Helping pets and their people

As much as we love furniture, it's family that makes a home and that includes our furry, four-legged friends.

At IKEA, we don't just believe in creating a better everyday life for the many people, but for pets too. We've recently launched our first ever pets collection, UTSÅDD, priced between £1 and £80, featuring a range of products that are positively paw-some for eating, sleeping, playing, and hiding – the four things pets love most. Created by pet-loving designers, with support from pet product experts, vets, and a panel of dogs and cats, here in the UK we decided to take this one step further.

Pets hold such an important place in many homes, so we've teamed up with **Woodgreen Pets Charity** to showcase their su-paw-stars putting the UTSÅDD range to the test. In doing so, we hope to also help more pets find new homes and raise awareness of the charity's work in helping pets and their people.

For more details on the pets at Woodgreen that are looking for new homes and to consider whether adoption is for you, as well as information on the UTSÅDD range, visit [IKEA.co.uk/woodgreen](https://www.ikea.co.uk/woodgreen) or scan the QR code.

**You can find him rolling around
looking for belly rubs or hiding out
in his UTSÅDD cat house.**

Nala, 7 years old

Nala is a beautiful Bengal cat who is being lovingly cared for by the team at Woodgreen.

Her favourite hobby is climbing trees (and sometimes people!) and having a good scratch.

Ponyo, 4 years old

Ponyo is a beautiful cat who is currently at Woodgreen.

She is a sweet, gentle girl who has been spending time curled up in her soft UTSÅDD pet bed after a recent surgery. She'll be back on her paws soon!

Flora, 1 year old

Chin rubs are Flora's absolute favourite!

She's a gorgeous one-year old who arrived at Woodgreen as a stray. She loves hiding away in the rattan cat house.

Luna, 1 year old

Beautiful Luna is an adventurous cat who is a keen climber.

Bella and Thorin, 6 years old

Bella and Thorin are a pair of friendly twins who arrived at Woodgreen in search of a new home.

Playful Bella has been using the cat team as a climbing frame, while Thorin is more interested in affection and loves to be fussed over.

Saphira, 6 months old

Saphira is gorgeous and curious six-month-old.

A tortoiseshell kitten is sitting inside a white, fabric play tunnel. The kitten has a black and orange mottled pattern and is looking directly at the camera with wide, green eyes. Its right front paw is extended towards the viewer. To the left of the tunnel, an orange, fuzzy pom-pom toy is hanging from a thin orange cord. The background is a solid light blue color.

She's a playful girl who rarely ever sits still – you can normally find her roaming around the UTSÅDD play tunnel.
