**Español**

La instalación debe realizarse siguiendo las normativas actuales sobre construcción y fontanería. En caso de duda, ponte en contacto con un profesional.

Català

La instal·lació s'ha de fer seguint les normes actuals sobre construcció i fontaneria. En cas de dubte, posa't en contacte amb un professional.

Euskara

Instalazioa eraikuntza eta iturgintzari buruzko indarrean dagoen legeriaren arabera egin behar da. Zalantzarik baduzu, jar zaitez harremanetan aditu batekin.

Galego

A instalación debe realizarse segundo a normativa actual sobre construción e fontanería. Se tiveres dúbidas, ponte en contacto cun profesional.

**Español**

Cierra la llave de paso general antes de cambiar el grifo.

Català

Tanca la clau de pas abans de canviar l'aixeta.

Euskara

Itxi ixteko giltza nagusia txorrota aldatzen hasi baino lehen.

Galego

Pecha a chave de paso xeral antes de cambiar a billa.

Aplicar silicona en las juntas para evitar que penetren líquidos en la encimera en caso de fuga. La silicona no está incluida.

Català

Posa silicona a les juntes per evitar que penetrin líquids al taulell si hi ha una fuga. No s'inclou la silicona.

Euskara

Bota silikona junturetan, likidorik eroriz gero gainekoaren ertzetatik ez pasatzeko. Silikona bereiz saltzen da.

Galego

Aplicar silicona nas xuntas para evitar que penetren líquidos no mesado en caso de fuga. A silicona non está incluída.

Diagram 6 illustrates the correct method for tightening the hose nut. The main illustration shows a hand using a wrench to tighten a nut on a hose. An inset shows a close-up of the wrench on the nut, with an arrow indicating the direction of rotation. Below the main illustration are two smaller diagrams. The left one shows a hand turning a nut clockwise, with an arrow indicating the direction. The right one shows a hand turning a nut counter-clockwise, with an arrow indicating the direction, and a large 'X' over it, indicating that this is the incorrect method.

¡ATENCIÓN! No aprietes demasiado, ya que se pueden dañar las tuberías/conductos y las juntas.

ATENCIÓ! No ho cargolis massa perquè podries fer malbé les canonades i les juntes.

ADI: Ez estutu gehiegi, bestela, hodiak eta junturak hondatu ahal dira.

ATENCIÓN! Non apertes demasiado, xa que se poden danar as tubaxes/conduitos e as xuntas.

Español

Antes de utilizarlo: desenrosca el aireador/guía de desagüe con ayuda de una moneda y deja correr el agua libremente durante unos minutos. A continuación enróscalo de nuevo. Comprueba que está bien apretado, pero NO DEMASIADO.

Català

Abans de fer servir el producte: descargola l'aerador/guía de desguàs amb una moneda i deixa que l'aigua corri uns minuts. A continuació, torna a cargolar-lo de nou. Comprova que està ben collat, PERÒ NO MASSA.

Euskara

Erabili aurretik: txanpon bat baliatuz, askatu hustubidearen aireztigailua/gida eta utzi ura zenbait minutu irteten. Gero, jarri berriro bere lekuan. Egiaztatu ondo estutu duzula, baina EZ GEHIEGI.

Galego

Antes de utilízalo: desenrosca o aireador ou guía para desaugar con axuda dunha moeda e deixa correr a auga libremente durante uns minutos. Deseguido, enróscaos de novo. Comproba que estea ben apertado, aínda que NON DEMASIADO.

**Español**

Comprobar a intervalos regulares que la instalación no gotee.

Català

Comprova a intervals regulars que la instal·lació no goteja.

Euskara

Egiatzatu aldian-aldian ez dela tantarik isurtzen.

Galego

Comproba regularmente que a instalación non gotexe.
