

EKET

Storage series

Care

Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

Safety

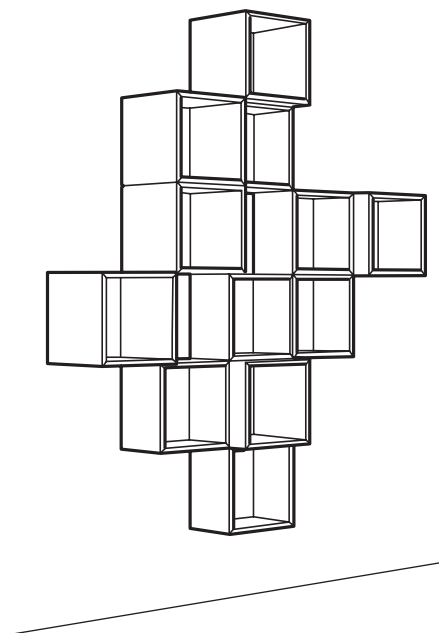

To prevent this furniture from tipping over, it must be permanently fixed to the wall using the wall attachment fittings included in the packaging.

If the product is to be hung on the wall, it must be done with the designated suspension rail (sold separately).

Assess the wall to ensure that it will withstand the weight. As wall materials vary, screws for wall fixation are not included. For advice on suitable screw systems for your wall, contact your local specialised dealer. Wall fixing/hanging must be carried out by a qualified person, since wrong fixation may cause injury or damage.

To be completed with EKET feet/underframes/legs (sold separately at IKEA) if the product is to be placed on the floor.

EKET connection fittings (sold separately at IKEA) for stacking the modules on each other are only to be used when building a floor-standing combination.

Storage entirely on your terms

Large or small. Out in the open or hidden. Colourful or toned down. You can combine EKET cabinets as you like and need. No matter what you're storing or how much space you have at home, you can always find a solution that suits you. And if your needs or tastes change? No problem – you can easily change EKET too.

Combinations

You can combine different colours and sizes, change the placement of the cabinets as you like and create a solution with its own complete look. Here are only some suggestions.

Wall-mounted combinations

EKET suspension rails for wall mounting are included in combinations.

EKET wall-mounted shelving unit.
