Furniture for every office

We have furniture for every kind of office – from the small to the fully staffed. And everything to make a modern company run smoothly and efficiently, from desks, storage and chairs, down to lamps and desk accessories. Choose between desks of different sizes and shapes, comfortable work chairs that support your back – and finish by creating a unique storage solution for your needs. At IKEA our office furniture has great design, smart functions and high quality. And it's been tested for office use so you can be sure it can take tough days at work – year after year.

This is a reference guide created to better assist customers when purchasing products. While a high level of accuracy has been sought in its preparation, we cannot guarantee that there are no errors or omissions, nor will we be bound by them. Availability may vary by store. Please see an IKEA co-worker or visit [IKEA.ca](https://www.ikea.ca) for more information.

Good to know

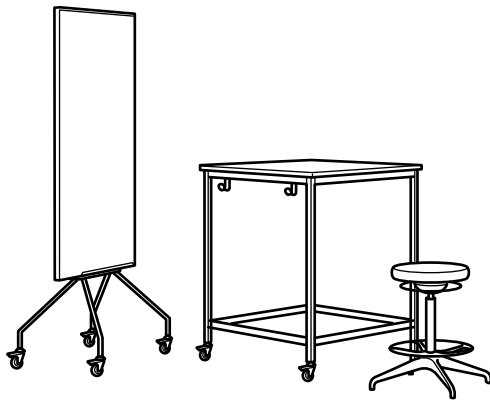

Versatile screens for many needs.

Our screens serve different needs. You can use them to create a pleasant and welcoming reception area, to provide privacy in an open plan office or to reduce sound. Or all these things.

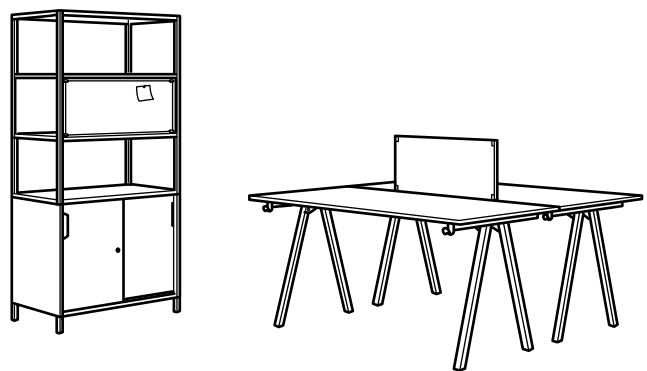

Flexible storage on less space.

BEKANT storages on wheels are easy to get out of the way when you want to turn the workplace into something else. Small office supplies fit perfectly in small storage and high unit can also be used as presentation desks. ROTHULT lock allows you to lock your personal stuff without any key.

Flexible meeting and conference tables.

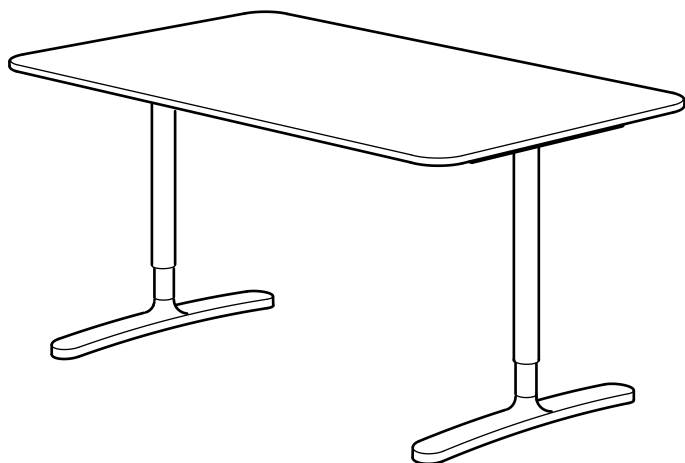

Our IDÅSEN and TOMMARYD conference and meeting tables and TROTTEEN meeting tables have different finishes to suit your workspace. They come in two heights (75 and 105 cm) and can be used individually or in different combinations to seat as many people as needed. Also, they're easy to move around so you can adapt the solution to different situations – a presentation or a workshop, and for working alone or together.

More desks on less space.

By placing desks back-to-back you can save space. You can do this with desks of different shapes and sizes. For instance, straight desks back-to-back or four corner desks with their corners meeting at the centre. There are many possibilities. This back-to-back desk arrangement saves time and makes it easier for colleagues that work in teams to communicate and collaborate. You can also choose to put screens between the desks to create more individual and private workspaces.

Desks and conference tables

Desks for many different needs

BEKANT desks come in many shapes and sizes, so it's easy to find one that perfectly suits your needs. You can choose between everything from a small desk to a corner desk with a generous depth that makes it perfect for computer work. A net for cable management is included and helps you keep the area around your desk free of messy cables. If you want to have a softer surface, you can choose Linoleum tabletop which has natural ingredients in it. It's so nice to write on it. It's also kind to your eyes as it doesn't reflect the light.

Tested for tough treatment

The BEKANT, IDÅSEN, TROTTEEN and RODULF desk series have been tested according to the highest standards for professional office use (EN 527-2:2002, -3:2003), EM 572-3, ANSI/BIFMA X5.5-2008 for desks and EN 15372 and ANSI/BIFMA X:5.5 for conference tables) and meet our strict standards for quality and durability.

That means that the series has undergone a number of thorough tests. And this is how we know that all the desks are durable and can take heavy loads and that the surfaces resist both scratches and strains. This makes them a reliable workmate that lives up to your high demands and can withstand hard work – day after day, year after year.

Design

TROTTEEN: Francis Cayouette

BEKANT: Karl Malmvall, Eva Lilja Löwenhielm

IDÅSEN: Jon Karlsson

Care instructions

Wipe clean with a mild soapy solution.

10

Table tops, underframes for table tops, tables and storage have a 10-year limited warranty. Read more in the warranty brochure.

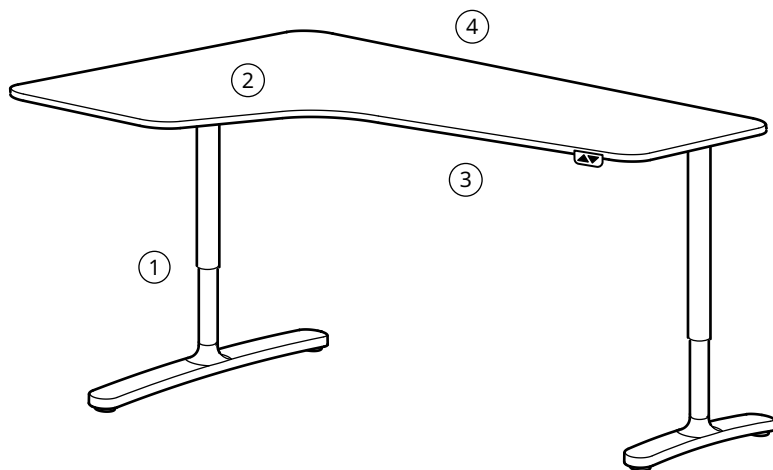

5

Electrical sit/stand underframes have a 5-year limited warranty. Read more in the warranty brochure.

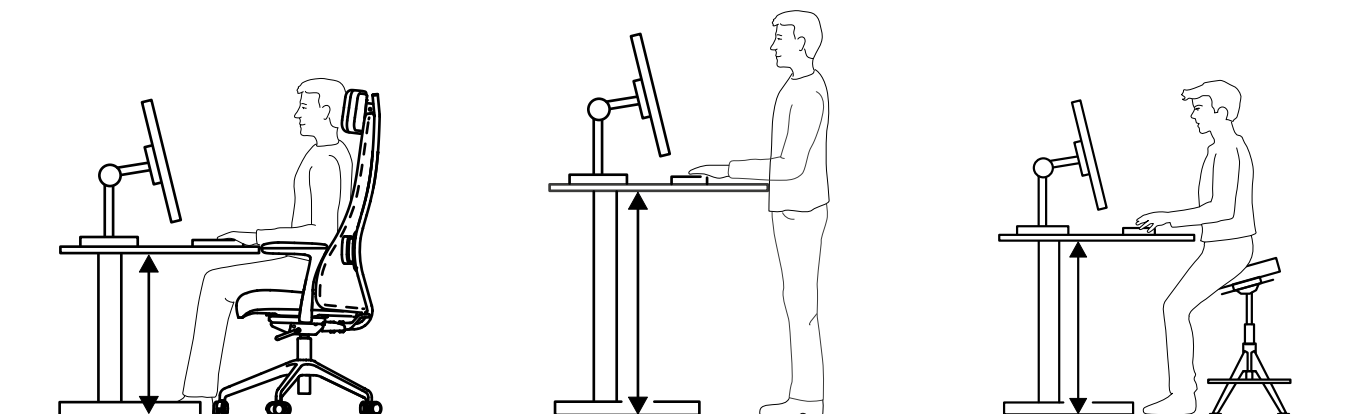

"Desk Control" app can only be used for IDÅSEN sit/stand desks. Go to your app store to download the Desk Control app. The app will take you through the process of installing your Desk Control.

Good to know

1. Height adjustable legs allow you to assemble your desk at a height that suits you. If you have the sit/stand underframe you can raise and lower the desk with the touch of a button.
2. The curved shape of the tabletop gives support to your wrists and forearms when typing.

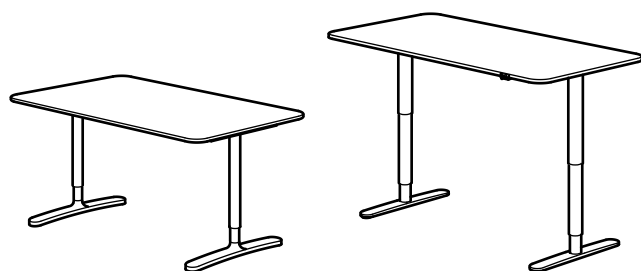

3. It's easy to keep your desk neat and tidy with the cable management net under the tabletop.
4. Surfaces in veneer and melamine foil are hardwearing, stain resistant and easy to keep clean.

You can raise and lower your BEKANT and IDÅSEN sit/stand underframe by the simple touch of a button, and TROTTEEN sit/stand underframe by just cranking the handle. That helps you to change working positions often and keeps your body active. The positions for sitting and standing are from 65 cm to 125 cm for BEKANT, from 63 cm to 127 cm for IDÅSEN sit/stand desks and from 70 cm to 120 cm for TROTTEEN sit/stand desks.

You can use TROLLBERGET or LIDKULLEN active sit/stand support to get a more open posture which is good for your blood circulation and core muscles.

Combinations

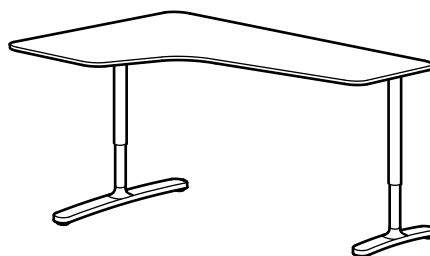

Adjustable in height. With our BEKANT sit/stand desk you can adjust the height of the tabletop electrically from 56-122 cm (22-48") to ensure an ergonomic working position. Changing positions between sitting and standing helps you move your body so you both feel and work better.

This combination 160×80 cm (63×31½")

Tabletop in white
with a **sit/stand underframe** in black or white

Tabletop in black stained ash veneer, white stained oak veneer or linoleum blue
with a **sit/stand underframe** in black or white

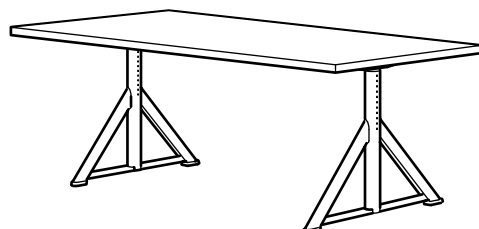

Ergonomic workspace. BEKANT contoured tabletop provides support to the wrists and forearms when writing, relieving strain on your shoulders during long working hours.

This combination 160×110 cm (63×43¼")

Tabletop in white
with a **sit/stand underframe** in black or white

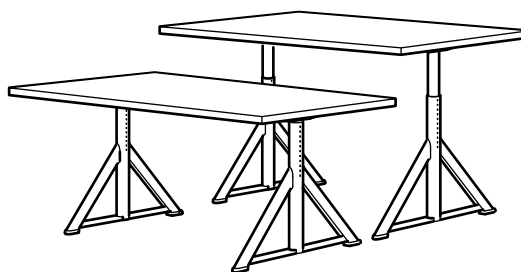

Tabletop in black stained ash veneer, white stained oak veneer or linoleum blue
with a **sit/stand underframe** in black or white

Generous workspace. IDÅSEN tabletop gives a generous work surface and lets you sit at a comfortable distance from the computer.

This combination 160×80 cm (63×31½")

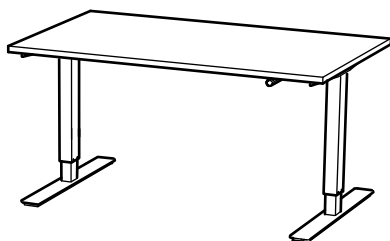

Tabletop in black or brown
with **underframe** in dark gray

Adjustable and flexible. With IDÅSEN sit/stand desk you can adjust the height of the tabletop electrically from 59-124 cm (23¼-48⅞") to ensure an ergonomic working position for yourself. You can also use a "desk controller" app to set your favorite heights if you share your desk.

This combination 146×70 cm (57½×27½")

Tabletop in black or brown
with a **sit/stand underframe** in dark gray

Adjustable and flexible. With TROTTE sit/stand desk you can adjust the height of the tabletop from 70-120 cm (27½-47¼") by cranking the handle and get the best position for both sitting and standing, to ensure an ergonomic working position for yourself. Changing positions between sitting and standing helps you move your body so you both feel and work better.

This combination 120×70 cm (47¼×27½")

Tabletop in beige or white
with a **sit/stand underframe** in white or anthracite

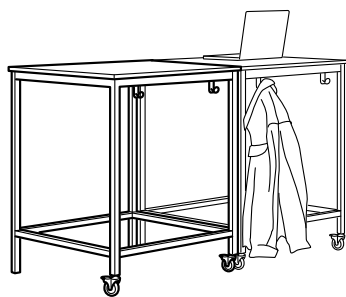

Adjustable and flexible. With RODULF sit/stand desk you can adjust the height of the tabletop electrically from 68-115 cm (26¾-45¼") to ensure an ergonomic working position for yourself. Changing positions between sitting and standing helps you move your body so you both feel and work better.

This combination 120×70 cm (47¼×27½")

Tabletop in gray
with a **sit/stand underframe** in white

Combinations

Meeting place. The TOMMARYD, IDÅSEN and TROTTEEN meeting and conference tables provide you with the flexibility to plan and furnish your workspace according to your and your organization's changing needs. You can place the tables for formal meetings, creative workshops, focused individual work or teamwork. And then easily rearrange the space whenever called for, as the tables are so lightweight. An added smart detail – you can hang your bag or jacket on the hook under the table.

This combination 80×80×102 cm (31½×31½×40⅞")

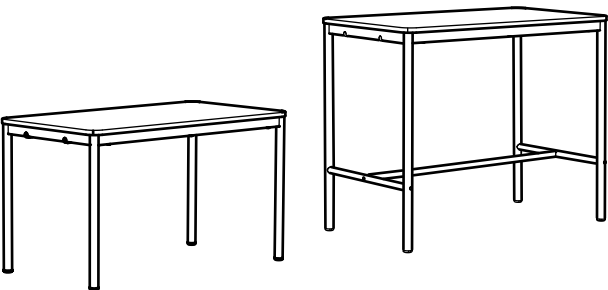

TROTTEEN white/white

TROTTEEN beige/white

Complete with LIDKULLEN sit/stand support for a better ergonomic position when sitting at a high table.

The footrest provides well-needed support for your legs during long meetings or phone calls.

The castors make the TROTTEEN meeting tables easy to move around – and since the casters are lockable, the tables stand steady wherever you choose to put them.

Storage

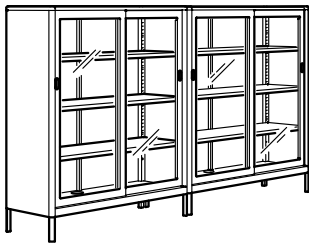

TROTTE

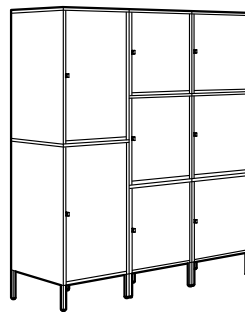

GALANT

BEKANT

IDÅSEN

HÅLLAN

Professional and personal

You can choose between TROTTE, GALANT, BEKANT, IDÅSEN and HÅLLAN storage according to your needs and style. They are specially developed to suit all types of professional offices – both when it comes to smart functions and high quality. You can choose, for example, between different heights and widths, storage with only drawers or combined with file storage and drawer units. You can also use some of the pieces in the series as room dividers – a good way to create a calm corner to work in.

All storage at the office

Everything from binders and paper to printers and computers – not to mention cords and cables. Our storage series solves all of the most important and usual storage needs at the office. In GALANT, all units have built-in cable management and ventilation to ensure there's no risk of your electronic equipment overheating. HÅLLAN cabinets are designed as modules, so you can use one or buy several and create a combination that suits you. It helps you keep track of everything from your handbag, laptop charger and wallet to important papers.

TROTTE series includes such smart products as double-sided cabinet which is accessible from both sides. With TROTTE noticeboards attached to the TROTTE cabinet (height 180 cm) you will easily create a workshop area with possibility to write and pin on. Sturdy TROTTE cabinets are light-weighted so it is easy to move them around to create dedicated areas for work, meet and collaborate. Most of the BEKANT and IDÅSEN storages have wheels so you can change your workspace into something else when you are done. You can also use ROTHULT smart lock with your BEKANT and IDÅSEN storage to keep your important things safe.

Tested for a long, hard life at work

All storage units have been tested for office use and meet the requirements for safety, durability and stability set forth in the following standards: EN 14073, EN14074, ANSI/BIFMA x5.9 and ISO-7170.

That means that they have undergone a number of tough tests. For example, we've made sure that the surfaces can withstand heavy wear and tear, and that all drawers and sliding doors will run smoothly even after a long time.

This combination
in dark green (904.963.98)
in dark gray (504.963.81)

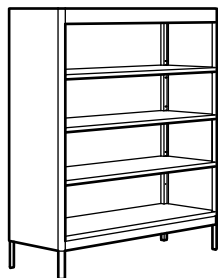

You can get an overview of what's in the cabinets and can protect your stuff from dust with the glass doors. They also give an opportunity to show visitors things you are extra proud of. It's office approved but it may fit perfectly to your home as well.
Overall size: 120×45×140 cm (47¼×17¾×55⅝")

This combination
in dark gray (2× 904.963.84)

IDÅSEN combinations

Overall size: Width×Depth×Height.

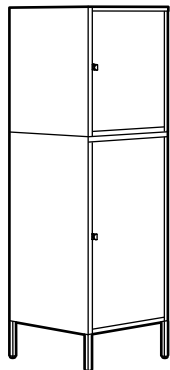

Sturdy shelving unit with generous space on the shelves. The upper surface works well as a shelf due to the elevated edges which protect things from falling down. You can attach magnets to the metal surface and use it as a pin board. Adjustable shelves make it easy to customize the space according to your needs. Suitable as a room divider as it has the same finish on the back and looks good from all sides. Overall size: 120×45×140 cm (47¼×17¾×55½")

This combination
in dark gray (404.963.91)

Cork/white 803.972.14

Work chairs

Work chairs that make a perfect match

We have comfortable work chairs for all your needs – swivel chairs for your desk, visitor's chairs and conference chairs. And in many different styles, colours and materials, so it's easy to find the perfect match for both you – and your office décor.

Our swivel chairs have features from simple to advanced. How to choose? Start by thinking about what kind activities you will do and how much time you will spend sitting in the chair. For fulltime work, you might need one with more adjustable features to help you vary sitting positions. Do you have special needs, e.g. want relief for your back, support for your arms and shoulders? What style do you like? Let your answers to these questions guide you to the perfect work chair for you.

Can take a tough day at work

Our professional chairs have been tested for office use and meet the requirements for safety, durability and stability set forth in the following standards: EN1335-2 and ANSI/BIFMA x5.1 for desk chairs and EN1022, EN15373 and ANSI/BIFMA x5.1 for conference chairs.

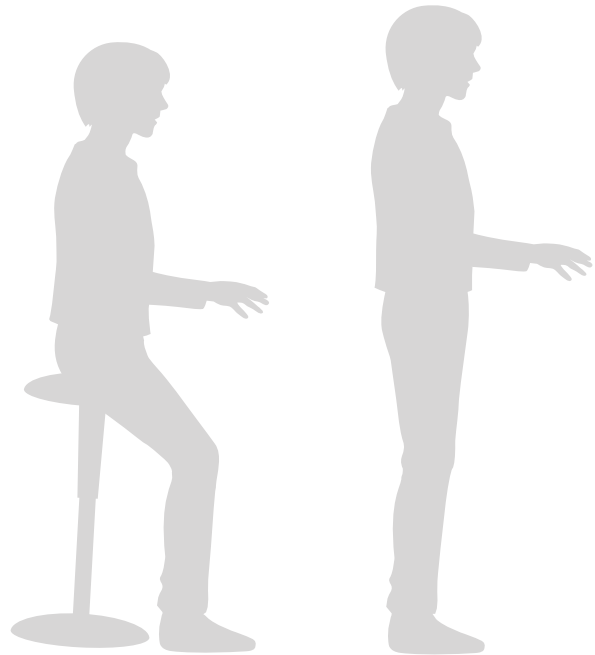

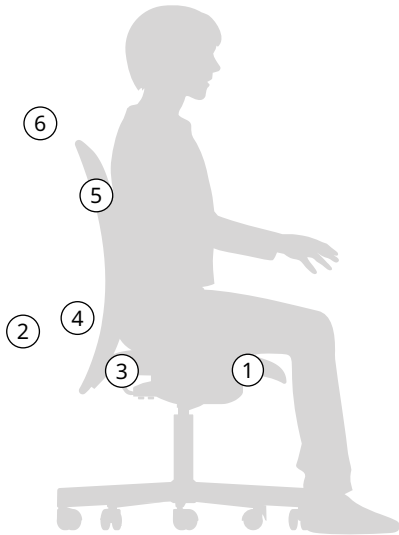

This means we have put the chairs through many different tests and tough challenges. For example, we sized the chair according to both European and American measurement requirements, subjected it to heavy loads and tested the endurance of each part – up to 300,000 times. We did all this to make sure it would be comfortable to sit in, safe to use and capable of enduring fulltime deskwork – for many years.

10

Read more in the limited warranty brochure.

Good to know

The human body is made to move, so ideally, your workspace should give you the choice of sitting, standing or leaning, allowing you to change positions often.

Sitting

1. You should be able to stretch your legs under the table and turn 90° to the left and right. The hips and knees should be at an angle of approx. 95-100° with your feet flat on the floor. If you share the chair with other people, the height adjustable seat allows all of you to sit comfortably.
2. It doesn't matter if you're short or tall. With an adjustable seat depth or a height adjustable backrest you can try different depths and heights and get exactly the support your legs and back need.
3. A chair with tilt function makes it easy to change sitting position, regardless of whether the tilt function is in the seat or the backrest – or in both places.
4. The lumbar region is where we usually feel the first onset of tiredness. A chair with built-in lumbar support relieves pressure on your back.
5. Armrests reduce strain on arms and shoulders. Adjustable armrests reduce strain even more – regardless of how tall or short you are. Make sure that the armrests don't prevent the chair from being drawn close to the desk, and that they don't restrict your movements.
6. If you've been sitting at your desk for some time, it may feel nice to lean back and change your position for a moment. With a headrest on your chair, your head and neck also get some well-deserved relaxation.

Leaning

A standing support enables a position between sitting and standing, and it's ideal when you have a height adjustable desk.

- Provides freedom of movement for your upper and lower body.
- Activates and strengthens your body's core muscles.
- Gives you an open posture which improves your circulation and metabolic rate.

Standing

Don't forget to stand up as well. Alternating between sitting and standing is good for you circulation and productivity. Check out our height adjustable desks since they're ideal for alternating between sitting, leaning and standing.

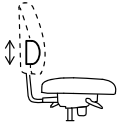

Good to know

Height-adjustable seat; for a comfortable sitting posture regardless of body height.

Height-adjustable backrest; provides support in all the right places and helps your body to maintain a naturally good posture.

Adjustable lumbar support; helps maintain the correct posture while sitting which reduces strain on muscles on your lower back.

Adjustable seat depth; easy to adapt for increased support to your thighs and back.

Adjustable headrest depth; adjust the depth position of the headrest to fit your needs, reducing strain on the neck and shoulders.

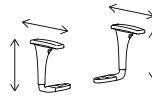

Adjustable tilting neck support; adjusting the headrest angle for optimal support and comfort reduces neck muscle strain and prevents discomfort during prolonged sitting.

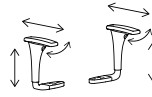

Adjustable headrest height; allows for proper alignment of the head and neck, reducing the risk of discomfort from prolonged sitting.

Armrests; provide support for the upper part of your forearms and reduce strain on the back and shoulders.

2D adjustable armrests; height and width adjustable armrests enable a relaxed position for arms and shoulders and reduce the risk of tension.

3D adjustable armrests; height, width, and depth adjustable armrest helps you find the most comfortable and supportive position for the arms and shoulders, leading to improved posture and reduced fatigue.

Manual tilt tension; allows you to adjust the resistance to suit your movements and weight.

Automatic tilt tension; your body weight determines how much resistance the backrest offers.

Synchronized tilt mechanism; allows the chair to move with you. The backrest moves more than the seat when you lean back, so torso/hips open up. This improves circulation and keeps energy levels up.

Tilt lock; allows you to lock the tilt in the upright, the lowest position and different positions in-between.

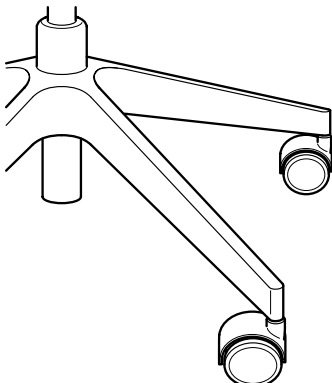

Removable washable cover, seat; easy to keep clean and fresh, as you can take it off and machine-wash it.

Removable washable cover; backrest and seat. The cover is easy to keep clean and fresh, as you can take it off and machine-wash it.

Safety casters

Chairs should stay where you leave them and not roll away on their own. That's why we put safety casters on our chairs. The casters have a built-in pressure-sensitive brake mechanism so that they roll freely and easily when you sit on the chair – and brake when you stand up. Note that even though the casters don't roll when braked, they can still slide on the floor if the chair is pushed.

Services

We offer a range of services to help you with everything from putting it together to getting it home. Of course, the more you do it yourself, the lower the price will be. And the more we do it for you, the more you can sit back and relax!

Delivery service

Can't take your furniture with you?
We'll bring it to your home or workplace.

Click and Collect

Your online purchases can be ready for pick-up on a day that's convenient for you. Have access to all items available to purchase online at [IKEA.ca](https://ikea.ca). It's easy:

1. Buy your items online
2. Pre-select a date to collect your order
3. Pick-up your purchase at an IKEA store near you.

Assembly service

Sometimes it's nice to have someone else to put your furniture together. We're happy to do it for you.

It's ok to change your mind

You have 365 days to return your purchase. Keep your receipt safe to make returns easier. You're free to change your mind. Return unused items in their original packaging within 365 days together with proof of purchase for a full refund.

Talk to a co-worker or visit [IKEA.ca/services](https://ikea.ca/services) for further details and pricing.
