A digital clock display with a black border. The display shows the time 10:00 in large digits, with AM to the right. Above the time, it shows 2-26 and Mon. Below the time, it shows 25.2°C. There are also some small, faint markings on the left side of the display.

A digital clock display with a black background and white text. The time is 12:31 PM. Below the time is the day of the week, Wednesday. In the center, the time 1:50 is displayed in a large font. At the bottom left, the temperature is 25°C, and at the bottom right, the humidity is 50%.

A digital clock display showing the time 6:00. The digits are black on a white background, with a colon separating the hour and minute. The clock is enclosed in a simple rectangular frame.

A digital clock display with a white background and a black border. At the top, it shows the date 'Tue 25 Mar' and the time '10:10 AM' in a small font. Below this, the time '1:50' is displayed in a large, bold, black digital font. Underneath the time, the temperature '25°C' and humidity '50%' are shown in a medium-sized black font. The display is set against a light gray background with a subtle grid pattern.

The image shows a digital thermostat interface. At the top, a speech bubble contains the text "25°C" and "77°F" with a small circular icon between them. Below this, the main display shows "25°C" and "77°F" with a small circular icon between them. To the right of the temperature is a clock icon and the text "AM". Below the temperature is the text "MON". In the center, the time "6:50" is displayed in large digits. Below the time is a circular dial with "77°F" and a small circular icon. To the right of the dial is the text "50%".
