

# APPLIANCES

# APPLIANCES YOU CAN RELY ON

We strive to create appliances that make your everyday life easier and help you live a more sustainable life at home. Packed with smart functions, they're built to stand up to everyday demands—now and for years to come. They are designed in every detail to enhance your chosen kitchen look and to match each other perfectly.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

# REFRIGERATORS

# Smart cooling. Less waste.

Efficient cooling is a cornerstone of a sustainable kitchen. The better your fridge and freezer work, the less food you will waste. Most of our refrigerators are ENERGY STAR® rated and packed with smart functions that will keep your food fresher, longer. For example: fan cooling which ensures an even and consistent temperature, fast freeze option that quickly freezes large amounts of food or ice makers which really come in handy when you're hosting a party. Choose from top mount, bottom mount/french door or maybe a compact refrigerator for a smaller or additional space in your home.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**ELECTRONIC DISPLAY** It's easy to control functions and check or set temperatures and functions with our simple and intuitive electronic display panels.

SPACIOUS STORAGE AND LEDS Our refrigerators offer plenty of storage both in the fridge and the freezer drawer. Adjustable shelves, multiple crispers and built-in door shelving let you arrange your food just the way you like. And, with integrated LEDs that light up every corner, you'll be able to see (and find) everything you've packed in—even that jar of pickles in the back.

HUMIDITY CONTROLLED CRISPERS You can preserve the freshness of fruits and vegetables by just adapting the humidity scale. The integrated air purifying system will also help to reduce food odors.

# RANGES

Our freestanding ranges offer a convenient way for you to get a quality cooktop and oven combined (with all the functions too). Whether you choose an induction energy efficient range, electric range with ceramic cooktop or a gas range, it will fit perfectly between IKEA kitchen cabinets. And, you can opt for a convection oven — a good choice if you like to cook several dishes at once.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**GLASS CERAMIC COOKTOP** Provides even and effective heating through each cooking zone. The smooth surface is practical and easy to clean.

planning your kitchen that much easier. And, our ranges offer a variety of features, like convection oven function, custom broil and bake settings.

LARGE OVEN Our ranges boast large ovens and multiple levels so you can fit several dishes at once (or one big bird for those special occasions).

MADE TO FIT AND LOTS OF FUNCTIONS All our ranges are made to slide-in perfectly between IKEA cabinets, which makes

		Oven capacity	Cooking levels	Number of cooking zones	Thermal/ Convection oven	Oven cleaning function	Fuel source	Free warranty

# **OVENS**

Our ovens are built-in fitting perfectly in both base and high kitchen cabinets. You can place them exactly where you want them in your kitchen, making the most of your space and creating the perfect workflow for you. They come with a wide range of smart functions ready to help with anything from a simple snack to a gourmet meal. If you're looking for advanced cooking or convenient self-cleaning programs, we've got you covered.

# Safety

Of course, quality and functions are top of mind when we design our ovens, but we think about safety too. They have quadruple-glazed doors so you can touch them at any temperature setting and a child lock for the little ones.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**TRUE CONVECTION** A fan spreads preheated air evenly throughout the oven which means you can cook different dishes at the same time without sharing flavours.

**SELF CLEANING** The self-cleaning function makes your oven easy to clean—grease and food residue are burned to ashes that you can simply wipe away.

LARGE OVENS & MULTIPLE RACKS The insides of our ovens have generous dimensions and several racks so you have enough space for lots of different dishes at once (or several trays of the same delicious treat).

**CUSTOM BROIL AND GRILL** You can adjust the temperature of the broil and grill function, customizing it according to your cooking needs.

		Capacity	Thermal/ Convection oven	Self clean	Cooking levels	Custom bake and broil	Electronic timer	Warming program	Free warranty

HJÄLTEBY 805.405.42 Black stainless steel		5.3 cu.ft.	True convection	Yes	6	Yes	Yes	Yes	5 years

# Big enough for any occasion!

Great for big family dinners or parties, the 5.1 cubic feet of space means you can cook lots of dishes at the same time. And the self-cleaning function lets you enjoy your meals while your oven cleans itself.

# **MICROWAVE OVENS**

When the hustle of everyday life leaves you with the need for speed, a microwave oven is a choice in every way. Microwave ovens are quick, energy efficient and perfect for reheating and defrosting.

And with today's technology we've got models with extra cooking functions too. We also offer microwave ovens with extractor fans built-in, that you can place directly above your range or cooktop.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**SETUP TO WORK SMART** A combination of microwave oven and extractor fan it's a smart use of space but also one way to create an ergonomic, organized and smooth work flow that's just right for you.

**BUILT-IN EXTRACTOR FAN** A microwave oven with extractor fan does more than just reheat and defrost— it keeps your kitchen free of grease and cooking odors.

**EASY TO USE** A space-saving combination with very practical and easy to use controls that let you operate the microwave and the extractor fan at the same time.

# COOKTOPS

We have a variety of cooktops to choose from, so you can find the one that suits the way you cook. Each type—gas, glass ceramic and induction—has its own unique benefits and features. So, whether you're an ambitious home chef or more of a quick and low maintenance cook, we have a cooktop that's right for you. Check out the descriptions on the facing page for benefits of each type of cooktop we offer.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**GLASS CERAMIC & INDUCTION** Practical and easy to clean, most of our glass ceramic cooktops have variable cooking zones that provide even and effective heating adapted to the shape and size of your cookware.

**INDUCTION** Cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware. They are easy to clean as the induction surface generates heat only to your pan, not your cooktop. This means spills won't burn onto the surface as easily.

**GAS** The blue flames of gas cooktops are more than a professional looking feature, they give you quick, responsive heat control, perfect for fast, fresh cooking.

### INDUCTION COOKTOPS

### HACKSTAD New

### 4 element induction cooktop

Black. 505.405.34

### **Key Features:**

- Induction cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware
- The power Booster feature delivers additional power to a single cooking zone, ideal for boiling water, stir frying food or searing meat
- The touch and slide control panel allows you to regulate the heat easily and precisely
- Auto-size detection in each zone automatically senses the size of your pan
  The anti-overflow detection feature automatically switches off the cooktop if cooking content boils over and spills onto the control panel
- The built-in cooktop timer lets you set the exact time you want items to cook
- The lock function deactivates most of the controls on the cooktop to keep cooking zones from being changed by accident or to keep children from activating the cooktop
- Easy to clean by just wiping with a damp cloth or sponge as spills from food or liquids do not burn on the surface
- A heat indicator shows when the cooking zone has cooled so that you are not in danger of burning yourself
- Free 5 year limited warranty included

### 4 element induction cooktop

### Black. 705.405.33

### Key Features:

- Induction cooktops are extremely energy efficient, fast and precise as
- induction technology transfers energy directly into magnetic cookware • The power Booster feature delivers additional power to a single cooking zone,
- ideal for boiling water, stir frying food or searing meat • The touch and slide control panel allows you to regulate the heat easily and
- preciselyAuto-size detection in each zone automatically senses the size of your pan
- The bridge function allows you to connect 2 cooking zones into 1 large zone when needed
- The anti-overflow detection feature automatically switches off the cooktop if
   cooking content boils over and spills onto the control panel
- The built-in cooktop timer lets you set the exact time you want items to cook
- The lock function deactivates most of the controls on the cooktop to keep cooking zones from being changed by accident or to keep children from activating the cooktop
- Easy to clean by just wiping with a damp cloth or sponge as spills from food or liquids do not burn on the surface
- A heat indicator shows when the cooking zone has cooled so that you are not in danger of burning yourself
- Free 5 year limited warranty included

### **Technical Information:**

### INDUCTION COOKTOPS WITH DOWNDRAFT

### FÖRNEBO

### 4 element induction cooktop with downdraft

Black. 705.377.57

### **Key Features:**

- Induction cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware.
- Integrated downdraft extractor hood makes it a perfect solution for an island, no ceiling hood needed.
- The extractor hood automatically adjusts to the heating level on the cooktop, the higher the heat the more powerful the extraction capacity.
- All induction zones have a booster function that quickly makes the zone extra
- hot, ideal for boiling water, browning meat and frying wok dishes.
  The bridge function allows you to connect 2 cooking zones into 1 large zone when needed
- Auto-size detection in each zone automatically senses the size of your pan.
- The lock function deactivates most of the controls on the cooktop to keep cooking zones from being changed by accident or to keep children from activating the cooktop.
- Easy to clean by just wiping with a damp cloth or sponge as spills from food or liquids do not burn on the surface
- A heat indicator shows when the cooking zone has cooled so that you are not in danger of burning yourself
- Free 5 year limited warranty included

### **Technical Information:**

4x2100W induction zone with booster; 3700W Downdraft extraction rates (HVI certified): Speed 1, 157 CFM Speed 5, 250 CFM Speed 9, 352 CFM Boost, 397 CFM Voltage: 120V The cooktop may produce low humming, or ticking sounds. These sounds are normal for induction technology. The cooktop can not be installed over an oven in the same cabinet. The downdraft hood can only be installed venting out. Drawer solutions are

therefore shallower in depth to make room for the ducts in the back of the cabinet. Grease filter must be cleaned once per month or when indicated by the indicator light.

Installation shall be made by professionals in accordance with valid local safety regulations.

# **EXTRACTOR HOODS**

Not only does an extractor hood keep the kitchen free of steam, grease and cooking smells, it's also an important design element.

Whether you're looking for a ceiling-mounted extractor for over a kitchen island or a wall-mounted model, we've got you covered. Our hoods come in a range of extraction capacities, so you can be sure to get one with the right amount of muscle to keep your kitchen fresh.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**WALL-MOUNTED** These hoods are design features, so we offer a variety of shapes and finishes. That way, you can find the right one to boost your kitchen's style.

**STYLE AND SIZE** An extractor hood can make a big style statement, whether you pick one that's similar to your other appliances or go for something different to create a casual, eclectic look. Whatever you choose, be sure you get a hood that covers your cooking area (or even a little more) to ensure ideal performance.

**BUILT-IN** Hide your extractor hood with a built-in model. It's completely integrated with your kitchen cabinets so you get a streamline and uniform look.

# SOUND LEVELS

Sound levels for range hoods is measured in sones. Our appliances have been tested to determine and measure this. For extractor hoods the operating speed or installation type can influence sound levels. All our hoods are HVI (Home Ventilating Institute) certified to ensure that accurate and efficient ventilating standards are met. Compare and chose the hood that is suitable for your needs and comfort.

# DISHWASHERS

Using a dishwasher is more water and energy efficient than washing dishes by hand. And, with sterilizing functions, it's more hygienic too. We offer both built-in and fully integrated models, but whichever you choose you'll get a tall interior space that'll fit oversized dishware and large loads.

All of our dishwashers are ENERGY STAR<sup>®</sup> rated and come with a free warranty.

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA).

**WATER EFFICIENT** Lots of dishes will be sparkling clean with just a small amount of water. Using your dishwasher is much more water efficient than washing dishes by hand.

**BUILT-IN** Installation is easy with a built-in dishwasher. They're sized to slide right in under your countertop.

**SMART SORTING** Our cutlery baskets let you stand utensils up, ensuring they're thoroughly cleaned. Once the wash is done, they're easier to sort and put away too.

**INTEGRATED** Our fully integrated dishwashers can hide behind a front that matches the rest of your kitchen doors, giving you a completely uniform look.

Sound levels for dishwashers are measured in decibels (dBA). Our appliances have been tested to determine and measure this. For dishwashers the operating program or installation type can influence sound levels. Decibel levels are listed in the product information. Compare decibel levels and choose the

dishwasher that's suitable for your needs and comfort. Look for the decibel (dBA) level of an appliance listed in the product information.

# WARRANTY—TERMS AND CONDITIONS

# **APPLIANCES**

### How long is the IKEA limited warranty valid?

This limited warranty is valid for five (5) years from the date of purchase. TILLREDA and LAGAN appliances have a two (2) year warranty, valid from the original date of purchase. When this major appliance is operated and maintained according to instructions for use attached to or furnished with the product.

This limited warranty is valid only in the United States and

Canada and applies only when the major appliance is used in the country in which it was purchased. Outside the 50 United States and Canada, this limited warranty does not apply.

Proof of original purchase date is required to obtain service under this limited warranty

### What does this limited warranty cover?

The limited warranty will pay for factory specified parts and repair labor to correct defects in materials or workmanship that existed when the major appliance was purchased. The exceptions are specified under the headline "What is not covered under this limited warranty?".

### Which major appliances are not covered by the IKEA five (5) year limited warranty?

For major appliances named "TILLREDA", a limited warranty is valid for two (2) years from the date of purchase. For major appliances named "LAGAN", a limited warranty is valid for two (2) years from the date of purchase when bought after August 1st, 2017. One (1) year if bought before August 1st, 2017.

### What will be done to correct the problem?

The designated service company will examine the product and decide, at its sole discretion, if it is covered under this limited warranty. If considered covered, the designated service company will then repair the defect. Your sole and exclusive remedy under this limited warranty shall be product repair as provided herein.

Within the warranty period, the costs to remedy the fault e.g. repairs, parts, labour and travel will be covered, provided that the appliance is accessible for repair without special expenditure.

### Who will execute the service?

The designated service company will provide the service through its own service operations or authorized service partner network.

### What is not covered under this limited warranty?

• Service calls to correct the installation of your major appliance, to instruct you on how to use your major appliance, to replace or repair house fuses, or to correct house wiring or plumbing.

- Service calls to repair or replace appliance light bulbs, air filters or water filters. Consumable parts are excluded from warranty coverage
- Replacement parts or repair labor if this major appliance is used for other than normal, single-family household use or when it is used in a manner that is contrary to published user or operator instructions and/or installation instructions

• Damage resulting from accident, alteration, misuse, abuse, fire, flood, acts of God, improper installation, installation not in accordance with electrical or plumbing codes, or use of consumables or cleaning products not approved for use.

· Cosmetic damage, including scratches, dents, chips or other damage to the finish of your major appliance, unless such damage results from defects in materials or workmanship and is reported within 30 days from the date of purchase.

· Any food loss due to refrigerator or freezer product failures. • Pick up and delivery. This major appliance is intended to be repaired in

your home

· Repairs to parts or systems resulting from unauthorized modifications made to the appliance.

• Expenses for travel and transportation for product service if your major appliance is located in a remote area where service by an authorized servicer is not available.

• The removal and reinstallation of your major appliance if it is installed in an inaccessible location or is not installed in accordance with published installation instructions

• Replacement parts or repair labor on major appliances with original model/ serial numbers that have been removed, altered or cannot be easily determined. This warranty is void if the factory applied serial number has been altered or removed from your major appliance.

• The cost of repair or replacement under these excluded circumstances shall be borne by the customer.

### **Disclaimer of Implied Warranties**

IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO FIVE YEARS (TWO YEARS FOR MAJOR APPLIANCES NAMED "LAGAN" AND "TILLREDA") OR THE SHORTEST PERIOD ALLOWED BY LAW.

Some states and provinces do not allow limitations on the duration of implied warranties of merchantability or fitness, so this limitation may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from state to state or province to province.

### Limitation of Remedies; Exclusion of Incidental and Consequential Damages

YOUR SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE PRODUCT REPAIR AS PROVIDED HEREIN. THE DESIGNATED SERVICE COMPANY SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from state to state or province to province.

### **Care instructions**

All appliances are designed for domestic/home use only.

To ensure maximum performance, read and follow the Instructions for Use that accompany your new appliance. It is also important to follow the health and safety instructions, which, for instance, recommend that there are always 2 people to carry/ move heavy appliances.

Be sure there is a socket outlet near the appliance. Never use an extension cord.

We strongly recommend that you ensure correct and safe installation by hiring a professional plumber and/or electrician whenever relevant. If problems should arise due to incorrect installation, the limited warranty will not apply. Respect the environment by disposing of the packaging properly. Keep packaging such as large plastic bags out of the reach of children. Always keep your appliances clean. Use only those cleaning products recommended in the instructions for use. For example, never use abrasive scouring pads as they may scratch or damage surfaces

Be sure to use products intended for use with your appliances. For example, be sure to use microwave-safe porcelain, ovensafe dishes, freezer-safe food savers and pots and pans made of a suitable material.

Read more in the Instructions for Use that comes with the products.

### Ovens

- All ovens require a qualified installer.
- · Before you use the oven for the first time, follow instructions to eliminate any odour and remove stickers, etc.
- · For ordinary cleaning, use water and a mild detergent. Avoid abrasive cleaning products.
- Do not hang tea-towels on the oven handle while the oven is in use.

### Cooktops

- All cooktops require a qualified installer.
- · Use only non-abrasive cleaning products. Avoid scouring powder, steel wool, hard or sharp objects that can scratch the surface.
- For both gas and electric cooktops: save energy by using pots and pans with a base diameter equal to, or slightly larger than, the diameter of the burner.
- · If you are using LPG bottled gas, you must replace the gas injectors with the
- available LPG gas kit. · For gas cooktops: fit the rubber seal properly. It prevents water leakage, which
- may damage the worktop.
- · For induction cooktops: use only pots and pans with a magnetic base for induction cooking.
- For glass ceramic cooktops: use only pots and pans with a flat base For glass ceramic cooktops: always remove spills from sugar/milk/rice or pasta water, because they may cause opaque or matt stains on the surface.

### Hoods

- · All hoods require a qualified installer.
- Install the hood in the way that suits your kitchen; either recirculating or ducted mode (models may vary for compatibility).
- Using extension tubes and flues reduces the hood's performance. The maximum length of a duct should not exceed 10 ft (3 m).
- Always observe the minimum safety distance between cooktop and hood. This distance varies depending on country and cooktop type. Refer to installation instructions of the product for full details.
- Change carbon filters every 3-6 months and clean metal grease filters regularly to optimize performance.
- Make sure to clean oil/grease off of the hood regularly.

### Microwave ovens

- · All microwave ovens require a qualified installer.
- Do not put metal of any kind inside the oven.
- Use only those materials approved for microwave cooking.
- · Be sure the ventilation vents are unobstructed • Do not remove or block the turntable when cooking in a microwave.

### Dishwashers

- All dishwashers require a qualified installer.
- Set the correct level of water hardness (pH-value) in the rinse aid dispenser.
- · Use detergent specifically developed for automatic dishwashers.
- · For best results, make sure there is enough rinse aid and detergent and that they
- are placed in the correct dispensers.
- Empty and clean the filter regularly, if applicable.
- · Always load sharp items, such as knives, pointing downwards in the removable cutlery basket for safety reasons. Don't load these in the dish compartment to avoid damaging the dishwasher.

### Fridge/freezers

- All fridge/freezers require a qualified installer.
- · Be sure to place the fridge/freezer where there is sufficient air ventilation around it. A freestanding unit must never be placed inside kitchen cabinets because this obstructs air ventilation and may cause the product not to work properly and damage it.
- Keep the condensation drainage hole at the back of the fridge clean and free of blockages to enable the frost-free system to work.
- Make sure food has cooled down first before placing it in the fridge or freezer. Hot food causes excessive condensation and ice to build up in the freezer, resulting in reduced performance.
- Avoid using sharp tools to defrost your freezer they can damage the internal plastic lining.

### How to reach us if you need our service

If you need service for TILLREDA appliances contact your local IKEA store or customer service. You will find the address and phone number at www.IKEA.ca.

For all other appliances, to contact us please refer to the use and care quide that comes with the product. Please have the IKEA article number (found on the receipt) and model/serial number (found on the rating plate of the appliance) at hand before calling.

Helpful information can also be found in the "troubleshooting" section of the use and care guide for each appliance.

If outside the 50 United States and Canada, contact your authorized IKEA retailer to determine if another warranty applies.
