usually? Based on the activities and amount of people you can plan how many storage units that will best suit your needs.

Think about the wall space you have available for a vanity and sink, since this is the centre of most bathroom activities. The TÄNNFORSEN series includes vanities of different sizes, wall cabinet and high cabinet.

The drawers in TÄNNFORSEN vanities are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially practical if you have children.

All doors and drawers are equipped with soft closing function which makes the mornings and evenings quiet.

Fixed dividers that are a perfect fit together with our organizers VISSLAÄN and BOLLÖSUND.

Choose the expression

After you have decided on the size of the vanity, you can choose between different colours and find the one that suits your style. The vanities need to be mounted to the wall, and you choose to have it with or without supporting legs. Then you need to choose a sink, where you can choose a single, double, semi-recessed or vessel sink, depending on your needs and space. The sinks are made of ceramic or crushed marble. Ceramic sinks have a glazed finish and are easy to clean. They have excellent scratch resistance and are very durable. Crushed marble is comprised mainly of crushed minerals with binding agents. Crushed marble sinks are smooth, durable and easy to clean.

All integrated and semi-recessed sinks are sold without water trap, but we have created combinations with the water trap included to make it easier for you to buy, all to be found in this buying guide. A pop-up plug is always included with the integrated and semi-recessed sinks. All vessel sinks come with the water trap included.

If you choose a semi-recessed or vessel sink you need to combine the vanity with a countertop. IKEA countertops have been developed with special attention to quality, so they are water resistant, durable and will last a long time. They come in different sizes that match the vanities perfectly. Choose the look that suits you and your bathroom best.

You can find a wide selection of sink faucets at IKEA. Choose your faucet based on function and design. All faucets have a flow regulator that uses less water but ensures that the water flow feels the same. Most of our faucets have a special function – a cold start function that helps you save energy.

Like putting icing on the cake - add knobs or handles to create the perfect solution for your style and taste. The small details that makes a big difference.

The last thing to decide is what to put above and around your sink: mirror, mirror cabinet, high cabinet or wall cabinet. The combination possibilities are endless. Make your choice based on your bathroom storage needs, space and style.

How to combine

Here is a guide to explain how you can put together your very own TÄNNFORSEN bathroom solution.
For all the parts and pieces see page 14. If you want to browse our ready-made solutions just check [IKEA.ca](https://www.ikea.ca).

To build a vanity with integrated sink you need to have a vanity, sink, water trap and faucet.

For additional support, add legs to the front of each cabinet. Complete your bathroom solution with a mirror, mirror cabinet, wall cabinet or high cabinet – all according to your need.

To build a vanity with semi-recessed or vessel sink* you need to have a vanity, countertop, sink, water trap and faucet

For additional support, add legs to the front of each cabinet. Complete your bathroom solution with a mirror, mirror cabinet, wall cabinet or high cabinet – all according to your need.

*Vessel sinks have the water trap included.

Lighting for TÄNNFORSEN

Ceiling, wall and cabinet lighting

FRIHULT ceiling lamp. The glass shade provides balanced general lighting throughout the room. Light bulb sold separately. IKEA recommends LED bulb E12 chandelier opal white.

Stainless steel 304.316.49

FRIHULT ceiling/wall lamp. The glass shade provides balanced general lighting throughout the room. Light bulb sold separately. IKEA recommends LED bulb E12 chandelier opal white.

Stainless steel 704.316.14

FRIHULT wall lamp. A versatile lamp that can be mounted facing upwards or downwards, on its own above the mirror or as a pair with one on each side. Light bulb sold separately. IKEA recommends LED bulb E12 chandelier opal white.

Stainless steel 704.316.28

VÄTHULT LED cabinet/mirror light, aluminium-colour. Can be placed above a mirror or on top of a mirror cabinet to get a good, glare-free light.

14" (35cm) 404.675.53

KABOMBA LED ceiling lamp, matt/black. Ceiling lamp in a modern art deco style. Perfect for bathrooms where you need a good general light.

14" (36cm) 604.898.13

KABOMBA LED wall lamp, dimmable, matt/black. Can be placed on its own above a mirror or as a pair with one lamp on each side. The lamp can be dimmed by using the button on the side.

19x6" (47x14cm) 104.898.20

KABOMBA LED wall lamp with mirror, dimmable, matt/black. Can be placed on one or both sides of a mirror. The lamp can be dimmed by using the button on the side. The small removable mirror can be placed anywhere on the lamp and enlarges the reflection – ideal for shaving or putting on make-up.

8" (20cm) 004.898.06

HAVSDUN LED wall lamp, dimmable, white/frosted glass. Can be placed on its own above a mirror or as a pair with one lamp on each side. The frosted glass shade spreads a soft light that you can dim.

204.992.58

SILVERGLANS driver, 30W, wireless control, approved for bathroom. Use to complete the FAXÄLVEN mirror cabinet/mirror with built-in lighting. Use with the RODRET wireless dimmer/power switch.

White 504.748.26

RODRET Wireless dimmer/power switch, smart. Use with the SILVERGLANS driver and FAXÄLVEN mirror cabinet/mirror with built-in lighting. Allows dimming of the built-in lighting. Requires 1x AAA batteries, sold separately.

White 805.598.00

Drawer lighting

KÖLVATTEN LED lighting strip battery-operated. Built-in LED. The light switches on and off automatically when you open or close the drawer, so no energy is wasted. Recharge the batteries with a USB-C cable and USB charger, sold separately. Required AA batteries are sold separately; 2pcs for 12", 3pcs for 20" and 4pcs for 28" lighting strip. IKEA recommends LADDA rechargeable batteries.

12" (30cm)	705.653.40
20" (50cm)	305.719.51
28" (70cm)	305.719.51

LADDA rechargeable battery. Reduce waste and save money by recharging your batteries. Charging and re-using batteries is a good choice for the environment and practical too since you always have batteries at hand when you need them.

1900 mAh, AA	005.098.14
2450 mAh, AA	505.046.92
