# PAX & KOMPLEMENT

## Wardrobe system

### Safety

This furniture must be fixed to the wall. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

### Assembly

Minimum ceiling heights required:

Hinged doors:  
202 cm and 237 cm.

Sliding doors:  
205 cm and 240 cm.

IMPORTANT: 2 persons are required to assemble this furniture safely.

10

The PAX Wardrobe system has a 10-year guarantee. Read more in the guarantee brochure.

### Create your own wardrobe

By combining frames and doors from the PAX series with items from the KOMPLEMENT series of interior organisers, you can create exactly the wardrobe you need. Or you can choose one of our suggested storage solutions and add or remove interior organisers as you wish. Whatever you choose, the result is a wardrobe to suit both your home and your clothes.

### Use our planning tools

You can create your wardrobe in the planner found in the PAX area of the store or in the comfort of your own home. Just visit the bedroom section of the IKEA website, go to the PAX planner and start making a wardrobe uniquely designed for you – by you.

[www.IKEA.com](http://www.IKEA.com)

### Do it yourself or let us help

You might well be able to do everything yourself, but you don't have to! Let us help make your wardrobe dream a reality with our service offers like picking, home delivery, assembly, financing and more. Read more at [www.IKEA.com](http://www.IKEA.com) or at the end of this brochure.

All the products (shown here) may not be available at the store. Please contact the staff or look at [www.IKEA.com](http://www.IKEA.com) for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

# Choose your wardrobe

We have a wide range of PAX/KOMPLEMENT combinations to choose from which you can find in the store or on our website at [www.IKEA.com](http://www.IKEA.com). If you don't find a pre-designed solution that you like, you can use our PAX/KOMPLEMENT planner to create the perfect solution that suits your needs and taste.

Begin by looking through the ready-made combinations on the web or in the planner gallery and choose one that inspires you. You will then have a pre-designed combination to start from that you can customise to your needs. You can, for example, change the size and the colour of the wardrobe, or the interior organisers.

You can also use the planner to design your own unique PAX/KOMPLEMENT combination from scratch. There are 3 simple steps to follow when choosing your wardrobe solution.

**1. Choose frames.** Consider how much space you have available in your room. It's important to know the maximum height and width of your new wardrobe. Remember, you can also make the most of unused space with corner units.

**2. Pick your style.** What colour do you want your wardrobe to be? We can offer a wide selection selection of doors in different colours.

**3. Choose interior organisers.** Think through your day-to-day needs. Do you have a lot of shoes? Then a pull out tray with shoe inserts could be a good option for you. Or perhaps you have a lot of trousers? Then a trouser hanger will come in handy. If you keep your summer and winter clothes in the same place, deep baskets will store your clothes neatly away.

Once you have decided on the interior organisers, it's time to add the finishing touches. Complete your new wardrobe with your choice of boxes and inserts from our extensive range of interior accessories. And for a really great result, don't forget the integrated lighting! Simple to install and makes it so much easier for you to find the right outfit.

The PAX/KOMPLEMENT planner helps you to calculate the price of your wardrobe and allows you to print or save a product list that you can bring to the store or use to buy online.

The planner can be found in the wardrobe area of the store or in the comfort of your own home. Just visit the wardrobe department on the IKEA website and go to the PAX/KOMPLEMENT wardrobe planner: [www.IKEA.com/xx](http://www.IKEA.com/xx)

## Good to know measurements

Hard to know how much space your clothes will take? Here's a useful guide of a few measurements and generic clothes sizes that could come in handy when planning your wardrobe.

1. Plan 20 cm to fit HEMMAFIXARE storage boxes.
2. Plan appr. 100 cm for coats.
3. Plan appr. 80 cm for blouses.
4. Short dresses needs appr. 120 cm.
5. Really long garments might need up to 190 cm.
6. Plan 33 cm for a pull-out shoe shelf.
7. Plan appr. 29 cm to fit a HEMMAFIXARE storage box.
8. Plan appr. 25 cm for 10 folded t-shirts.
9. Plan appr. 30 cm for 10 pairs of folded sweaters.
10. Plan appr. 60–70 cm for hanging trousers.

## How to assemble the add-on end unit to your PAX wardrobe

Add this end-unit to your PAX wardrobe to maximise your clothing storage.

201 cm

When combining the 201 cm add-on end unit with the wardrobe with hinged doors, use only 3 attachment points instead of 4 to avoid collision with the bottom hinge. Follow instructions on the website.

236 cm

When combining the 236 cm add-on end unit with the PAX wardrobe, use 4 attachment points. Follow assembly instructions.

# How to build

Here you can see how the add-on unit for corner frame can be used with other frames. The examples shown here are combinations that work together with hinged doors. For open storage

solutions, there are even more possibilities – please see more at [www.ikea.com](http://www.ikea.com) or ask a co-worker at your nearest IKEA store.

# How to choose integrated lighting

Start by choosing your plug-in or battery-operated light.

ÖVERSIDAN is a plug-in LED light strip with sensor; a perfect fit for PAX both in size and colour.

TVÄRDRAG/YTBERG are cabinet lights designed for placement on top of the wardrobe. This type of light helps you highlight items on top of the shelves or in open corner furniture.

Plug-in systems must be completed with a driver, sold separately, and can also be connected to IKEA Smart lighting by choosing DIRIGERA hub

KÖLVATTEN is a battery-operated LED light strip, which is easy to install, since no cables are needed. KÖLVATTEN LED light is sensor activated, just like the ÖVERSIDAN.

## Plug-in

ÖVERSIDAN, TVÄRDRAG, or YTBERG.

## Battery-operated

KÖLVATTEN LED lighting with sensor.

# How to choose a driver

Our plug-in lights needs to be combined with a driver. There are two different versions of drivers; for an on/off solution you can use ANSLUTA, and for more functions use TRÅDFRI driver.

For TRÅDFRI there are 2 versions, 10W and 30W; with the 10W driver you can connect 3 units, if maximum wattage does not exceed 10W, and the 30W LED driver can support up to 9 units, max. wattage 30W. A flashing light indicates if the maximum wattage of the LED driver is exceeded.

## On/off function

ANSLUTA driver

## With smart control for dimming function

TRÅDFRI driver

You can connect 10 drivers with one installation cord. To complete your solution, you need FÖRNIMMA power supply cord and connection cord. You also need a wireless dimmer or remote control (all this are sold separately).

If you want to use more than one LED driver, make sure to synchronize each LED driver with your wireless dimmer or remote control so that the entire combination can be controlled at the same time.

Make your lighting smart by adding DIRIGERA hub and the IKEA Home smart app for control through Amazon Alexa, Apple HomeKit or Hey Google for more features and functions.
