

Buying guide

BOAXEL

Storage solution

Care and Cleaning

Wipe clean with a cloth dampened in a mild cleaner. Then dry with a clean, dry cloth.

Safety

Different wall materials require different types of fixing devices. Use fixing devices (sold separately) suitable for the walls in your home. If you have any doubts regarding what kind of walls you have in your home, how much load they can carry or how to securely fix BOAXEL onto your walls you must contact a specialised local dealer for advice.

Good to know

Only recommended for indoor use, closed balconies and laundry.

Wherever you need to store things, BOAXEL has a solution that makes every square centimetre count. A smart design with clean lines means you can optimise storage without compromising on style.

BOAXEL is easy to customise to different rooms and situations. From sorting clothes in the bedroom and the laundry room to organising coats in the hallway.

BOAXEL can easily adapt and change, just like your life does. Need more storage in the wardrobe for a new family member? Add mesh baskets. Want to rearrange your laundry room? Shelves move easily. With BOAXEL there's a solution for every storage need.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

How to build

Choose your solution

We have a wide range of BOAXEL combinations to choose from which you can find in the store or on our website at www.IKEA.com. If you don't find a pre-designed solution that you like, you can create the perfect combination that suits your needs and taste on your own. Begin by looking through the ready-made combinations on the web and choose one that inspires you. You can then use our planning tool to design your own unique combination. There are 4 steps to follow:

1. Before you start to plan your new storage solution, find out what space you have to work with. Sketch out your working space, taking measurements from the floor to the ceiling and between the walls. Make a note of any features such as windows or doors that might affect the size of your storage solution, take detailed measurements and make room for opening and closing doors.
2. Choose the amount of mounting rails and wall uprights that you need based on your planned combination.
3. Choose interiors. Think through your day-to-day needs and what you need to store. Once you have decided on the interiors.

4. Choose the amount of brackets needed in order to install your chosen interiors. Complete your storage solution with your choice of boxes and inserts from our extensive range of interior accessories.

Tip!

If you choose a solution with 1 section, you need 2 brackets per interior part. In a solution with 2 sections, you only need 3 brackets, 1 at each end and 1 in the middle. And in a solution with 3 sections you need 4 brackets.

For example: in the image above you can see that for 1 shelf you need 2 brackets, for 2 shelves you need 3 brackets and for 3 shelves you need 4 brackets.

How to build

How to calculate the width of a tailor-made solution?

When calculating the width of your BOAXEL solution you need to take the mounting rail measurements in to consideration. The mounting rail comes in the sizes of 62,4 cm, 82,4 cm and 182,4 cm, ex $82,4 + 82,4 + 82,4 = 247,2$ cm. The mounting rail could be cut to exact widths if needed.

If you choose not to use the mounting rail you need to add the width of the shelves or the other interiors and then add 1 cm on each end of the solution. This is to cater for the outside ends of the wall uprights, ex $1 + 80 + 80 + 80 + 1 = 242$ cm.

Width of interiors:

All interiors come in two widths, 60 cm and 80 cm. (See the interiors chapter for the full list of functions).

The adjustable clothes rail and shelf can be adjusted between 20-30 cm.

Tip!

When using a mounting rail, place an interior, such as a shelf, at the top and bottom of the wall uprights before attaching it to the wall. This will help you find the right distance between the uprights. Use a spirit level for the final check that everything is straight before attaching them to the wall.

Tip!

If you plan to have a mesh basket at the bottom of your solution, we recommend that you place the wall uprights 15 cm from the floor. This is to secure the mesh basket can be pulled out without touching the floor. It also helps you to utilise the full height of the wall in the best possible way.

IMPORTANT!

When installing a wall mounted BOAXEL solution, follow the assembly instructions that come with the wall uprights to ensure you get the correct distance between drilling holes.

Example 1: 82,4 cm

Example 2: $82,4 \text{ cm} + 82,4 \text{ cm} + 82,4 \text{ cm} = 247,2 \text{ cm}$

Services

We offer a range of services to help you with everything from putting it together to getting it home. Of course, the more you do yourself, the lower the price will be. And the more we do for you, the more you can sit back and relax!

Delivery service

Add our delivery service to your total cost regardless of whether you're shopping online or in your local store. We can deliver the same day/next day within the store delivery area. And, we don't just stop at your front door, we deliver all the way to your room of choice.

Assembly service

We assemble your IKEA furniture in your home following the assembly instructions. The assembly service includes a free 1-year guarantee on workmanship, and disposal of all packaging in an environmentally friendly way.

It's ok to change your mind

You have 365 days to return your purchase. Keep your receipt safe to make returns easier. You're free to change your mind. Return unused items in their original packaging within 365 days together with proof of purchase for a full refund.
