Good night, everyone

10

Free 10-year warranty

When it comes to mattresses, one size doesn't fit all. People are built differently. People sleep differently. We understand this, which is why our range of mattresses offers you a wide choice of materials, support and price levels; everything you need to find a perfect match for you. Almost all of our mattresses are covered by a 10-year warranty against defects in materials and workmanship. For more detailed information, please read the Warranty brochure.

Love it or exchange it

It is important to us that you love your new mattress. So if after a while you discover that it is too firm, too soft or too something else just bring the mattress back and simply exchange it for another. You may exchange your mattress once within 365 days if you don't love it, provided that it is not dirty, marked or damaged.

Do it yourself or let us help

Just because you can do everything yourself, doesn't mean you have to. Let us help you get a good night's sleep without any extra worrying with our service offers like shopping service and home delivery. Read more on the back page of this guide or at www.IKEA.ca

When you get your mattress home

Before using for the first time, it's normal for new mattresses to feel a bit too firm, so you should allow one month for your body to get used to the mattress and for the mattress to get used to your body. New materials also have their own particular smell. We recommend airing the mattress to help eliminate any smell. If you buy a roll packed mattress, you can use it straight away but keep in mind that it takes 3-4 days of use for them to regain their shape.

Care and cleaning

Adding a mattress protector (page 14) or mattress topper (page 11) to your new mattress makes it more hygienic, as it is easy to remove and clean. Some of our mattresses have a machine washable cover. On those that don't, use upholstery cleaner to remove stains. Even the best mattresses become less comfortable with age and all mattresses accumulate dust and mites over the years. So, we recommend that you change mattresses every 8-10 years.

How to choose a mattress

To find the right mattress for you, you should think about:

1. Firm, medium firm, or plush?

We offer a variety of different mattresses. Deciding if you want a firm, medium firm, or soft mattress will help you narrow down your choice considerably.

2. Your budget

We have mattresses to fit every budget — from basic mattresses to mattresses made with high quality natural materials. But you can be sure that every one is designed to give you a good night's sleep.

3. How does it feel?

The most important thing when choosing a mattress is to have a good lie down. Try the mattress without thick jackets and coats and in the position you usually fall asleep in. It is important that the mattress provide the right support. When lying in bed, the spine should be supported in its neutral position. This way, you can tell if the mattress is a good match for you.

Mattress comfort symbols

The symbols below are used to show the features of our comfort products.

Firm

Mattresses that provide firm support.

Medium firm

Mattresses that provide a softer comfort.

Plush

Mattresses that provide a soft comfort.

Natural materials

Natural materials like wool, cotton and sometimes natural latex and horse hair help air flow freely through the mattress and draw away moisture, so you won't get too warm or too cold.

Extra comfort filling

An extra top layer of soft filling that adds comfort.

Comfort zones

Give each part of your body the support it needs. Softer areas allow your shoulder and hips to sink more deeply into the mattress while firmer ones actively support your neck and lower back.

Pocket springs

Individually wrapped springs that work independently to closely follow your movements and the contours of your body.

Bonnell springs

A layer of springs that provides all-over support to ensure a restful night's sleep.

Latex

A soft and resilient natural material that offers personalized comfort by moulding to your body. You'll relax more fully as it distributes your body weight to relieve extra pressure and provide precise support.

Memory foam

A soft and resilient material that responds to your body temperature and moulds itself to the contours of your body. You'll relax more fully as it distributes your body weight to relieve pressure and provide optimum support and comfort.

Gel memory foam

Gel capsules in the memory foam take a longer time to warm up creating a cooler sleeping surface.

High resilience foam

High quality foam that closely follows your movements to provide support and relieve extra pressure.

Foam

Gives you all-over support and comfort.

Adjustable slatted bed base

The head and, in some models, foot section can be adjusted so you can sit comfortably.

Roll packed

Makes it easier for you to handle the mattress and bring it home.

Wash 60 degrees Celcius

Removable and washable. Mites thrive in warm, dark, humid environments like beds. Wash fairly often to keep it fresh and clean.

10-year warranty

Almost all of our mattresses are covered by a 10-year warranty against defects in materials and workmanship. For more detailed information, please read the warranty folder.

Firm mattresses

A slightly firmer mattress prevents the neck and lower back from sinking too deeply into the mattress. A better choice for back sleepers or stomach sleepers.

HUSVIKA spring mattress, beige. *

- 10

10-year warranty
-  Bonnell springs
-  Extra comfort filling
-  Roll packed

- Bonnell springs provide all-over support to ensure a restful night's sleep.
- Stretch fabric on topside of the mattress moves with you to maximize comfort.
- This mattress is approved for children. It has a child-proof zipper without a pull mechanism, which eliminates small parts and prevents children from opening it.
- Easy to bring home since the mattress is roll packed.
- Thickness: 13 cm

 Firm	
Twin	303.188.65

HAUGESUND spring mattress, dark beige.

- 10

10-year warranty
-  Pocket spring
-  Extra comfort filling
-  Roll packed

- You get support in the right places with the help of individually wrapped pocket springs that work independently and closely follow your body.
- The pocket springs are individually wrapped to insulate movements so you don't disturb your bed partner.
- A generous layer of soft fillings adds support and comfort.
- Stretch fabric on topside of the mattress move with you to maximize comfort.
- Designed to be used on one side only—no need to turn.
- Easy to bring home since the mattress is roll packed.
- Thickness: 25 cm

VADSÖ spring mattress.

- 10

10-year warranty
-  Bonnell springs
-  Extra comfort filling
-  Roll packed

- Bonnell springs provide stable and even support, giving you the feeling that you're sleeping on top of the mattress rather than in it.
- A layer of wadding and foam on the top adds a soft, cushioning feel to the firmness of the Bonnell springs.
- The Bonnell springs help you maintain a comfortable body temperature while you sleep, since they have an open construction that allows air to circulate.
- The mattress is roll-packed to be easy for you to carry home and has practical handles on the sides to help you when moving the mattress.
- Bonnell springs are especially suitable for those who sleep alone, since the movements of the springs won't disturb anyone else, for example if you have a habit of getting up for a midnight snack.
- Choose a pillow you like to go with your mattress in order to really boost your sleep.
- The springs run from edge to edge to avoid a gap if you want to place two mattresses next to each other.
- The mattress cover is designed to stay firmly in place on the mattress.
- Only to be used on one side – no need to turn the mattress over.
- To keep the mattress fresh, use a textile cleaner suitable for upholstery and vacuum it occasionally.
- Thickness: 12.5 cm

Mattress protectors

A mattress protector will help your mattress last longer and stay fresh by protecting it from stains and dirt. It's removable, so it's easy to wash when needed. Some protectors are filled to provide extra comfort and softness and to draw moisture away from the body. Most of our mattress protectors are washable at 60°C, temperature that kills dust mites.

ÄNGSKORN mattress protector

Care instructions

- A quilted mattress protector with a lyocell and cotton blend fabric, and a lyocell and polyester filling. Lyocell fibres absorb moisture for a comfortable and dry sleep.
- Elastic ribbon in each corner keeps mattress protector in place.
- Fits mattresses with a max height of 42 cm.
- Top fabric: 55% lyocell, 45% cotton.
- Filling: 50% lyocell, 50% polyester (80% recycled).
- Back fabric: 100% polypropylene.

Services

We offer a range of services to help you with everything from putting it together to getting it home. Of course, the more you do it yourself, the lower the price will be. And the more we do it for you, the more you can sit back and relax!

Delivery service

Can't take your furniture with you? We'll bring it to your home or workplace.

Click and Collect

Your online purchases can be ready to pick-up on a day that's convenient for you. Have access to all items available to purchase online at Ikea.ca. It's easy:

1. Buy your items online
2. Pre-select a date to collect your order
3. Pick-up your purchase at an IKEA store near you.

Talk to a co-worker or visit www.Ikea.ca/services for further details and pricing.
