# Children's sleep 3+ years

## Beds, mattresses and accessories

### Time for a new bed?

Children are constantly on the move, learning new things, experimenting and playing. That's why they need a safe place where they can rest and sleep while they process all the impressions from an active day. At this age they've probably outgrown their cot, and a bed for adults seems much too big. This is when a children's bed is perfect. Just the right size to feel both snug, cosy and safe.

All the products (shown here) may not be available at the store. Please contact the staff or look at [www.IKEA.com](http://www.IKEA.com) for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

# Mattresses

Like IKEA mattresses for adults, children's mattresses are well ventilated to allow the airflow needed to prevent moisture and mould build-up. Most of our outer mattress covers are washable.

IKEA children's mattresses come in different comfort choices. A mattress needs to be firm enough for the needs of growing bodies, but soft and comfortable on top. All our mattresses are made of safe, durable materials. Free from harmful chemicals and well-ventilated, they provide a healthy and comfortable sleeping environment for your child.

## How to choose a mattress

To find the right mattress for your child, here are some things to consider:

### 1. **Foam or sprung?**

We offer a variety of different mattresses. Deciding if you want a foam or a sprung mattress for your child will help you to narrow down your choice considerably.

### 2. **Your budget**

We have mattresses to fit every budget – from basic mattresses to mattresses made with high quality materials. But you can be sure that every one of them is designed with your child's safety and healthy sleep as first priority. We never compromise on children's safety.

### 3. **Identify individual needs**

**Size:** Are you buying a mattress for an extendable bed or a junior bed? As the extendable bed "grows" with the child in three steps, the mattress comes in three pieces: Just add a part when you extend the bed.

**Time:** How many years do you think your child will use the mattress? If you want to use the same mattress from the early years well into childhood, a thicker and more durable mattress will provide better support as your child grows.

### 4. **Choose your mattress**

On the following pages you will find all of our children's mattresses on offer, along with detailed facts for each.

**Air circulation:** All children's mattresses promote good air flow, thanks to carefully considered choices in materials and construction.

# Care and cleaning

**Cover**

All our mattresses have covers that are easy to keep clean and fresh for a long time with easy maintenance.

**Mattress**

Air the mattress regularly to keep it fresh.

# Extendable beds

Suitable for children age 3+

A bed that grows. The length is adjustable as the child grows taller. At IKEA, we say these beds “grow with the child”, i.e., the width remains the same, but the length can be adjusted. For a

young child, a small, cosy bed is comforting after graduating from the cot. And since an extendable bed is like having three sizes in one, it is a good environmental choice as well.

**SLÄKT extendable bed**, 80x200 cm. The bed can be extended from 80x135 cm to 80x170 cm and 80x200 cm, so it can be pulled out as your child grows. LURÖY slatted bed base is included in the price, but is packaged separately.

# Mattresses for extendable beds

Suitable for children age 3+

One mattress – three parts. These reversible mattresses grow with your child, just like an extendable bed. Each mattress consists of three parts, one long and two short. The short pieces

are easily added to the foot of the bed as your child grows.

### Care instructions

**PLUTTEN foam mattress for extendable bed.** Simple and safe. This reversible mattress is made of 7 cm thick foam and has the same soft, smooth surface on both sides. The cover can be easily wiped off.

80×200 cm

003.504.04

### Care instructions

Cover:

**NATTSMYG foam mattress for extendable bed.** Flexible and practical. NATTSMYG is a 10 cm thick mattress filled with pressure relieving, elastic, high resilience foam that follows your child's body and provides comfortable support. The long part is easy to carry and put a sheet on as there is a handle on one of the long sides. On the extension parts there are practical touch-and-close fastenings that hold them in place when making the bed. As a bonus, the cover of all three parts of the mattress can be machine washed at 60 °C.

80×200 cm

### Care instructions

Cover:

**VIMSIG foam mattress for extendable bed.** Soft and well-ventilated with good support. This 10 cm thick mattress has two different surfaces – one egg-shaped side with medium-firm comfort and one smooth side which is firmer. The texture of the foam makes the mattress comfortable and well-ventilated, which provides good support and a pleasant sleeping environment for your child. The cover can be removed and machine washed at 40°C.

80×200 cm

003.485.76

### Care instructions

Cover:

**INNERLIG sprung mattress for extendable bed.** Flexible springs and soft foam. The longer part of this three-piece, 12 cm thick mattress consists of flexible springs enclosed with soft foam. The construction means that the mattress keeps its shape longer, allows air to circulate and provides comfortable support for your child. The two short parts consist of pressure relieving foam. The cover can be removed and machine washed at 60°C.

80×200 cm

Storage Bag:

**ÖMSINT pocket sprung mattress for extendable bed.** Follows the body perfectly. This 12 cm thick mattress has individually wrapped pocket springs enclosed in a generous layer of soft foam. Since the springs work independently, they closely follow your child's body and provide support in the right places. You can see and feel the care in every detail, from the well-ventilated construction to the durable fabric and detailed stitching. It also has a storage bag for the extension parts. The mattress cover can be machine washed at 60 °C.

# Junior beds

Suitable for children age 3+

Junior beds have rounded edges and narrow gaps between bars so children can't get caught. Like all Children's IKEA beds,

the bed base is ventilated and there are no small parts that can come loose.

**SNIGLAR bed frame with guard rail** 70×160 cm. Solid wood, a hard-wearing natural material. The guardrail prevents your child from falling out of the bed. LURÖY slatted bed base is included in the price, but is packaged separately.

Beech 191.854.33

**KRITTER bed frame with guard rail** 70×160 cm. Solid wood, a hard-wearing natural material. The guardrail prevents your child from falling out of the bed. LURÖY slatted bed base is included in the price, but is packaged separately.

# KURA reversible bed

Suitable for children age 3+ years with mattress at the bottom

Suitable for children age 6+ with the mattress on the top, loft bed style

Let the older children sleep upside down! The low KURA bed is ideal for young children, but it also “grows” with them. Turn it upside down and you have a high bed with space for a cosy den with pillows below.

This bed is space-saving and also grows with the child: As the child gets older and has more possessions and activities, the space underneath makes room for them.

**KURA reversible bed** 90×200 cm. Turned upside down the bed quickly converts from a low to a high bed. Slatted bed base is included.

White/pine 802.538.09

**KURA bed curtain, market stall pattern.** The curtain can be used regardless of how you turn the bed and where you position the ladder. Each market stall has an opening, so the children can play both on the inside and outside and take turns being a salesperson or customer. Note! Only works with KURA reversible bed.

Market stall pattern 205.061.45

**KURA bed tent, space.** Under KURA bed tent, tired astronauts can curl up with aliens, observe an infinite universe and dream of alien planets while recharging for the next, intergalactic mission. Attaching the bed tent to the bed is quick and easy, without screws and drilling.

Space/blue 005.540.57

**KURA bed tent, ocean animals.** With this tent over KURA reversible bed, your child can dream away to the enchanting and mysterious world that exists in the great, deep oceans. Attaching the bed tent to the bed is quick and easy, without screws and drilling.

Ocean animals 405.284.48

**STICKAT bed pocket** 39×30 cm. Clever storage solution that you can hang on our children's beds.

Black 803.783.38  
Pink 902.962.95

**MÖJLIGHET bed pocket** 75×27 cm. With this practical bed pocket by the side of the bed, you always have your book, tablet and headphones within easy reach – even if you sleep on the top part of the bunk bed.

# Storage beds and pull-out beds

Suitable for children age 3+

Suitable for children from 3 years. The SLÄKT bed frame has space underneath for storage or an underbed with storage. Pull-out beds, also called underbeds, roll on castors and are

perfect for making the most of a small space. They slide easily under other beds. There's also no need to worry about sharp edges since the corners are rounded.

**SLÄKT bed frame** 90×200 cm. This bed frame can be combined with SLÄKT underbed with storage or with the SLÄKT storage box with castors. LURÖY slatted bed base is included in the price, but is packaged separately.

White	792.277.55
Birch	893.266.32

**SLÄKT bed frame with underbed and storage**, 90×200 cm. The underbed creates an extra sleeping-place under SLÄKT bed frame. The underbed is perfect to roll out when a friend sleeps over and there's room for both bedlinens and toys in the drawers. Max. mattress height in the underbed is 10 cm. LURÖY slatted bed bases are included in the price, but they are packaged separately.

White	892.277.31
-------	------------

**SLÄKT bed frame with 3 storage boxes**, 90×200 cm. Bed with a clean design and 3 spacious storage boxes on castors that you can move as needed and also use as tables. All with a timeless look that can follow your child from toddler years to adulthood.

White	893.860.70
-------	------------

**SLÄKT bed frame with storage and slatted bed base**, 90×200 cm. A teenager's dream. A nice bed with lots of storage which swallows up everything from t-shirts to hobby things, and not least, dirty laundry. Everything in a small space and at a comfortable distance.

White	292.919.56
-------	------------

## Complementary products

White	804.649.01
-------	------------

# Bunk beds and loft beds

Suitable for children from 6 years of age

Bunk beds have sleeping for two – an upper bunk and a lower bunk. Loft beds provide sleeping for one, with space underneath for storage, play or study. Both are single beds. Only children over age 6 should sleep in the top bunk. The top bed has a solid guardrail at a good height for the safety of the top sleeper. Minimal gaps in the rail ensure that the child can-

not fall out. But the guardrail loses its function if the mattress is too high up in the bed to make the guardrail protective. So use a mattress that is the right thickness for a loft bed or top bunk.

## Loft beds

**SVÄRTA desk top.** A space solution for working or studying, to be fitted onto the sides under SVÄRTA and TUFFING loft bed.

Silver colour 202.498.96

**SVÄRTA loft bed** 90×200 cm. You can use the space under the bed for working or studying by completing with SVÄRTA desk top, or create a cosy spot for seating. The ladder mounts on the right or the left side of the bed. Bed base included. Minimum ceiling height required - 240cm. Maximum mattress thickness - 21cm.

Silver colour 202.479.82

**SVÄRTA loft bed frame+desk top** 90×200 cm. Minimum ceiling height required - 240cm. Maximum mattress thickness - 21cm.

Silver colour 591.512.71

**VITVAL loft bed frame** 90×200 cm. It is the details that make this loft bed unique. Soft shapes, sturdy ladder and fabric guardrails with yellow accents. You can also pimp it with bedlinens and accessories from the MÖJLIGHET series. Minimum ceiling height required - 240cm. Maximum mattress thickness - 13cm.

White/light grey 104.112.42

**VITVAL desk top** 95×45 cm. With this desk, you can easily create a writing space under VITVAL loft bed. The support leg makes it sturdy and you can pimp the pegboard with accessories from the SKÅDIS series. The holes fit perfectly.

White 404.114.10

**VITVAL loft bed frame + desk top** 90×200 cm. It is the details that make this loft bed unique. Soft shapes, fabric guardrails and a desk with a practical pegboard. You can also pimp it with accessories from the MÖJLIGHET and SKÅDIS series. Minimum ceiling height required - 240cm. Maximum mattress thickness - 13cm.

White/grey 693.025.66

**TUFFING loft bed frame** 90×200 cm. Children need space in their room to play and do homework – and sleep, of course. You can use the space under the bed for storage, a work-space or seating. A good solution where space is limited. It's easier to get in and out of the bed with a centered ladder.

Dark grey 902.994.49

## Bunk beds

**SVÄRTA bunk bed frame** 90×200 cm. A good solution where space is limited. The ladder mounts on the right or the left side of the bed. Bed base included.

Minimum ceiling height - 240cm.  
Maximum mattress thickness - 22cm.
