ATENCIÓN

Existe un riesgo de daño grave en caso de caída del mueble. Para evitarlo, se debe fijar a la pared con los dispositivos de fijación proporcionados.

Los tornillos y los tacos no se incluyen. Comprueba si la pared es lo suficientemente estable como para soportar las fuerzas generadas. Utiliza los tornillos y tacos adecuados para tu pared y la carga. Si tienes dudas, ponte en contacto con un especialista. Lee y sigue correctamente los pasos indicados en las instrucciones.

¡IMPORTANTE!

Desconecta siempre el interruptor general de electricidad antes de empezar la instalación. En algunos países el trabajo de instalación sólo puede realizarlo un electricista profesional. Contacta con las autoridades locales para pedir información.

INSTALACIÓN EN BAÑOS

La instalación debe realizarla un electricista profesional. La lámpara debe instalarse conectada de modo permanente al sistema eléctrico y en la zona correcta.

Distintos materiales requieren distintos tipos de herrajes. Elige siempre tornillos y tacos especialmente adecuados para el material.

IMPORTANT!

Desconnecta sempre l'interruptor general de l'electricitat per començar la instal·lació. En alguns països les tasques d'instal·lació només les pot fer un electricista professional. Posa't en contacte amb les autoritats locals per demanar més informació.

INSTAL·LACIÓ EN BANYS

La instal·lació l'ha de fer un electricista professional. El llum s'ha d'instal·lar de manera permanent al sistema elèctric i a la zona correcta.

Cada material requereix una ferramenta diferent. Tria sempre els cargols i els tacs més adequats per al material de les parets de casa teva.
