Safety

Must be secured to the wall for a safe installation. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

If you are uncertain about the installation, contact a professional. The installation shall be made in accordance with valid local building and plumbing regulations.

Secure that the walls in your bathroom can support the weight of the wash-stand, and if not, then use legs.

Care and cleaning

Wipe furniture clean with a cloth dampened in water or a non abrasive detergent, then wipe dry with a clean cloth.

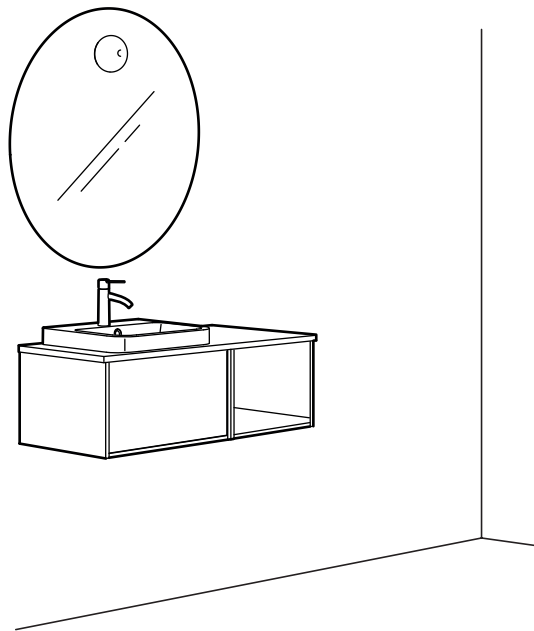

The wash-basin and mixer tap should be wiped clean with a cloth dampened in water or a non abrasive detergent.

Wash-basins in ceramic are resistant to most chemicals, except for strong acids and strong alkalis.

Wash-basins made of crushed marble should not come in contact with ammonia, acids, strong detergents, hair dye or chlorine.

10

ÄNGSJÖN bathroom series has a 10-year guarantee. Read more in the guarantee brochure.

Perfection, no matter the size of your bathroom

With ÄNGSJÖN family you can go for sleek expression with a high gloss finish or choose a warm wood look to create a relaxed, at-home wellness retreat. The contemporary design is emphasised with integrated handles, minimising any unnecessary details and underlining the refined look.

The family includes single and double, soft-closing drawer units and the possibility to be complete with HAGAÅN open cabinet, giving you the opportunity to show or hide your things. This, and your choice of countertop, wash-basin, mixer tap and legs will form your own unique expression.

The included suspension rail makes it easier to mount the cabinet on the wall and the unique wedge dowels make assembly easy and the fittings nearly invisible.

ÄNGSJÖN furniture will withstand years of splashes and humidity and we guarantee it.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

How to plan

What do you want to store?

Start by thinking what storage needs do you have in your bathroom. Think of the activities that happen in your bathroom like laundry, shower, clean and care. How many people use the bathroom and when is the rush hour usually? Based on the activities and amount of people you can plan how many storage units that will best suit your needs.

Think about the wall space you have available for a wash-stand and wash-basin, since this is the centre of most bathroom activities. The ÄNGSJÖN series comprises wash-stands of different sizes, wall cabinet and high cabinet.

The drawers in ÄNGSJÖN wash-stand are smooth running and pull out fully so you can easily see and reach what's inside. Pull-out stops prevent the drawers from being pulled out too far and falling, which is especially practical if you have children. All doors and drawers are equipped with soft closing function which makes the mornings and evenings quiet. Fixed dividers that is perfect fit together with our organisers VISSLÅN and BOLLÖSUND.

Choose the expression

After you have decided on the size of the wash-stand, you can choose between different colours and find the one that suits your style. The wash-stands need to be mounted to the wall, and you choose to have it with or without supporting legs. Then you need to choose a wash-basin, where you can choose a single, double, semi-recessed or countertop wash-basin, depending on your needs and space. The wash-basins are made of ceramic or crushed marble. Ceramic wash-basins have a glazed finish and are easy to clean. They have excellent scratch resistance and are very durable. Crushed marble is comprised mainly of crushed minerals with binding agents. Crushed marble wash-basins are smooth, durable and easy to clean.

All integrated and semi-recessed wash-basins are sold without water trap, but there are combinations, to be found in this buying guide, created to make it easier for your to buy. The water trap comes with a flexible pipe and also with the possibility to connected both washing machine and a.

A pop-up plug is always included with the integrated and semi-recessed wash-basins.

All countertop wash-basins comes with the water trap included. If you choose a semi-recessed or countertop wash-basin you need to combine the wash-stand with a countertop. IKEA countertops have been developed with special attention to quality, so they are water resistant, durable and will last a long time. They come in different sizes that match the wash-stands perfectly. Choose the look that suits you and your bathroom best.

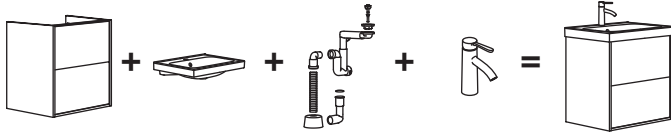

You can find a wide selection of wash-basin mixer taps at IKEA. Choose your tap based on function and design. All taps have a flow regulator that uses less water but ensures that the water flow feels the same. Most of our taps have a special function – a cold start function that helps you save energy.

The last thing to decide is what to put above and around your wash-basin: mirror, mirror cabinet, high cabinet or wall cabinet. The combination possibilities are endless. Make your choice based on your bathroom storage needs, space and style.

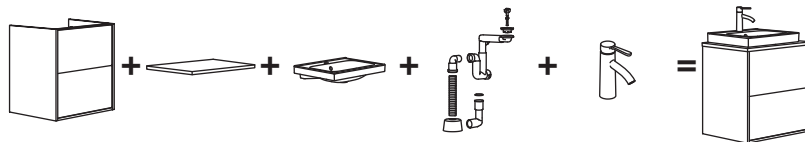

How to combine

Here is a guide to explain how you can put together your very own ÄNGSJÖN bathroom solution.

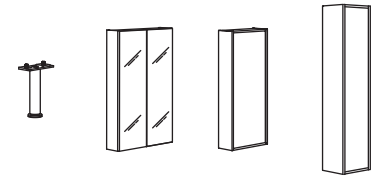

For all the parts and pieces see page 11. If you want to browse our ready-made solutions just check [IKEA.com](https://www.ikea.com).

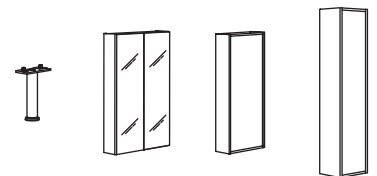

To build a wash-stand with interated wash-basin you need to have a wash-stand, wash-basin, water trap and tap.

To build a wash-stand with semi-recessed or countertop wash-basin* you need to have a wash-stand, countertop, wash-basin, water trap and tap

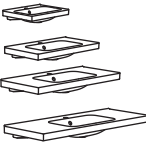

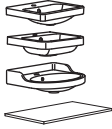

If you like the look of legs or are unsure how much weight your wall can hold, add legs at the front of each cabinet. Complete your bathroom solution with a mirror, mirror cabinet, wall cabinet or high cabinet – all according to your need.

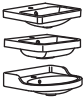

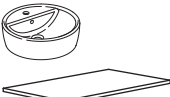

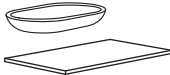

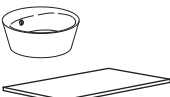

If you like the look of legs or are unsure how much weight your wall can hold, add legs at the front of each cabinet. Complete your bathroom solution with a mirror, mirror cabinet, wall cabinet or high cabinet – all according to your need.
