A guide to buying IKEA appliances

APPLIANCES

All our appliances are developed to fit perfectly with our kitchens and your needs. Whether you prefer heating up food in the microwave oven or love spending hours in your kitchen cooking, this buying guide includes all the appliances you'll need to make your kitchen work like a charm for years to come.

APPLIANCES YOU CAN RELY ON

We strive to create appliances that make your everyday life easier and help you live a more sustainable life at home. Packed with smart functions, they're built to stand up to everyday demands—now and for years to come. They are designed in every detail to enhance your chosen kitchen look and to match each other perfectly.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

REFRIGERATORS

Smart cooling. Less waste.
Efficient cooling is a cornerstone of a sustainable kitchen. The better your fridge and freezer work, the less food you will waste. Most of our refrigerators are ENERGY STAR® rated and packed with smart functions that will keep your food fresher, longer. For example: fan cooling which ensures an even and consistent temperature, fast freeze option that quickly freezes large amounts of food or ice makers which really come in handy when you're hosting a party. Choose from top mount, bottom mount/french door or maybe a compact refrigerator for a smaller or additional space in your home.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

ELECTRONIC DISPLAY It's easy to control functions and check or set temperatures and functions with our simple and intuitive electronic display panels.

HUMIDITY CONTROLLED CRISPERS You can preserve the freshness of fruits and vegetables by just adapting the humidity scale. The integrated air purifying system will also help to reduce food odors.

SPACIOUS STORAGE AND LEDS Our refrigerators offer plenty of storage both in the fridge and the freezer drawer. Adjustable shelves, multiple crispers and built-in door shelving let you arrange your food just the way you like. And, with integrated LEDs that light up every corner, you'll be able to see (and find) everything you've packed in—even that jar of pickles in the back.

GLASS CERAMIC COOKTOP Provides even and effective heating through each cooking zone. The smooth surface is practical and easy to clean.

LARGE OVEN Our ranges boast large ovens and multiple levels so you can fit several dishes at once (or one big bird for those special occasions).

MADE TO FIT AND LOTS OF FUNCTIONS All our ranges are made to slide-in perfectly between IKEA cabinets, which makes planning your kitchen that much easier. And, our ranges offer a variety of features, like convection oven function, custom broil and bake settings.

RANGES

Our freestanding ranges offer a convenient way for you to get a quality cooktop and oven combined (with all the functions too). Whether you choose an induction energy efficient range, electric range with ceramic cooktop or a gas range, it will fit perfectly between IKEA kitchen cabinets. And, you can opt for a convection oven — a good choice if you like to cook several dishes at once.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

OVENS

Our built-in oven fits perfectly in both base and high kitchen cabinets. You can place it exactly where you want it in your kitchen, making the most of your space and creating the perfect workflow for you. The oven has a wide range of smart functions ready to help with anything from a simple snack to a gourmet meal. If you're looking for advanced cooking or convenient self-cleaning programs, we've got you covered.

Safety
Of course, quality and functions are top of mind when we design our ovens, but we think about safety too. They have quadruple-glazed doors so you can touch them at any temperature setting and a child lock for the little ones.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

TRUE CONVECTION A fan spreads preheated air evenly throughout the oven which means you can cook different dishes at the same time without sharing flavours.

LARGE OVENS The insides of our ovens have generous dimensions and several rack positions, so you have enough space for lots of different dishes or a large family meal at special times of the year.

SELF CLEANING The self-cleaning function makes your oven easy to clean—grease and food residue are burned to ashes that you can simply wipe away.

CUSTOM BROIL AND GRILL You can adjust the temperature of the broil and grill function, customizing it according to your cooking needs.

WHEN SPACE IS LIMITED this little chef goes beyond making popcorn and heating pizza. Freestanding GÅTEBO microwave oven with air fry function allows you to cook a variety of healthy and tasty delights.

MICROWAVE OVENS

When the hustle of everyday life leaves you with the need for speed, a microwave oven is a choice in every way. Microwave ovens are quick, energy efficient and perfect for reheating and defrosting.

And with today's technology we've got models with extra cooking functions too. We also offer microwave ovens with extractor fans built-in, that you can place directly above your range or cooktop.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

BUILT-IN EXTRACTOR FAN A microwave oven with extractor fan does more than just reheat and defrost—it keeps your kitchen free of grease and cooking odors.

EASY TO USE A space-saving combination with very practical and easy to use controls that let you operate the microwave and the extractor fan at the same time.

COOKTOPS

We have a variety of cooktops to choose from, so you can find the one that suits the way you cook. Each type—gas, glass ceramic and induction—has its own unique benefits and features. So, whether you're an ambitious home chef or more of a quick and low maintenance cook, we have a cooktop that's right for you. Check out the descriptions on the facing page for benefits of each type of cooktop we offer.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

GLASS CERAMIC Practical and easy to clean, our glass ceramic cooktops have variable cooking zones that provide even and effective heating adapted to the shape and size of your cookware.

GAS The blue flames of gas cooktops are more than a professional looking feature, they give you quick, responsive heat control, perfect for fast, fresh cooking.

INDUCTION Cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware. They are easy to clean as the induction surface generates heat only to your pan, not your cooktop. This means spills won’t burn onto the surface as easily.

INDUCTION COOKTOPS WITH DOWNDRAFT

FÖRNEBO

4 element induction cooktop with downdraft

Black. 705.377.57

Key Features:
- Induction cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware.
- Integrated downdraft extractor hood makes it a perfect solution for an island, no ceiling hood needed.
- The extractor hood automatically adjusts to the heating level on the cooktop, the higher the heat the more powerful the extraction capacity.
- All induction zones have a booster function that quickly makes the zone extra hot, ideal for boiling water, browning meat and frying wok dishes.
- The bridge function allows you to connect 2 cooking zones into 1 large zone when needed.
- Auto-size detection in each zone automatically senses the size of your pan.
- The lock function deactivates most of the controls on the cooktop to keep cooking zones from being changed by accident or to keep children from activating the cooktop.
- Easy to clean by just wiping with a damp cloth or sponge as spills from food or liquids do not burn on the surface
- A heat indicator shows when the cooking zone has cooled so that you are not in danger of burning yourself
- Free 6 year limited warranty included

Technical Information:
4x2100W induction zone with booster; 3700W
Downdraft extraction rates (HVI certified):
Speed 1, 157 CFM
Speed 5, 250 CFM
Speed 9, 352 CFM
Boost, 397 CFM
Voltage: 120V
The cooktop may produce low humming, or ticking sounds. These sounds are normal for induction technology.
The cooktop can not be installed over an oven in the same cabinet.
The downdraft hood can only be installed venting out. Drawer solutions are therefore shallower in depth to make room for the ducts in the back of the cabinet.
Grease filter must be cleaned once per month or when indicated by the indicator light.
Installation shall be made by professionals in
accordance with valid local safety regulations.

EXTRACTOR HOODS

Not only does an extractor hood keep the kitchen free of steam, grease and cooking smells, it’s also an important design element.

Whether you're looking for a ceiling-mounted extractor for over a kitchen island or a wall-mounted model, we've got you covered. Our hoods come in a range of extraction capacities, so you can be sure to get one with the right amount of muscle to keep your kitchen fresh.

6

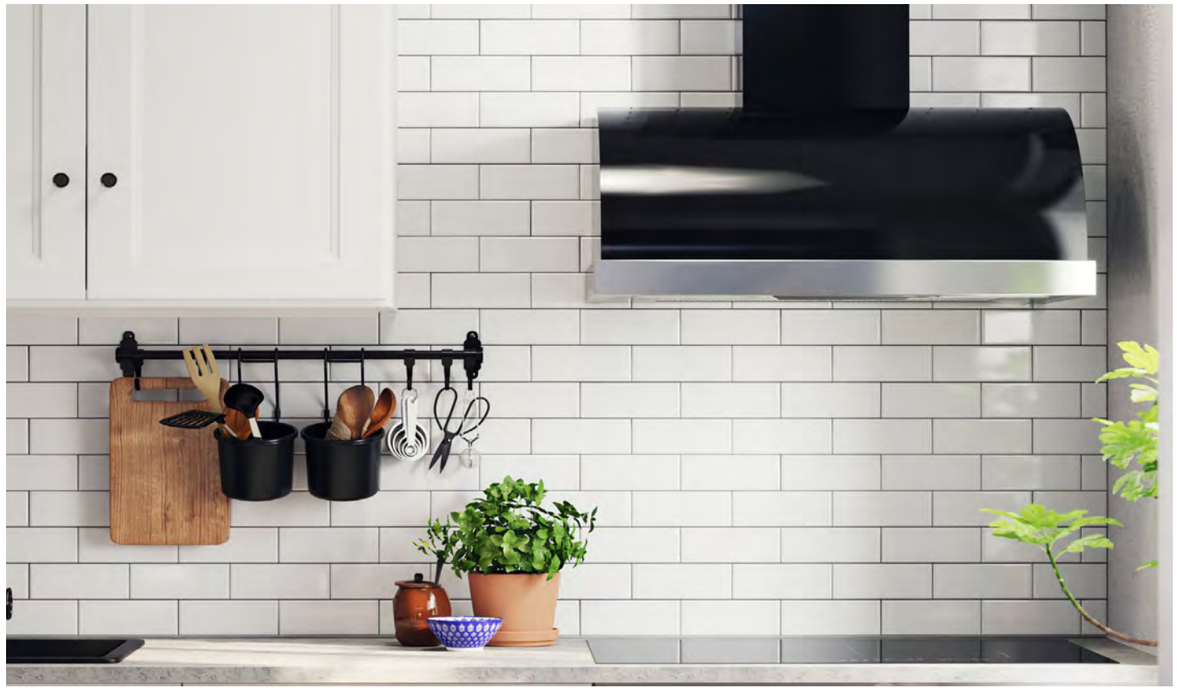

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

WALL-MOUNTED These hoods are design features, so we offer a variety of shapes and finishes. That way, you can find the right one to boost your kitchen's style.

BUILT-IN Hide your extractor hood with a built-in model. It's completely integrated with your kitchen cabinets so you get a streamline and uniform look.

STYLE AND SIZE An extractor hood can make a big style statement, whether you pick one that's similar to your other appliances or go for something different to create a casual, eclectic look. Whatever you choose, be sure you get a hood that covers your cooking area (or even a little more) to ensure ideal performance.

SOUND LEVELS

Sound levels for range hoods is measured in sones. Our appliances have been tested to determine and measure this. For extractor hoods the operating speed or installation type can influence sound levels. All our hoods are HVI (Home Ventilating Institute) certified to ensure that accurate and efficient ventilating standards are met. Compare and chose the hood that is suitable for your needs and comfort.

6 year
limited warranty

WATER EFFICIENT Lots of dishes will be sparkling clean with just a small amount of water. Using your dishwasher is much more water efficient than washing dishes by hand.

SMART SORTING Our cutlery baskets let you stand utensils up, ensuring they're thoroughly cleaned. Once the wash is done, they're easier to sort and put away too.

DISHWASHERS

Using a dishwasher is more water and energy efficient than washing dishes by hand. And, with sterilizing functions, it's more hygienic too. We offer both built-in and fully integrated models, but whichever you choose you'll get a tall interior space that'll fit oversized dishware and large loads.

All of our dishwashers are ENERGY STAR® rated and come with a free warranty.

6

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 6-year limited warranty (except TILLREDA cooking appliances).

TOP CONTROL PANEL many of our dishwashers have a hidden control panel with several programs to choose from. You can even set the program to start later when it suits you.

INTEGRATED Our fully integrated dishwashers can hide behind a front that matches the rest of your kitchen doors, giving you a completely uniform look.

SOUND LEVELS

Sound levels for dishwashers are measured in decibels (dBA). Our appliances have been tested to determine and measure this. For dishwashers the operating program or installation type can influence sound levels. Decibel levels are listed in the product information. Compare decibel levels and choose the dishwasher that's suitable for your needs and comfort. Look for the decibel (dBA) level of an appliance listed in the product information.

		Energy class	Noise level/dB	Capacity/ water consumption	Programs	Free warranty
BUILT-IN DISHWASHERS

6 year limited warranty

WARRANTY — TERMS AND CONDITIONS

APPLIANCES

6

How long is the IKEA limited warranty valid?
This limited warranty is valid for six (6) years from the date of purchase. TILLREDA cooking appliances have a two (2) year limited warranty, valid from the original date of purchase. When this major appliance is operated and maintained according to instructions for use attached to or furnished with the product.

This limited warranty is valid in Canada and applies only when the major appliance is used in the country in which it was purchased. Outside Canada, this limited warranty does not apply.

Proof of original purchase date is required to obtain service under this limited warranty.

What does this limited warranty cover?
The limited warranty will pay for factory specified parts and repair labor to correct defects in materials or workmanship that existed when the major appliance was purchased. The exceptions are specified under the headline "What is not covered under this limited warranty?".

Which major appliances are not covered by the IKEA six (6) year limited warranty?
For cooking appliances named "TILLREDA", a limited warranty is valid for two (2) years from the date of purchase.

What will be done to correct the problem?
The designated service company will examine the product and decide, at its sole discretion, if it is covered under this limited warranty. If considered covered, the designated service company will then repair the defect. Your sole and exclusive remedy under this limited warranty shall be product repair as provided herein.

Within the warranty period, the costs to remedy the fault e.g. repairs, parts, labour and travel will be covered, provided that the appliance is accessible for repair without special expenditure.

Who will execute the service?
The designated service company will provide the service through its own service operations or authorized service partner network.

What is not covered under this limited warranty?
- Service calls to correct the installation of your major appliance, to instruct you on how to use your major appliance, to replace or repair house fuses, or to correct house wiring or plumbing.
- Service calls to repair or replace appliance light bulbs, air filters or water filters. Consumable parts are excluded from warranty coverage.
- Replacement parts or repair labor if this major appliance is used for other than normal, single-family household use or when it is used in a manner that is contrary to published user or operator instructions and/or installation instructions.
- Damage resulting from accident, alteration, misuse, abuse, fire, flood, acts of God, improper installation, installation not in accordance with electrical or plumbing codes, or use of consumables or cleaning products not approved for use.
- Cosmetic damage, including scratches, dents, chips or other damage to the finish of your major appliance, unless such damage results from defects in materials or workmanship and is reported within 30 days from the date of purchase.
- Any food loss due to refrigerator or freezer product failures.
- Pick up and delivery. This major appliance is intended to be repaired in your home.
- Repairs to parts or systems resulting from unauthorized modifications made to the appliance.
- Expenses for travel and transportation for product service if your major appliance is located in a remote area where service by an authorized servicer is not available.
- The removal and reinstallation of your major appliance if it is installed in an inaccessible location or is not installed in accordance with published installation instructions.
- Replacement parts or repair labor on major appliances with original model/serial numbers that have been removed, altered or cannot be easily determined. This warranty is void if the factory applied serial number has been altered or removed from your major appliance.
- The cost of repair or replacement under these excluded circumstances shall be borne by the customer.

Disclaimer of Implied Warranties
IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO SIX YEARS (TWO YEARS FOR COOKING APPLIANCES NAMED "TILLREDA") OR THE SHORTEST PERIOD ALLOWED BY LAW.

Some provinces do not allow limitations on the duration of implied warranties of merchantability or fitness, so this limitation may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from province to province.

Limitation of Remedies; Exclusion of Incidental and Consequential Damages
YOUR SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE PRODUCT REPAIR AS PROVIDED HEREIN. THE DESIGNATED SERVICE COMPANY SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some provinces do not allow the exclusion or limitation of incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from province to province.

Additional information for consumers in Québec
This limited warranty is provided in addition to the rights and remedies available under the Consumer Protection Act (Québec). This limited warranty works alongside the rights and remedies available to you under Québec's Consumer Protection Act. It does not give you any additional benefits, rights or remedies beyond those provided by law.
If you purchased a product in Québec, you may benefit from legal warranties under Québec law, including the legal warranty that goods must be fit for the purposes for which goods of that kind are ordinarily used, durable in normal use for a reasonable length of time, and free from hidden defects.
For prescribed goods, Québec law may also provide a warranty of good working order for the period prescribed by law.

Nothing in this brochure is intended to exclude, restrict, waive or modify any mandatory right or remedy available under Québec law.

Care instructions
All appliances are designed for domestic/home use only.

To ensure maximum performance, read and follow the Instructions for Use that accompany your new appliance. It is also important to follow the health and safety instructions, which, for instance, recommend that there are always 2 people to carry/ move heavy appliances.

Be sure there is a socket outlet near the appliance. Never use an extension cord.

We strongly recommend that you ensure correct and safe installation by hiring a professional plumber and/or electrician whenever relevant. If problems should arise due to incorrect installation, the limited warranty will not apply. Respect the environment by disposing of the packaging properly. Keep packaging such as large plastic bags out of the reach of children. Always keep your appliances clean. Use only those cleaning products recommended in the instructions for use. For example, never use abrasive scouring pads as they may scratch or damage surfaces.

Be sure to use products intended for use with your appliances. For example, be sure to use microwave-safe porcelain, ovensafe dishes, freezer-safe food savers and pots and pans made of a suitable material.

Read more in the Instructions for Use that comes with the products.

Ovens
- All ovens require a qualified installer.
- Before you use the oven for the first time, follow instructions to eliminate any odour and remove stickers, etc.
- For ordinary cleaning, use water and a mild detergent. Avoid abrasive cleaning products.
- Do not hang tea-towels on the oven handle while the oven is in use.

Cooktops
- All cooktops require a qualified installer.
- Use only non-abrasive cleaning products. Avoid scouring powder, steel wool, hard or sharp objects that can scratch the surface.
- For both gas and electric cooktops: save energy by using pots and pans with a base diameter equal to, or slightly larger than, the diameter of the burner.
- If you are using LPG bottled gas, you must replace the gas injectors with the available LPG gas kit.
- For gas cooktops: fit the rubber seal properly. It prevents water leakage, which may damage the worktop.
- For induction cooktops: use only pots and pans with a magnetic base for induction cooking.
- For glass ceramic cooktops: use only pots and pans with a flat base.
- For glass ceramic cooktops: always remove spills from sugar/milk/rice or pasta water, because they may cause opaque or matt stains on the surface.

Hoods
- All hoods require a qualified installer.
- Install the hood in the way that suits your kitchen; either recirculating or ducted mode (models may vary for compatibility).
- Using extension tubes and flues reduces the hood's performance. The maximum length of a duct should not exceed 10 ft (3 m).
- Always observe the minimum safety distance between cooktop and hood. This distance varies depending on country and cooktop type. Refer to installation instructions of the product for full details.
- Change carbon filters every 3-6 months and clean metal grease filters regularly to optimize performance.
- Make sure to clean oil/grease off of the hood regularly.

Microwave ovens
- All microwave ovens require a qualified installer.
- Do not put metal of any kind inside the oven.
- Use only those materials approved for microwave cooking.
- Be sure the ventilation vents are unobstructed.
- Do not remove or block the turntable when cooking in a microwave.

Dishwashers
- All dishwashers require a qualified installer.
- Set the correct level of water hardness (pH-value) in the rinse aid dispenser.
- Use detergent specifically developed for automatic dishwashers.
- For best results, make sure there is enough rinse aid and detergent and that they are placed in the correct dispensers.
- Empty and clean the filter regularly, if applicable.
- Always load sharp items, such as knives, pointing downwards in the removable cutlery basket for safety reasons. Don't load these in the dish compartment to avoid damaging the dishwasher.

Fridge/freezers
- All fridge/freezers require a qualified installer.
- Be sure to place the fridge/freezer where there is sufficient air ventilation around it. A freestanding unit must never be placed inside kitchen cabinets because this obstructs air ventilation and may cause the product not to work properly and damage it.
- Keep the condensation drainage hole at the back of the fridge clean and free of blockages to enable the frost-free system to work.
- Make sure food has cooled down first before placing it in the fridge or freezer. Hot food causes excessive condensation and ice to build up in the freezer, resulting in reduced performance.
- Avoid using sharp tools to defrost your freezer – they can damage the internal plastic lining.

How to reach us if you need our service
For support with TILLREDA appliances, please visit your local IKEA store for customer service or contact IKEA at 1-866-866-4532 or IKEA.ca
For all other appliances, please visit IKEA.ca or contact 1-866-866-4532.

Please have the following information on-hand before contacting customer service: Order number, receipt number, article number, in addition to the model/serial number (found on the rating plate of the appliance).

Helpful information can also be found in the "troubleshooting" section of the use and care guide for each appliance.

If outside Canada, contact your authorized IKEA retailer to determine if another limited warranty applies.

Services

You can do it yourself, but you don't have to

Our broad service offer gives you the freedom to design your own price tag by choosing not only the products that suits your budget but also deciding how much you want to do yourself and how much you want us to do for you. On this page you'll find the different services that we can offer to help and support you. For more details about our services, talk to a co-worker at your local IKEA store or visit us at **IKEA.ca/kitchenservices**

Click and collect

Save some time by placing your order online. We'll round up everything on your shopping list and have it ready for you to collect at the time and location of your choice.

Delivery

Whether you're shopping in store or online, no matter how big the purchase, we'll do the heavy lifting and bring it all to your home or business.

Measuring

If you want to be sure that your room drawing is as accurate as possible, one of our Kitchen specialists will measure the room and check everything, from the placement of windows, doors, and power sockets to the material and condition of the walls.

Kitchen consultation & planning service

Get help with ideas and the planning of your new kitchen, by choosing one of our services. Our kitchen experts will introduce the IKEA offer to you and help you with functional solutions for everything from the placement of cabinets to appliances, and storage to lighting and sinks.

In-store & On-line kitchen consultation
Are you thinking of a kitchen project and need more information? Our kitchen experts can help. Book your 30 min appointment today.

In-store assisted self planning
Drop-in to an IKEA store and we can assist you while you plan your kitchen with the help of our 3-D kitchen planning tool.

In-store one-on-one planning, up to 2 hours
If you prefer, you can schedule one-on-one in-store planning appointment with one of our kitchen experts.

Remote for On-line kitchen planning, up to 2 hours
Don't live near IKEA? Our online planning service is perfect for you and you don't even need to leave your home. We will plan over the internet.

In-home one-one planning, up to 3 hours
Let us come to you. Our IKEA Kitchen Service team will come to your home to take your measurements and plan your kitchen right in your home.

Visit **IKEA.ca/kitchenservices** for pricing and to book your appointment today!

IKEA Kitchen Installation

As an IKEA customer, you have the right to expect that your kitchen project will be completed with the greatest skill and care.

Our IKEA kitchen service team not only have skillful hands but they also understand the inherent methods of installation required by the IKEA cabinet system. There is no question that correct installation will add years to the useful life of your kitchen.

With our help, you'll soon be cooking in the kitchen of your dreams.

See a co-worker to arrange your free installation price quote today with our IKEA kitchen service team.

Visit **IKEA.ca/kitchenservices** for a complete list of all our installation services.

5 year warranty

Installation warranty is provided by our IKEA kitchen service team and is for the installation of IKEA SEKTION kitchen products only. Non-IKEA product, ENHET and KNOXHULT kitchens are warranted for one year.

In the event of defects in workmanship and material, and the failure of the products supplied by the IKEA kitchen service team to conform with the agreement or warranty, the IKEA kitchen service team will repair or replace said product or materials; provided, that the defect or malfunction was not due to accidents, alteration by the customer, misuse, abuse or neglect.

IKEA Home Planner

Design the SEKTION kitchen of your dreams in a 3D environment and get a price on every detail as well as the total kitchen. Print out your drawings and product list at home, or save to the IKEA web-site. Contact us in-store or on-line to discuss your design and get lots of advice and guidance from our kitchen experts.
